Subject:

Request for approval and authorization to issue a purchase order to KCH Engineered Systems in the amount of \$45,550.00 to 'Provide and Deliver two (2) Exhaust Blowers of 28,000 CFM at 1" with a 20 HP Motor (WB No. 009-17)

Item Description:

The main generator exhaust blowers at the Central Water Plant are in need of replacement. Original generator blowers are rusted and falling apart. Over the past 20+ years of service they have been patched and repaired several times and have reached the end of their useful life. Units are needed to assist in cooling the generator and room by drawing fresh air into the generator room while engine is running. New blowers will be FRP and stainless steel construction to resists the harsh environment and eliminate corrosion issues.

The Procurement Division secured informal competitive bids in accordance with section 2-226(b) of the City's Code for the above mentioned equipment. On March 14, 2017 ten (10) competitive bids were received. Copies on the ten (10) bids are attached for your review.

The numerical results are as follows:

Vendor	Base Bid
Pat's Pumps & Blowers, LLC	\$93,000.00
Cool Breeze Air Conditioning	\$99,914.00
KCH Engineered Systems	\$45,550.00
Flanders, Inc.	\$65,550.00
Technology International, Inc	\$36,320.00 (option 1) \$31,896.00 (option 2) \$46,534.00 (option 3) \$57,118.00 (option 4)
Condo Electric Industrial Supply, Inc	\$49,020.00
Johnstone Supply/The Ware Group, LLC	\$67,390.00

Procurement Division staff performed an evaluation of the bids to determine submittal responsiveness. After careful review of all information provided by the bidders, Procurement Division staff concluded that all bids submitted were responsive.

Utilities Department staff performed an evaluation of the lowest responsive bid to determine if the bid was

responsible. After careful consideration of all information, Utilities Department staff concluded Technology International, Inc bid (Option 1) was not responsible for the following reasons.

- Exhaust Blowers had a lead time (delivery time) of 16 to 18 weeks, the bid indicated equipment to be delivered within 14 weeks.

- Exhaust Blowers base was coated steel. This bid indicated that "no carbon steel or coated steel will be accepted"

- The Company indicated that they would not visit the site to take proper measurements. Addendum No. 2 stated "Prospective Bidders must come take measurements in order to submit proper build submittal.

- Company indicated that they were not going to provide an "inlet flex connector. The Bid indicated that an "Inlet Flex Connector" must be provided with the equipment.

Based on the above reason the Procurement staff provided the Utilities Department the second lowest, responsive bid to determine if the bid was responsible. After careful consideration of all information, Utilities Department staff concluded Technology International, Inc bid (Option 2) was not responsible for the following reasons.

- Company indicated that they were not going to provide an "inlet flex connector". The Bid indicated that an "Inlet Flex Connector" must be provided with the equipment.

- The Company indicated that they would not visit the site to take proper measurements. Addendum No. 2 stated "Prospective Bidders must come take measurements in order to submit proper build submittal.

Based the above reasons the Procurement staff provided the Utilities Department the third lowest, responsive bid to determine if the bid was responsible. After careful consideration of all information, Utilities Department staff concluded KCH Engineered Systems submitted the lowest responsible bid.

Based on the foregoing bid evaluation, Utilities and Procurement staff recommends approval to award a purchase order to KCH Engineered Systems for "(2) Exhaust Blowers of 28,000 CFM at 1" W.C. with a 20 HP Motor" in an amount of \$45,550.00.

Funding:

440-0000-166-9001

Budgeted: \$70,000.00

Amount:

\$45,550.00

Finance Director/Budget Manager Recommendation:

The Utilities Operating and Maintenance Fund in FY2017 budgeted \$70,000 for the purchase of 2 generator blowers for the Central Water Treatment Plant.

City of Plantation Procurement Division WRITTEN BID LETTER (Informal Competitive Bid)

We propose to furnish all labor, materials, equipment, incidentals, and permits for City of Plantation Provide and Deliver Two (2) Exhaust Blowers capable of 28,000 CFM at 1" W.C. with a 20 HP motor, as indicated in the attached specifications for the unit prices indicated on the attached Written Bid (WB) form for which the prices have been set. The price or prices offered herein shall apply for the time stated in the <u>WB No. 009-17</u>

We further agree to strictly abide by all the terms and conditions contained in the WB. Any exceptions to the requirements of the WB, the terms and condition of the proposed agreement shall be noted in writing, with detailed explanation, and included with this Bid. The Respondent acknowledges that taking exception may subject this Written Bid to be rejected.

It is understood and agreed that this Written Bid constitutes an offer, which when accepted in writing by the City of Plantation and subject to the terms and conditions of such acceptance, will constitute a valid and binding contract between the undersigned and the City of Plantation.

It is understood and agreed that we have read and understood the scope of work presented in the technical specifications. We further agree, if awarded a contract, to deliver goods and services that meet or exceed the specifications.

The prices offered herein shall be valid for a period of sixty (60) days from Written Bid Due Date.

WRITTEN BID SIGNATURES AND CERTIFICATIONS (Bidder- Sign and return with Bid)

I certify that, if awarded a contract, the Respondent will furnish all labor, materials, equipment, incidentals, and permits for the City of Plantation Two (2) Exhaust Blowers capable of 28,000 CFM at 1" W.C. with a 20 HP motor, as indicated in the specifications and plans for the unit prices indicated on the attached WB, the Written Bid and the terms of the final contract between the Respondent and City of Plantation.

- 1. I certify on behalf of the Respondent that this Written Bid is made without prior understanding, agreement, or connection with any corporation, firm, or person submitting a bid for the same materials, supplies, or equipment, or services and is in all respects fair and without collusion or fraud. I understand that collusive quoting is a violation of state and federal law and can result in fines, prison sentences, and civil damage awards. I agree to abide by all conditions of the Written Bid and certify that I am authorized to sign this Written Bid for the Respondent.
- 2. I certify that this Written Bid is made without prior understanding, agreement, or connection with any corporation, firm, or person submitting a Bid for the same materials, supplies, services, or equipment and is in all respects fair and without collusion or fraud. I understand collusive quoting is a violation of state and federal law and can result in fines, prison sentences, and civil damage awards. I agree to abide by all conditions of this WB and certify that I am authorized to sign this Written Bid for the Respondent.

GENERAL SPECIFICATIONS

Two (2) Exhaust Blowers capable of 28,000 CFM at 1" W.C. with a 20 HP motor.

City of Plantation Utilities Department

SCOPE:

The City of Plantation, Florida (The City) is seeking bids from qualified bidders, hereinafter referred to as the Contractor, to Provide and Deliver Two (2) Exhaust Blowers capable of 28,000 CFM at 1" W.C. with a 20 HP motor to the City's Utilities Department, in accordance with the terms, conditions, and specifications contained in this Written Bid (WB).

Term:

It is the City's intention to purchase Two (2) Exhaust Blowers capable of 28,000 CFM at 1" W.C. with a 20 HP motor during fiscal year 2017. Contingent upon Budget approval. Pricing shall be inclusive and include all components as listed, delivery, shipping charges and/or any charges, fees, etc. (if any) must be include in the quoted price. No additional fees, charges, special delivery charges etc. above the quoted price will be paid for any order. Delivery of Blowers shall be made to FOB Destination shall be made within 14 weeks of purchase order being submitted to the winning bidder.

City of Plantations' fiscal year starts October 1st and ends September 30th.

Corrections:

No erasures are permitted. If a correction is necessary, draw a single line through the entered figure and enter the corrected figure above it. Corrections must be initialed by the person signing the Bid.

Clarifications:

Any inquiries or suggestions concerning interpretation, clarification, or additional information pertaining to the Bid shall be made through Charles Spencer Jr. in writing or through email.

Indemnity Clause:

Contractor shall indemnify and hold harmless City, and its elected and appointed officers, the officers, directors, employees, agents and other consultants of each of them, from and against any and all liabilities, damages, losses and costs, including, but not limited to, reasonable attorney's fees, to the extent caused by the negligence, recklessness, or intentional wrongful misconduct of the Contractor and other persons employed or utilized by the Contractor in the performance of this Agreement. Contractor agrees to indemnity, defend, save and hold harmless the City, its officers, agents and employees, from all damages, liabilities, losses, claims, fines and fees, and from any and all suits and actions of every name and description that may be brought against City, its officers, agents and employees, on account of any claims, fees, royalties, or costs for any invention or patent or for the infringement of any and all copyrights or patent rights claimed by any person, firm, or corporation.

This indemnity includes but is not limited to claims attributable to bodily injury, sickness, disease or death, or to injury or destruction of tangible property, including the Work itself, and including the loss of use resulting therefrom.

Payment of any amount due pursuant to the foregoing indemnity shall, after receipt of written notice by Contractor from the City that such amount is due, be made by Contractor prior to the City being required to pay same, or in the alternative, the City, at the City's option, may make payment of an amount so due and Contractor shall promptly reimburse the City for same, together with interest thereon at the statutory rate from the date of receipt by Contractor of written notice from the City that such payment is due. Contractor agrees, at Contractor's expense, after written notice from the City, to defend any action against the City that falls within the scope of this indemnity, or the City, at the City's option, may elect not to tender such defense and may elect instead to secure its own attorney to defend any such action and the reasonable costs and expenses of such attorney incurred in defending such action shall be payable by Contractor. Additionally, if Contractor, after receipt of written notices from the City, fails to make any payment due hereunder to the City, Contractor shall pay any reasonable attorney's fees or costs incurred by the City in securing any such payment from Contractor.

Nothing contained herein is intended nor shall it be construed to waive the City's rights and immunities under the common law or Florida Statute §768.28 as amended from time to time. This obligation shall not be construed to negate, abridge, or otherwise reduce any other right or obligation of indemnity which would otherwise exist in the City's favor.

Deviations to Specifications and Requirements:

When bidding on an "or equal," Bids must be accompanied with all descriptive information necessary for an evaluation of the proposed material or equipment such as the detailed drawings and specifications, certified operation and test data, and experience records. Failure of any bidder to furnish the data necessary to determine whether the product is equivalent, may be cause for rejection of the specific items(s) to which it pertains. All deviations from the specifications must be noted in detail by the bidder. Any deviation from the specifications as written and accepted by the City may be grounds for rejection of the material and/or equipment when delivered. Equivalent will be accepted with full specifications provided & site visit to confirm size and orientation.

Quality Guaranty:

All materials used for the manufacture or construction of any supplies, materials or equipment covered by this bid shall be new; the latest model, of the best quality, and highest grade workmanship. The machine(s) shall have all equipment which is normally standard, plus any additional equipment as specified herein. The equipment delivered under this bid shall remain the property of the seller, until a physical inspection and actual operation of the equipment show it to be in compliance with the specifications. If any product delivered does not meet applicable specifications or if the product will not produce the effect that the bidder represents to the City, the bidder shall pick up the product from the City at no expense. Also, the bidder shall refund the City any money which has been paid for same. The bidder will be responsible for attorney fees in the event the bidder defaults and court action is required. Bids will be considered only on equipment which can, on short notice, be serviced and maintained by the bidder. The bidder must maintain a normal supply of repair parts and be equipped with personnel and facilities to provide such service as necessary to keep the equipment in operation with minimal delay.

Quality Terms:

The City reserves the right to reject any or all material if, in its judgment, the item reflects unsatisfactory workmanship, manufacturing, or shipping damages.

Tax-Exempt:

The City is exempt from sales tax and Federal Excise Taxes.

Exceptions:

The intent of this specification is not to eliminate any prospective bidder from competing in the bidding process, provided the specification is met or exceeded. Exceptions to the specifications outlined shall be allowed assuming the following criterion:

The noted exceptions taken meet or exceed the function, quality, and protective requirements designated by the specification. In addition, each exception shall be identified by section number and thoroughly described in a word document or PDF file and included in the bid package at time of submittal. Equivalent will be accepted with full specifications provided & site visit to confirm size and orientation.

OSHA:

The bidder warrants that the product supplied to the City of Plantation shall conform in all respects to the standards set forth in the Occupational Safety and Health Act of 1970, as amended, and the failure to comply with this condition will be considered as a breach of contract. Any fines levied because of inadequacies to comply with these requirements shall be borne solely by the bidder responsible for same.

WARRANTY:

The successful Contractor shall warrant that all equipment furnished hereunder is of first class material and workmanship, complies in all aspects with the design and specification of these documents, and contains no defect of material or workmanship. In the event of failure of any part or parts of the equipment during the first two (2) years after the City acceptance, not to exceed three (3) years from Contractor's shipment/invoice date, provided that the equipment has been operated in accordance with its intended use, the affected part or parts shall be replaced promptly up notice by the owner at the sole expense of the Contractor. Warranty information for all equipment furnished shall be described in detail and attached to the submitted Bid form and on the proposed Agreement.

EQUAL PRODUCT:

Manufacturer's brand name and model number are used in these specifications for the purpose of establishing minimum requirement level of quality and standards of performance and design required. This is in no way intended to prohibit the bidding of other manufacturer's items of equal material and function, unless otherwise indicated. Equal (substitution) may be bid, providing the product bid is found to be equal in quality, standards of performance, design, etc. to item specified, unless otherwise indicated. Where equal is proposed, bid must be accompanied by complete factory information sheets (specifications, brochures, etc.) documenting the equipment bid as equal. The City, after evaluation of the documentation submitted, will determine if products is approved as equal to the specified request.

PRODUCTS:

A. All equipment including the exhaust blowers, motor, shaft, and wheel base shall be new from the factory or fabricator. Reused or refurbished parts or equipment shall not be accepted.

Two (2) Exhaust Blowers capable of 28,000 CFM at 1" W.C. with a 20 HP motor.

A. General

1. The Blower construction shall be fiberglass reinforced plastic (FRP) or similar corrosion-resistant, UV resistance thermoplastic material. All metal parts shall be 316 stainless steel. (no carbon steel or coated carbon steel will be accepted) Blower shall be designed for continuous service

INSTALLATION:

A. The City will furnish all labor, tools, equipment and machinery to receive and install the Exhaust Blowers completely to proper operating condition.

Cooperation with the Broward County Office of Inspector General

The Broward County Office of Inspector General ("OIG") has the authority to review and investigate how governmental contracts are performed and how contractors and vendors (herein, "CONTRACTORS") are paid. To this end, CONTRACTOR agrees to cooperate with the OIG in the event the Contractor is contacted by the OIG. Such cooperation shall include, answering any questions that may be posed by the OIG, and allowing the OIG to review and copy any of CONTRACTOR's written material, contract documentation, and financial records that may relate to the formulation, execution, and performance of this Contract. The CONTRACTOR in interfacing with the OIG is part of the administrative or overhead or base costs of the services provided by the CONTRACTOR to the CITY, and shall never be a basis for claiming extra or additional compensation under this Contract, or for requesting a change order.

The CONTRACTOR's failure to cooperate fully with the OIG as required by the preceding clause shall be a basis for the City claiming the CONTRACTOR is in default, and may, if not timely cured, allow the City to terminate this Contract for cause. Unless the CONTRACTOR is instructed otherwise in a specific written and notarized Order signed by the Broward County Inspector General, CONTRACTOR shall advise CITY, in writing and in the same manner as Contractor gives the City formal notice under this Contract, each instance, if ever, that the CONTRACTOR is contacted by the OIG, and shall supply the City with information necessary to allow the City to ensure that the Contractor is fully performing the requirements of this Paragraph.

COMPLIANCE UNDER SECTION 119.0701

FLORIDA STATUTES, ON PUBLIC RECORDS

TO BE RETURNED WITH BID

The Contractor hereby certifies that it shall comply with public records laws, specifically to:

- (a) Keep and maintain public records that ordinarily and necessarily would be required by the public agency in order to perform the service.
- (b) Provide the public with access to public records on the same terms and conditions that the public agency would provide the records and at a cost that does not exceed the cost provided in this chapter or as otherwise provided by law.
- (c) Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law.
- (d) Meet all requirements for retaining public records and transfer, at no cost, to the public agency all public records in possession of the contractor upon termination of the contract and destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. All records stored electronically must be provided to the public agency in a format that is compatible with the information technology systems of the public agency.

As the person authorized to sign this statement, I certify that this Contractor agrees to comply with the above requirements.

Revised 9/2014

Local Business Certification Form

The undersigned affirms as true, under penalties of perjury, as follows:

The undersigned, a principal or corporate officer of the business listed below, has read and is familiar with the provisions of City of Plantation Ordinance Number 2437, § 1 which codified Section 2-227 of the City Code.

Pursuant to Section 255.0991, for a competitive solicitation for construction services in which 50 percent or more of the cost will be paid from state-appropriated funds which have been appropriated at the time of this competitive solicitation, Section 2-227 of the City Code **shall not** apply.

The undersigned, as such principal or corporate officer, further certifies to the best of his/her information and belief that such business is a Local Business as defined by the Code.

The undersigned claims qualification in the event that the Local Business Preference applies to this procurement and the business is determined to be a Qualified Local Business as defined by the Code.

Dated:	
Signed:	
Printed Name of Signor:	
Title of Signor:	
Name of Firm:	

Sec. 2-227. - Local business preference.

(a)

Definitions. For purposes of this section, the following terms shall have the respective meanings as set forth in this subsection:

Business location means a permanent office or other use of property in which a vendor operates, conducts, engages in or carries on all or a portion of its business, provided that the mere use of a post office box shall not be sufficient to constitute a business location under this provision.

Local business means a vendor or contractor who has paid its local business tax to the City of Plantation at least six (6) months prior to bid or proposal opening date; does business in the city community by providing goods, services, or construction; and maintains a physical business address located within the jurisdictional limits of the city in an area zoned for the conduct of such business from which the vendor or contractor operates or performs business on a day-to-day basis. Post office boxes shall not be used for the purpose of establishing said physical address.

Qualified local business means a local business that satisfies the requirements under the bid or proposal guidelines to perform the services or goods requested.

Vendor means a sole proprietorship, partnership, corporation, limited partnership or limited liability corporation or other recognized business entity that offers to contract with the city for either goods or services.

(b)

Procedure; notice of option to match lowest response. The city shall give a preference to a qualified local business that responds to competitive procurement in the following manner:

(1)

If a qualified local business submits a response to one (1) of the city's competitive procurement processes set forth in section 2-220(b) (requests for sealed proposals) (but only where the procurement documents in a request for sealed proposals expressly indicates that the local business preference created by this section will be available), (d) (requests for competitive proposals), 2-220(e) (sealed bids in response to an invitation to bid), and 2-220(f) (design build projects which are procured using a competitive proposal process), or informal purchases in excess of the current amount of three thousand five hundred sixty-nine dollars (\$3,569.00), as referenced and indexed in section 2-226(b) and as may be increased or decreased by authorized adjustments, and the original response of the qualified local business is within five (5) percent of the low response, then the city shall give the qualified local business the opportunity to meet the price of the low response. The order of preference by which the qualified local business shall be given the opportunity to match the low response shall be from the low response, as long as the initial response was within five (5) percent of the low response.

(2)

The city shall give the qualified local business written notice of the opportunity to match the price of the low response within five (5) business days of determining the low response. There shall only be one (1) valid notice of an opportunity to match the price of the low response outstanding at any one (1) point in time. Notice shall be deemed received by the qualified local business by mailing or otherwise transmitting the notice to the address, email, facsimile or otherwise that was supplied by the qualified local business at the time of responding.

(3)

The qualified local business to whom a written notice has been mailed or otherwise transmitted must respond to the city in writing. If the qualified local business fails to file a response to the notice with the city within two (2) days of the posting or transmission of the notification of the

Page 2 of 3

option to match the low response, then the failure to respond shall be deemed to be a denial of the opportunity to match the low response. Should the qualified local business choose to meet the price of the low response, then the city shall award the contract to the qualified local business. If no qualified local business accepts the option to match the low response, then the contract shall be offered to the lowest responder.

(c)

Disclosure. The requirements of the city's local policy shall be disclosed in all the city's competitive procurement processes to which this preference applies or informal purchases in excess of the current amount of three thousand five hundred sixty-nine dollars (\$3,569.00), as referenced and indexed in <u>section 2-226</u>(b) and as may be increased or decreased by authorized adjustments.

(d)

Exceptions. The procurement preference set forth in this section shall not apply to any of the following purchases or contracts:

(1)

Goods or services provided under a cooperative purchasing agreement or interlocal agreement;

(2)

Purchases or contracts which are funded, in whole or in part, by a governmental entity where the laws, regulations, or policies governing such funding prohibit or prevent the application of the preference;

(3)

Purchases made or contracts let under emergency or noncompetitive situations;

(4)

Purchases with an estimated cost of less than the amount stipulated for informal bids, as referenced and indexed in <u>section 2-226(b)</u> (which is currently three thousand five hundred sixty-nine dollars (\$3,569.00)) and as may be increased or decreased by authorized adjustments;

(5)

Purchases or contracts procured utilizing procurement processes set forth in section 2-220(b) (requests for sealed proposals) (except where the procurement documents in a request for sealed proposals expressly indicates that the local business preference created by this section will apply) (c), (requests for qualifications), and (g) (design build projects and professional services contracts which are competitively procured using a qualifications based procurement process); and,

(6)

Notwithstanding the above, any purchase using any of the available procurement processes in this Code wherein the procurement documents expressly indicate that the local business preference set forth in this section shall not be available.

(e)

The application of local preference to a particular purchase, contract, or category of contracts for which the city council is the awarding authority may be waived upon written justification and recommendation by the mayor and approval of the city council.

(f)

The preference established in this section does not prohibit the right of the city council or the mayor to compare quality or fitness for use of supplies, materials, equipment and services proposed for purchase and compare qualifications, character, responsibility and fitness of all persons, firms, or corporations submitting bids or proposals.

(g)

The response preference established in this section does not prohibit the city council, or mayor, from giving any other preference permitted by law in addition to the preference authorized in this section. (Ord. No. 2437, § 1, 2-10-2010)

WB No. 009-17

Provide and Deliver Two (2) Exhaust Blowers Capable of 28,000 CFM at 1" W.C. with a 20 HP Motor

City of Plantation

DATE OF ADDENDUM: February 17, 2017

TO ALL PROSPECTIVE BIDDERS:

The following clarification, changes, additions and/or deletions are hereby made part of the Bid Documents for WB No. 009-17.

General Questions

Question: Is this an inline Fan or Utility FAN?

Response: This is NOT a Fan it is a Centrifugal Blower

Question: Can you please provide application?

Response: The Blower is used to remove air from the generator room to assist in cooling.

Question: Can you give the range of or the required voltage?

Response: The requited voltage is 480 volt.

<u>Question</u>: Can you provide an existing model number that we are matching or any data regarding the application and your requirements?

<u>Response</u>: There is no model number available, old unit is a Penn Ventilator Company Dynamo centrifugal blower. Site visit highly recommended for proper submittals to be made for City's approval. Vendors must measure and see blower configuration to properly bid and make proper submittals (See attached picture).

GENERAL SPECIFICATIONS

Two (2) Exhaust Blowers capable of 28,000 CFM at 1" W.C. with a 20 HP motor.

City of Plantation Utilities Department

SCOPE;

The City of Plantation, Florida (The City) is seeking bids from qualified bidders, hereinafter referred to as the Contractor, to Provide and Deliver Two (2) Exhaust Blowers capable of 28,000 CFM at 1" W.C. with a 20 HP motor to the City's Utilities Department, in accordance with the terms, conditions, and specifications contained in this Written Bid (WB).

Term:

It is the City's intention to purchase Two (2) Exhaust Blowers capable of 28,000 CFM at 1" W.C. with a 20 HP motor during fiscal year 2017. Contingent upon Budget approval. Pricing shall be inclusive and include all components as listed, delivery, shipping charges and/or any charges, fees, etc. (if any) must be include in the quoted price. No additional fees, charges, special delivery charges etc. above the quoted price will be paid for any order. Delivery of Blowers shall be made to FOB Destination shall be made within 14 weeks of purchase order being submitted to the winning bidder.

City of Plantations' fiscal year starts October 1st and ends September 30th.

Corrections:

No erasures are permitted. If a correction is necessary, draw a single line through the entered figure and enter the corrected figure above it. Corrections must be initialed by the person signing the Bid.

Clarifications:

Any inquiries or suggestions concerning interpretation, clarification, or additional information pertaining to the Bid shall be made through Charles Spencer Jr. in writing or through email.

Indemnity Clause:

Contractor shall indemnify and hold harmless City, and its elected and appointed officers, the officers, directors, employees, agents and other consultants of each of them, from and against any and all liabilities, damages, losses and costs, including, but not limited to, reasonable attorney's fees, to the extent caused by the negligence, recklessness, or intentional wrongful misconduct of the Contractor and other persons employed or utilized by the Contractor in the performance of this Agreement. Contractor agrees to indemnity, defend, save and hold harmless the City, its officers, agents and employees, from all damages, liabilities, losses, claims, fines and fees, and from any and all suits and actions of every name and description that may be brought against City, its officers, agents and employees, on account of any claims, fees, royalties, or costs for any invention or patent or for the infringement of any and all copyrights or patent rights claimed by any person, firm, or corporation.

This indemnity includes but is not limited to claims attributable to bodily injury, sickness, disease or death, or to injury or destruction of tangible property, including the Work itself, and including the loss of use resulting therefrom.

Payment of any amount due pursuant to the foregoing indemnity shall, after receipt of written notice by Contractor from the City that such amount is due, be made by Contractor prior to the City being required to pay same, or in the alternative, the City, at the City's option, may make payment of an amount so due and Contractor shall promptly reimburse the City for same, together with interest thereon at the statutory rate from the date of receipt by Contractor of written notice from the City that such payment is due. Contractor agrees, at Contractor's expense, after written notice from the City, to defend any action against the City that falls within the scope of this indemnity, or the City, at the City's option, may elect not to tender such defense and may elect instead to secure its own attorney to defend any such action and the reasonable costs and expenses of such attorney incurred in defending such action shall be payable by Contractor. Additionally, if Contractor, after receipt of written notices from the City, fails to make any payment due hereunder to the City, Contractor shall pay any reasonable attorney's fees or costs incurred by the City in securing any such payment from Contractor.

Nothing contained herein is intended nor shall it be construed to waive the City's rights and immunities under the common law or Florida Statute §768.28 as amended from time to time. This obligation shall not be construed to negate, abridge, or otherwise reduce any other right or obligation of indemnity which would otherwise exist in the City's favor.

Deviations to Specifications and Requirements:

When bidding on an "or equal," Bids must be accompanied with all descriptive information necessary for an evaluation of the proposed material or equipment such as the detailed drawings and specifications, certified operation and test data, and experience records. Failure of any bidder to furnish the data necessary to determine whether the product is equivalent, may be cause for rejection of the specific items(s) to which it pertains. All deviations from the specifications must be noted in detail by the bidder. Any deviation from the specifications as written and accepted by the City may be grounds for rejection of the material and/or equipment when delivered. Equivalent will be accepted with full specifications provided & site visit to confirm size and orientation.

Ouality Guaranty:

All materials used for the manufacture or construction of any supplies, materials or equipment covered by this bid shall be new; the latest model, of the best quality, and highest grade workmanship. The machine(s) shall have all equipment which is normally standard, plus any additional equipment as specified herein. The equipment delivered under this bid shall remain the property of the seller, until a physical inspection and actual operation of the equipment show it to be in compliance with the specifications. If any product delivered does not meet applicable specifications or if the product will not produce the effect that the bidder represents to the City, the bidder shall pick up the product from the City at no expense. Also, the bidder shall refund the City any money which has been paid for same. The bidder will be responsible for attorney fees in the event the bidder defaults and court action is required. Bids will be considered only on equipment which can, on short notice, be serviced and maintained by the bidder. The bidder must maintain a normal supply of repair parts and be equipped with personnel and facilities to provide such service as necessary to keep the equipment in operation with minimal delay.

Quality Terms:

The City reserves the right to reject any or all material if, in its judgment, the item reflects unsatisfactory workmanship, manufacturing, or shipping damages.

Tex-Exempt:

The City is exempt from sales tax and Federal Excise Taxes.

Exceptions:

The intent of this specification is not to eliminate any prospective bidder from competing in the bidding process, provided the specification is met or exceeded. Exceptions to the specifications outlined shall be allowed assuming the following criterion:

The noted exceptions taken meet or exceed the function, quality, and protective requirements designated by the specification. In addition, each exception shall be identified by section number and thoroughly described in a word document or PDF file and included in the bid package at time of submittal. Equivalent will be accepted with full specifications provided & site visit to confirm size and orientation.

OSHA:

The bidder warrants that the product supplied to the City of Plantation shall conform in all respects to the standards set forth in the Occupational Safety and Health Act of 1970, as amended, and the failure to comply with this condition will be considered as a breach of contract. Any fines levied because of inadequacies to comply with these requirements shall be borne solely by the bidder responsible for same.

WARRANTY:

The successful Contractor shall warrant that all equipment furnished hereunder is of first class material and workmanship, complies in all aspects with the design and specification of these documents, and contains no defect of material or workmanship. In the event of failure of any part or parts of the equipment during the first two (2) years after the City acceptance, not to exceed three (3) years from Contractor's shipment/invoice date, provided that the equipment has been operated in accordance with its intended use, the affected part or parts shall be replaced promptly up notice by the owner at the sole expense of the Contractor. Warranty information for all equipment furnished shall be described in detail and attached to the submitted Bid form and on the proposed Agreement.

EOUAL PRODUCT:

Manufacturer's brand name and model number are used in these specifications for the purpose of establishing minimum requirement level of quality and standards of performance and design required. This is in no way intended to prohibit the bidding of other manufacturer's items of equal material and function, unless otherwise indicated. Equal (substitution) may be bid, providing the product bid is found to be equal in quality, standards of performance, design, etc. to item specified, unless otherwise indicated. Where equal is proposed, bid must be accompanied by complete factory information sheets (specifications, brochures, etc.) documenting the equipment bid as equal. The City, after evaluation of the documentation submitted, will determine if products is approved as equal to the specified request.

PRODUCTS:

A. All equipment including the exhaust blowers, motor, shaft, and wheel base shall be new from the factory or fabricator. Reused or refurbished parts or equipment shall not be accepted.

Two (2) Exhaust Blowers capable of 28,000 CFM at 1" W.C. with a 20 HP motor.

A. General

1. The Blower construction shall be fiberglass reinforced plastic (FRP) or similar corrosion-resistant, UV resistance thermoplastic material. All metal parts shall be 316 stainless steel. (no carbon steel or coated carbon steel will be accepted) Blower shall be designed for continuous service

INSTALLATION:

A. The City will furnish all labor, tools, equipment and machinery to receive and install the Exhaust Blowers completely to proper operating condition.

TO BE RETURNED WITH BID

Cooperation with the Broward County Office of Inspector General

The Broward County Office of Inspector General ("OIG") has the authority to review and investigate how governmental contracts are performed and how contractors and vendors (herein, "CONTRACTORS") are paid. To this end, CONTRACTOR agrees to cooperate with the OIG in the event the Contractor is contacted by the OIG. Such cooperation shall include, answering any questions that may be posed by the OIG, and allowing the OIG to review and copy any of CONTRACTOR's written material, contract documentation, and financial records that may relate to the formulation, execution, and performance of this Contract. The CONTRACTOR in interfacing with the OIG is part of the administrative or overhead or base costs of the services provided by the CONTRACTOR to the CITY, and shall never be a basis for claiming extra or additional compensation under this Contract, or for requesting a change order.

The CONTRACTOR's failure to cooperate fully with the OIG as required by the preceding clause shall be a basis for the City claiming the CONTRACTOR is in default, and may, if not timely cured, allow the City to terminate this Contract for cause. Unless the CONTRACTOR is instructed otherwise in a specific written and notarized Order signed by the Broward County Inspector General, CONTRACTOR shall advise CITY, in writing and in the same manner as Contractor gives the City formal notice under this Contract, each instance, if ever, that the CONTRACTOR is contacted by the OIG, and shall supply the City with information necessary to allow the City to ensure that the Contractor is fully performing the requirements of this Paragraph.

WRTTEN BID (Informal Competitive Bid)

ALL INTERESTED PARTIES:

The City of Plantation, Florida, hereinafter referred to as CITY, will receive Bids hand delivered to City Hall, 400 NW 73 Avenue, Plantation, Florida 33317, Email: <u>ESpencer@Plantation.org</u>, via Fax: (954) 797-2649, or Demand Star for:

Provide and Deliver Two (2) Exhaust Blowers capable of 28,000 CFM at 1" W.C. with a 20 HP motor.

Bids must be received by methods mention above, no later than <u>March 14, 2017</u> local time on <u>11:00am</u>. Any bids received after <u>11:00am</u> local time on said date will not be accepted under any circumstances. Any uncertainty regarding the time a bid is received will be resolved against the Bidder.

All questions should be submitted by email to espencer@plantation.org.

The CITY reserves the right to reject any or all bids, to re-advertise for bids or take any other such actions that may be deemed to be in the best interests of the CITY

Charles Spencer Jr. Procurement Administrator

GENERAL SPECIFICATIONS

Two (2) Exhaust Blowers capable of 28,000 CFM at 1" W.C. with a 20 HP motor.

City of Plantation Utilities Department

SCOPE:

The City of Plantation, Florida (The City) is seeking bids from qualified bidders, hereinafter referred to as the Contractor, to Provide and Deliver Two (2) Exhaust Blowers capable of 28,000 CFM at 1" W.C. with a 20 HP motor to the City's Utilities Department, in accordance with the terms, conditions, and specifications contained in this Written Bid (WB).

<u>Term:</u>

It is the City's intention to purchase Two (2) Exhaust Blowers capable of 28,000 CFM at 1" W.C. with a 20 HP motor during fiscal year 2017. Contingent upon Budget approval. Pricing shall be inclusive and include all components as listed, delivery, shipping charges and/or any charges, fees, etc. (if any) must be include in the quoted price. No additional fees, charges, special delivery charges etc. above the quoted price will be paid for any order. Delivery of Blowers shall be made to FOB Destination shall be made within 14 weeks of purchase order being submitted to the winning bidder.

City of Plantations' fiscal year starts October 1st and ends September 30th.

Corrections:

No erasures are permitted. If a correction is necessary, draw a single line through the entered figure and enter the corrected figure above it. Corrections must be initialed by the person signing the Bid.

Clarifications:

Any inquiries or suggestions concerning interpretation, clarification, or additional information pertaining to the Bid shall be made through Charles Spencer Jr. in writing or through email.

WB No. 009-17; Provide and Deliver (2) Exhaust Blowers capable of 28,000 CFM at 1" W.C. with a 20 HP Motor

Indemnity Clause:

Contractor shall indemnify and hold harmless City, and its elected and appointed officers, the officers, directors, employees, agents and other consultants of each of them, from and against any and all liabilities, damages, losses and costs, including, but not limited to, reasonable attorney's fees, to the extent caused by the negligence, recklessness, or intentional wrongful misconduct of the Contractor and other persons employed or utilized by the Contractor in the performance of this Agreement. Contractor agrees to indemnity, defend, save and hold harmless the City, its officers, agents and employees, from all damages, liabilities, losses, claims, fines and fees, and from any and all suits and actions of every name and description that may be brought against City, its officers, agents and employees, on account of any claims, fees, royalties, or costs for any invention or patent or for the infringement of any and all copyrights or patent rights claimed by any person, firm, or corporation.

This indemnity includes but is not limited to claims attributable to bodily injury, sickness, disease or death, or to injury or destruction of tangible property, including the Work itself, and including the loss of use resulting therefrom.

Payment of any amount due pursuant to the foregoing indemnity shall, after receipt of written notice by Contractor from the City that such amount is due, be made by Contractor prior to the City being required to pay same, or in the alternative, the City, at the City's option, may make payment of an amount so due and Contractor shall promptly reimburse the City for same, together with interest thereon at the statutory rate from the date of receipt by Contractor of written notice from the City that such payment is due. Contractor agrees, at Contractor's expense, after written notice from the City, to defend any action against the City that falls within the scope of this indemnity, or the City, at the City's option, may elect not to tender such defense and may elect instead to secure its own attorney to defend any such action and the reasonable costs and expenses of such attorney incurred in defending such action shall be payable by Contractor. Additionally, if Contractor, after receipt of written notices from the City, fails to make any payment due hereunder to the City, Contractor shall pay any reasonable attorney's fees or costs incurred by the City in securing any such payment from Contractor.

Nothing contained herein is intended nor shall it be construed to waive the City's rights and immunities under the common law or Florida Statute §768.28 as amended from time to time. This obligation shall not be construed to negate, abridge, or otherwise reduce any other right or obligation of indemnity which would otherwise exist in the City's favor.

WB No. 009-17; Provide and Deliver (2) Exhaust Blowers capable of 28,000 CFM at 1" W.C. with a 20 HP Motor

Deviations to Specifications and Requirements:

When bidding on an "or equal," Bids must be accompanied with all descriptive information necessary for an evaluation of the proposed material or equipment such as the detailed drawings and specifications, certified operation and test data, and experience records. Failure of any bidder to furnish the data necessary to determine whether the product is equivalent, may be cause for rejection of the specific items(s) to which it pertains. All deviations from the specifications must be noted in detail by the bidder. Any deviation from the specifications as written and accepted by the City may be grounds for rejection of the material and/or equipment when delivered. Equivalent will be accepted with full specifications provided & site visit to confirm size and orientation.

Quality Guaranty:

1

All materials used for the manufacture or construction of any supplies, materials or equipment covered by this bid shall be new; the latest model, of the best quality, and highest grade workmanship. The machine(s) shall have all equipment which is normally standard, plus any additional equipment as specified herein. The equipment delivered under this bid shall remain the property of the seller, until a physical inspection and actual operation of the equipment show it to be in compliance with the specifications. If any product delivered does not meet applicable specifications or if the product will not produce the effect that the bidder represents to the City, the bidder shall pick up the product from the City at no expense. Also, the bidder shall refund the City any money which has been paid for same. The bidder will be responsible for attorney fees in the event the bidder defaults and court action is required. Bids will be considered only on equipment which can, on short notice, be serviced and maintained by the bidder. The bidder must maintain a normal supply of repair parts and be equipped with personnel and facilities to provide such service as necessary to keep the equipment in operation with minimal delay.

Quality Terms:

The City reserves the right to reject any or all material if, in its judgment, the item reflects unsatisfactory workmanship, manufacturing, or shipping damages.

Tax-Exempt:

The City is exempt from sales tax and Federal Excise Taxes.

Exceptions:

The intent of this specification is not to eliminate any prospective bidder from competing in the bidding process, provided the specification is met or exceeded. Exceptions to the specifications outlined shall be allowed assuming the following criterion:

The noted exceptions taken meet or exceed the function, quality, and protective requirements designated by the specification. In addition, each exception shall be identified by section number and thoroughly described in a word document or PDF file and included in the bid package at time of submittal. Equivalent will be accepted with full specifications provided & site visit to confirm size and orientation.

OSHA:

The bidder warrants that the product supplied to the City of Plantation shall conform in all respects to the standards set forth in the Occupational Safety and Health Act of 1970, as amended, and the failure to comply with this condition will be considered as a breach of contract. Any fines levied because of inadequacies to comply with these requirements shall be borne solely by the bidder responsible for same.

WARRANTY:

The successful Contractor shall warrant that all equipment furnished hereunder is of first class material and workmanship, complies in all aspects with the design and specification of these documents, and contains no defect of material or workmanship. In the event of failure of any part or parts of the equipment during the first two (2) years after the City acceptance, not to exceed three (3) years from Contractor's shipment/invoice date, provided that the equipment has been operated in accordance with its intended use, the affected part or parts shall be replaced promptly up notice by the owner at the sole expense of the Contractor. Warranty information for all equipment furnished shall be described in detail and attached to the submitted Bid form and on the proposed Agreement.

EQUAL PRODUCT:

÷

Manufacturer's brand name and model number are used in these specifications for the purpose of establishing minimum requirement level of quality and standards of performance and design required. This is in no way intended to prohibit the bidding of other manufacturer's items of equal material and function, unless otherwise indicated. Equal (substitution) may be bid, providing the product bid is found to be equal in quality, standards of performance, design, etc. to item specified, unless otherwise indicated. Where equal is proposed, bid must be accompanied by complete factory information sheets (specifications, brochures, etc.) documenting the equipment bid as equal. The City, after evaluation of the documentation submitted, will determine if products is approved as equal to the specified request.

WB No. 009-17; Provide and Deliver (2) Exhaust Blowers capable of 28,000 CFM at 1" W.C. with a 20 HP Motor

PRODUCTS:

A. All equipment including the exhaust blowers, motor, shaft, and wheel base shall be new from the factory or fabricator. Reused or refurbished parts or equipment shall not be accepted.

Two (2) Exhaust Blowers capable of 28,000 CFM at 1" W.C. with a 20 HP motor.

A. General

 The Blower construction shall be fiberglass reinforced plastic (FRP) or similar corrosion-resistant, UV resistance thermoplastic material. All metal parts shall be 316 stainless steel. (no carbon steel or coated carbon steel will be accepted) Blower shall be designed for continuous service

INSTALLATION:

A. The City will furnish all labor, tools, equipment and machinery to receive and install the Exhaust Blowers completely to proper operating condition.

Cooperation with the Broward County Office of Inspector General

The Broward County Office of Inspector General ("OIG") has the authority to review and investigate how governmental contracts are performed and how contractors and vendors (herein, "CONTRACTORS") are paid. To this end, CONTRACTOR agrees to cooperate with the OIG in the event the Contractor is contacted by the OIG. Such cooperation shall include, answering any questions that may be posed by the OIG, and allowing the OIG to review and copy any of CONTRACTOR's written material, contract documentation, and financial records that may relate to the formulation, execution, and performance of this Contract. The CONTRACTOR is acknowledges and agrees that whatever work or effort is expended by CONTRACTOR in interfacing with the OIG is part of the administrative or overhead or base costs of the services provided by the CONTRACTOR to the CITY, and shall never be a basis for claiming extra or additional compensation under this Contract, or for requesting a change order.

The CONTRACTOR's failure to cooperate fully with the OIG as required by the preceding clause shall be a basis for the City claiming the CONTRACTOR is in default, and may, if not timely cured, allow the City to terminate this Contract for cause. Unless the CONTRACTOR is instructed otherwise in a specific written and notarized Order signed by the Broward County Inspector General, CONTRACTOR shall advise CITY, in writing and in the same manner as Contractor gives the City formal notice under this Contract, each instance, if ever, that the CONTRACTOR is contacted by the OIG, and shall supply the City with information necessary to allow the City to ensure that the Contractor is fully performing the requirements of this Paragraph.

COMPLIANCE UNDER SECTION 119.0701

FLORIDA STATUTES, ON PUBLIC RECORDS

TO BE RETURNED WITH BID

The Contractor hereby certifies that it shall comply with public records laws, specifically to:

- (a) Keep and maintain public records that ordinarily and necessarily would be required by the public agency in order to perform the service.
- (b) Provide the public with access to public records on the same terms and conditions that the public agency would provide the records and at a cost that does not exceed the cost provided in this chapter or as otherwise provided by law.
- (c) Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law.
- (d) Meet all requirements for retaining public records and transfer, at no cost, to the public agency all public records in possession of the contractor upon termination of the contract and destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. All records stored electronically must be provided to the public agency in a format that is compatible with the information technology systems of the public agency.

As the person authorized to sign this statement, I certify that this Contractor agrees to comply with the above requirements.

Local Business Certification Form

The undersigned affirms as true, under penalties of perjury, as follows:

The undersigned, a principal or corporate officer of the business listed below, has read and is familiar with the provisions of City of Plantation Ordinance Number 2437, § 1 which codified Section 2-227 of the City Code.

Pursuant to Section 255.0991, for a competitive solicitation for construction services in which 50 percent or more of the cost will be paid from state-appropriated funds which have been appropriated at the time of this competitive solicitation, Section 2-227 of the City Code <u>shall not</u> apply.

The undersigned, as such principal or corporate officer, further certifies to the best of his/her information and belief that such business is a Local Business as defined by the Code.

The undersigned claims qualification in the event that the Local Business Preference applies to this procurement and the business is determined to be a Qualified Local Business as defined by the Code.

Dated:
Signed:
Printed Name of Signor:
Title of Signor:
Name of Firm:

Revised 9/2014

Sec. 2-227. - Local business preference.

(a)

Definitions. For purposes of this section, the following terms shall have the respective meanings as set forth in this subsection:

Business location means a permanent office or other use of property in which a vendor operates, conducts, engages in or carries on all or a portion of its business, provided that the mere use of a post office box shall not be sufficient to constitute a business location under this provision.

Local business means a vendor or contractor who has paid its local business tax to the City of Plantation at least six (6) months prior to bid or proposal opening date; does business in the city community by providing goods, services, or construction; and maintains a physical business address located within the jurisdictional limits of the city in an area zoned for the conduct of such business from which the vendor or contractor operates or performs business on a day-to-day basis. Post office boxes shall not be used for the purpose of establishing said physical address.

Qualified local business means a local business that satisfies the requirements under the bid or proposal guidelines to perform the services or goods requested.

Vendor means a sole proprietorship, partnership, corporation, limited partnership or limited liability corporation or other recognized business entity that offers to contract with the city for either goods or services.

(b)

Procedurs; notice of option to match lowest response. The city shall give a preference to a qualified local business that responds to competitive procurement in the following manner:

(1)

If a qualified local business submits a response to one (1) of the city's competitive procurement processes set forth in section 2-220(b) (requests for scaled proposals) (but only where the procurement documents in a request for scaled proposals expressly indicates that the local business preference created by this section will be available), (d) (requests for competitive proposals), 2-220(e) (scaled bids in response to an invitation to bid), and 2-220(f) (design build projects which are procured using a competitive proposal process), or informal purchases in excess of the current amount of three thousand five hundred sixty-nine dollars (\$3,569.00), as referenced and indexed in section 2-326(b) and as may be increased or decreased by authorized adjustments, and the original response of the qualified local business is within five (5) percent of the low response, then the city shall give the qualified local business the opportunity to meet the price of the low response. The order of preference by which the qualified local business shall be given the opportunity to match the low response shall be from the lowest to the highest response, as long as the initial response was within five (5) percent of the low response.

(2)

The city shall give the qualified local business written notice of the opportunity to match the price of the low response within five (5) business days of determining the low response. There shall only be one (1) valid notice of an opportunity to match the price of the low response outstanding at any one (1) point in time. Notice shall be deemed received by the qualified local business by mailing or otherwise transmitting the notice to the address, email, facsimile or otherwise that was supplied by the qualified local business at the time of responding.

(3)

The qualified local business to whom a written notice has been mailed or otherwise transmitted must respond to the city in writing. If the qualified local business fails to file a response to the notice with the city within two (2) days of the posting or transmission of the notification of the

Page 2 of 3

Revised 9/2014

option to match the low response, then the failure to respond shall be deemed to be a denial of the opportunity to match the low response. Should the qualified local business choose to meet the price of the low response, then the city shall award the contract to the qualified local business. If no qualified local business accepts the option to match the low response, then the contract shall be offered to the lowest responder.

(c)

Disclosure. The requirements of the city's local policy shall be disclosed in all the city's competitive procurement processes to which this preference applies or informal purchases in excess of the current amount of three thousand five hundred sixty-nine dollars (\$3,569.00), as referenced and indexed in section 2-226(b) and as may be increased or decreased by authorized adjustments.

(d)

Exceptions. The procurement preference set forth in this section shall not apply to any of the following purchases or contracts:

(1)

Goods or services provided under a cooperative purchasing agreement or interlocal agreement;

(2)

Purchases or contracts which are funded, in whole or in part, by a governmental entity where the laws, regulations, or policies governing such funding prohibit or prevent the application of the preference;

(3)

Purchases made or contracts let under emergency or noncompetitive situations;

(4)

Purchases with an estimated cost of less than the amount stipulated for informal bids, as referenced and indexed in <u>section 2-226(b)</u> (which is currently three thousand five hundred sixty-nine dollars (\$3,569,00)) and as may be increased or decreased by authorized adjustments;

(5)

Purchases or contracts procured utilizing procurement processes set forth in <u>section 2-220(b)</u> (requests for sealed proposals) (except where the procurement documents in a request for sealed proposals expressly indicates that the local business preference created by this section will apply) (c), (requests for qualifications), and (g) (design build projects and professional services contracts which are competitively procured using a qualifications based procurement process); and,

(6)

Notwithstanding the above, any purchase using any of the available procurement processes in this Code wherein the procurement documents expressly indicate that the local business preference set forth in this section shall not be available.

(c)

The application of local preference to a particular purchase, contract, or category of contracts for which the city council is the awarding authority may be waived upon written justification and recommendation by the mayor and approval of the city council.

(f)

The preference established in this section does not prohibit the right of the city council or the mayor to compare quality or fitness for use of supplies, materials, equipment and services proposed for purchase and compare qualifications, character, responsibility and fitness of all persons, firms, or corporations submitting bids or proposals.

(g)

The response preference established in this section does not prohibit the city council, or mayor, from giving any other preference permitted by law in addition to the preference authorized in this section. (Ord. No. 2437, § 1, 2-10-2010)

Reducing CO₂ Emissions with Our New Energy-Efficient Fans FRP TURBO ECONOMICAL FAN NODEL NEW

At Selkow, we were the tirst in Japan to develop economical corrosion-resistant fans. We also recognized that an optimized sitistroam is essential for improving the performance of fans. We therefore employed fluid design analysis based on computahonal third dynamics (CFD) to develop impeller blades with the ideal hydrotoft profile. This approach enabled us to suc-cessfully develop an optimized Impeller shape.

and reduced noise in operation. What's more, it has enabled us This innovative impeller design features enhanced efficiency to develop our new Model FTE economical corrosion-resistant lans offering significant energy efficiency while reducing CO₂ BITISBICING.

industrian stars in a star star

Vibration-propring Rubber Frame.

Coupling Flange

The discharge and rotational directions of TEXEL corrosion resistent fans/blowers are shown in the following figures. They are shown from the pulley side or from the motor shaft and. For example, if it is the clookwise rotation and upward vertical discharge", denote it with "RH".

This fitzme diampere blower vibrations that are transferred to the floor, An exclusion infrastructure discretization to the teach to be block. Constant us if you have predestrammed the stockion afficiency, as the wither discretization in tubber mey next absorb the required amount of Vibracion.

I your application uses PVC ducing, we can supply a set of coupling flanges with ruts and holts on sequest. This set accommodetes a maximum operating wentuarture of 1267.

Vibration Isolation Coupling

Vibration Isolation Spring Frame

This frame demons blower vibrations that are transferred to the floor, if you have predetermined the isolation efficiency, consult us regarding the choice of

Soundproof Box

springs.

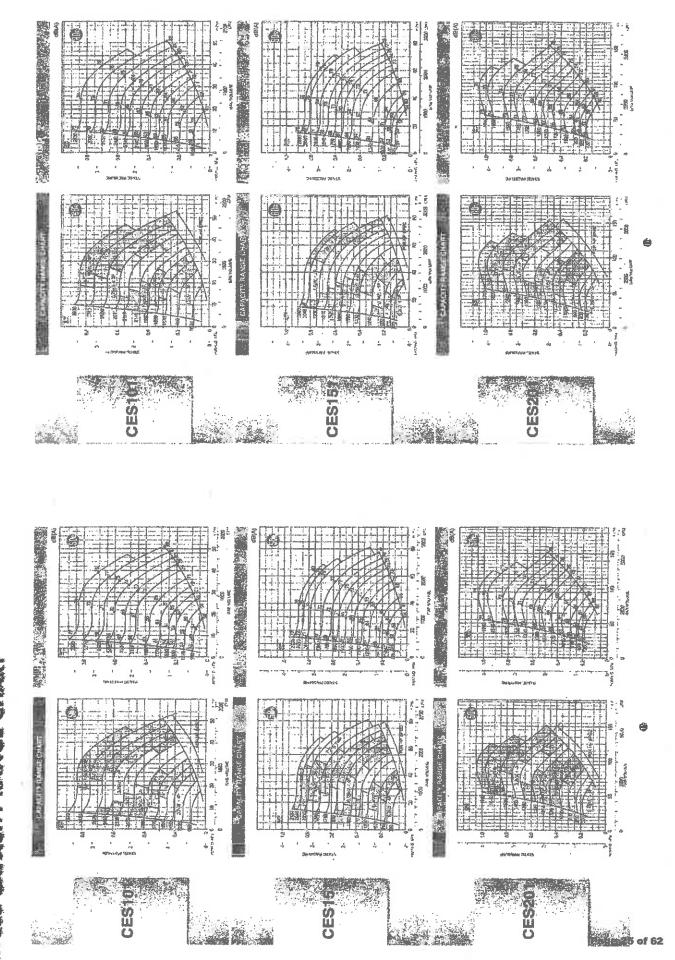

This coupling is used between the brower and duct to reduce the blower whethen transferred to the durt and to pectert the blower agelent loads imparted from the duct. This coupling is a required than for blower piping.

S Damper

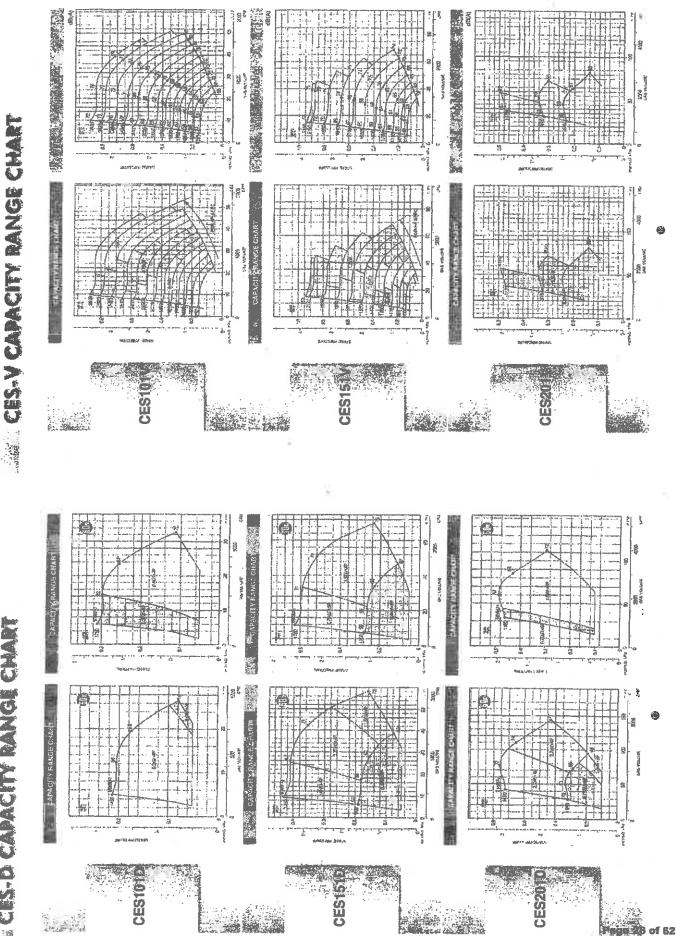

Ventilator

The silencer can be used to reduce noise traveling through the soution and discherge ducrs. It typically reduces sound levels by 15 to 25 dS(A) depending on the model and tom.

GENERAL SPECIFICATIONS

Two (2) Exhaust Blowers capable of 28,000 CFM at 1" W.C. with a 20 HP motor.

City of Plantation Utilities Department

SCOPE:

The City of Plantation, Florida (The City) is seeking bids from qualified bidders, hereinafter referred to as the Contractor, to Provide and Deliver Two (2) Exhaust Blowers capable of 28,000 CFM at 1" W.C. with a 20 HP motor to the City's Utilities Department, in accordance with the terms, conditions, and specifications contained in this Written Bid (WB).

Term:

It is the City's intention to purchase Two (2) Exhaust Blowers capable of 28,000 CFM at 1" W.C. with a 20 HP motor during fiscal year 2017. Contingent upon Budget approval. Pricing shall be inclusive and include all components as listed, delivery, shipping charges and/or any charges, fees, etc. (if any) must be include in the quoted price. No additional fees, charges, special delivery charges etc. above the quoted price will be paid for any order. Delivery of Blowers shall be made to FOB Destination shall be made within 14 weeks of purchase order being submitted to the winning bidder.

City of Plantations' fiscal year starts October 1st and ends September 30th.

Corrections:

No erasures are permitted. If a correction is necessary, draw a single line through the entered figure and enter the corrected figure above it. Corrections must be initialed by the person signing the Bid.

Clarifications:

Any inquiries or suggestions concerning interpretation, clarification, or additional information pertaining to the Bid shall be made through Charles Spencer Jr. in writing or through email.

Indemnity Clause:

Contractor shall indemnify and hold harmless City, and its elected and appointed officers, the officers, directors, employees, agents and other consultants of each of them, from and against any and all liabilities, damages, losses and costs, including, but not limited to, reasonable attorney's fees, to the extent caused by the negligence, recklessness, or intentional wrongful misconduct of the Contractor and other persons employed or utilized by the Contractor in the performance of this Agreement. Contractor agrees to indemnity, defend, save and hold harmless the City, its officers, agents and employees, from all damages, liabilities, losses, claims, fines and fees, and from any and all suits and actions of every name and description that may be brought against City, its officers, agents and employees, on account of any claims, fees, royalties, or costs for any invention or patent or for the infringement of any and all copyrights or patent rights claimed by any person, firm, or corporation.

This indemnity includes but is not limited to claims attributable to bodily injury, sickness, disease or death, or to injury or destruction of tangible property, including the Work itself, and including the loss of use resulting therefrom.

Payment of any amount due pursuant to the foregoing indemnity shall, after reccipt of written notice by Contractor from the City that such amount is due, be made by Contractor prior to the City being required to pay same, or in the alternative, the City, at the City's option, may make payment of an amount so due and Contractor shall promptly reimburse the City for same, together with interest thereon at the statutory rate from the date of receipt by Contractor of written notice from the City that such payment is due. Contractor agrees, at Contractor's expense, after written notice from the City, to defend any action against the City that falls within the scope of this indemnity, or the City, at the City's option, may elect not to tender such defense and may elect instead to secure its own attorney to defend any such action and the reasonable costs and expenses of such attorney incurred in defending such action shall be payable by Contractor. Additionally, if Contractor, after receipt of written notices from the City, fails to make any payment due hereunder to the City, Contractor shall pay any reasonable attorney's fees or costs incurred by the City in securing any such payment from Contractor.

Nothing contained herein is intended nor shall it be construed to waive the City's rights and immunities under the common law or Florida Statute §768.28 as amended from time to time. This obligation shall not be construed to negate, abridge, or otherwise reduce any other right or obligation of indemnity which would otherwise exist in the City's favor.

Deviations to Specifications and Requirements:

When bidding on an "or equal," Bids must be accompanied with all descriptive information necessary for an evaluation of the proposed material or equipment such as the detailed drawings and specifications, certified operation and test data, and experience records. Failure of any bidder to furnish the data necessary to determine whether the product is equivalent, may be cause for rejection of the specific items(s) to which it pertains. All deviations from the specifications must be noted in detail by the bidder. Any deviation from the specifications as written and accepted by the City may be grounds for rejection of the material and/or equipment when delivered. Equivalent will be accepted with full specifications provided & site visit to confirm size and orientation.

<u>Quality Guaranty:</u>

All materials used for the manufacture or construction of any supplies, materials or equipment covered by this bid shall be new; the latest model, of the best quality, and highest grade workmanship. The machine(s) shall have all equipment which is normally standard, plus any additional equipment as specified herein. The equipment delivered under this bid shall remain the property of the seller, until a physical inspection and actual operation of the equipment show it to be in compliance with the specifications. If any product delivered does not meet applicable specifications or if the product will not produce the effect that the bidder represents to the City, the bidder shall pick up the product from the City at no expense. Also, the bidder shall refund the City any money which has been paid for same. The bidder will be responsible for attorney fees in the event the bidder defaults and court action is required. Bids will be considered only on equipment which can, on short notice, be serviced and maintained by the bidder. The bidder must maintain a normal supply of repair parts and be equipped with personnel and facilities to provide such service as necessary to keep the equipment in operation with minimal delay.

Quality Terms:

The City reserves the right to reject any or all material if, in its judgment, the item reflects unsatisfactory workmanship, manufacturing, or shipping damages.

Tax-Exempt:

The City is exempt from sales tax and Federal Excise Taxes.

Exceptions:

The intent of this specification is not to eliminate any prospective bidder from competing in the bidding process, provided the specification is met or exceeded. Exceptions to the specifications outlined shall be allowed assuming the following criterion:

The noted exceptions taken meet or exceed the function, quality, and protective requirements designated by the specification. In addition, each exception shall be identified by section number and thoroughly described in a word document or PDF file and included in the bid package at time of submittal. Equivalent will be accepted with full specifications provided & site visit to confirm size and orientation.

WB No. 009-17; Provide and Deliver (2) Exhaust Blowers capable of 28,000 CFM at 1" W.C. with a 20 HP Motor

OSHA:

The bidder warrants that the product supplied to the City of Plantation shall conform in all respects to the standards set forth in the Occupational Safety and Health Act of 1970, as amended, and the failure to comply with this condition will be considered as a breach of contract. Any fines levied because of inadequacies to comply with these requirements shall be borne solely by the bidder responsible for same.

WARRANTY:

The successful Contractor shall warrant that all equipment furnished hereunder is of first class material and workmanship, complies in all aspects with the design and specification of these documents, and contains no defect of material or workmanship. In the event of failure of any part or parts of the equipment during the first two (2) years after the City acceptance, not to exceed three (3) years from Contractor's shipment/invoice date, provided that the equipment has been operated in accordance with its intended use, the affected part or parts shall be replaced promptly up notice by the owner at the sole expense of the Contractor. Warranty information for all equipment furnished shall be described in detail and attached to the submitted Bid form and on the proposed Agreement.

EQUAL PRODUCT:

Manufacturer's brand name and model number are used in these specifications for the purpose of establishing minimum requirement level of quality and standards of performance and design required. This is in no way intended to prohibit the bidding of other manufacturer's items of equal material and function, unless otherwise indicated. Equal (substitution) may be bid, providing the product bid is found to be equal in quality, standards of performance, design, etc. to item specified, unless otherwise indicated. Where equal is proposed, bid must be accompanied by complete factory information sheets (specifications, brochures, etc.) documenting the equipment bid as equal. The City, after evaluation of the documentation submitted, will determine if products is approved as equal to the specified request.

PRODUCTS:

A. All equipment including the exhaust blowers, motor, shaft, and wheel base shall be new from the factory or fabricator. Reused or refurbished parts or equipment shall not be accepted.

Two (2) Exhaust Blowers capable of 28,000 CFM at 1" W.C. with a 20 HP motor.

A. General

1. The Blower construction shall be fiberglass reinforced plastic (FRP) or similar corrosion-resistant, UV resistance thermoplastic material. All metal parts shall be 316 stainless steel. (no carbon steel or coated carbon steel will be accepted) Blower shall be designed for continuous service

INSTALLATION:

A. The City will furnish all labor, tools, equipment and machinery to receive and install the Exhaust Blowers completely to proper operating condition.

Cooperation with the Broward County Office of Inspector General

The Broward County Office of Inspector General ("OIG") has the authority to review and investigate how governmental contracts are performed and how contractors and vendors (herein, "CONTRACTORS") are paid. To this end, CONTRACTOR agrees to cooperate with the OIG in the event the Contractor is contacted by the OIG. Such cooperation shall include, answering any questions that may be posed by the OIG, and allowing the OIG to review and copy any of CONTRACTOR's written material, contract documentation, and financial records that may relate to the formulation, execution, and performance of this Contract. The CONTRACTOR in interfacing with the OIG is part of the administrative or overhead or base costs of the services provided by the CONTRACTOR to the CITY, and shall never be a basis for claiming extra or additional compensation under this Contract, or for requesting a change order.

The CONTRACTOR's failure to cooperate fully with the OIG as required by the preceding clause shall be a basis for the City claiming the CONTRACTOR is in default, and may, if not timely cured, allow the City to terminate this Contract for cause. Unless the CONTRACTOR is instructed otherwise in a specific written and notarized Order signed by the Broward County Inspector General, CONTRACTOR shall advise CITY, in writing and in the same manner as Contractor gives the City formal notice under this Contract, each instance, if ever, that the CONTRACTOR is contacted by the OIG, and shall supply the City with information necessary to allow the City to ensure that the Contractor is fully performing the requirements of this Paragraph.

FLORIDA STATUTES, ON PUBLIC RECORDS

TO BE RETURNED WITH BID

The Contractor hereby certifies that it shall comply with public records laws, specifically to:

- (a) Keep and maintain public records that ordinarily and necessarily would be required by the public agency in order to perform the service.
- (b) Provide the public with access to public records on the same terms and conditions that the public agency would provide the records and at a cost that does not exceed the cost provided in this chapter or as otherwise provided by law.
- (c) Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law.
- (d) Meet all requirements for retaining public records and transfer, at no cost, to the public agency all public records in possession of the contractor upon termination of the contract and destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. All records stored electronically must be provided to the public agency in a format that is compatible with the information technology systems of the public agency.

As the person authorized to sign this statement, I certify that this Contractor agrees to comply with the above requirements.

ITB

Local Business Certification Form

The undersigned affirms as true, under penalties of perjury, as follows:

The undersigned, a principal or corporate officer of the business listed below, has read and is familiar with the provisions of City of Plantation Ordinance Number 2437, § 1 which codified Section 2-227 of the City Code.

Pursuant to Section 255.0991, for a competitive solicitation for construction services in which 50 percent or more of the cost will be paid from state-appropriated funds which have been appropriated at the time of this competitive solicitation, Section 2-227 of the City Code <u>shall not</u> apply.

The undersigned, as such principal or corporate officer, further certifies to the best of his/her information and belief that such business is a Local Business as defined by the Code.

The undersigned claims qualification in the event that the Local Business Preference applies to this procurement and the business is determined to be a Qualified Local Business as defined by the Code.

Dated: 3/14/17
Signed: With
Printed Name of Signor: Keulin 14. Fender
Title of Signor: V. P. Manegung Member
Name of Firm: Pat's Punt + Blower UC

Revised 9/2014

Sec. 2-227. - Local business preference.

(a)

Definitions. For purposes of this section, the following terms shall have the respective meanings as set forth in this subsection:

Business location means a permanent office or other use of property in which a vendor operates, conducts, engages in or carries on all or a portion of its business, provided that the mere use of a post office box shall not be sufficient to constitute a business location under this provision.

Local business means a vendor or contractor who has paid its local business tax to the City of Plantation at least six (6) months prior to bid or proposal opening date; does business in the city community by providing goods, services, or construction; and maintains a physical business address located within the jurisdictional limits of the city in an area zoned for the conduct of such business from which the vendor or contractor operates or performs business on a day-to-day basis. Post office boxes shall not be used for the purpose of establishing said physical address.

Qualified local business means a local business that satisfies the requirements under the bid or proposal guidelines to perform the services or goods requested.

Vendor means a sole proprietorship, partnership, corporation, limited partnership or limited liability corporation or other recognized business entity that offers to contract with the city for either goods or services.

(b)

Procedure; notice of option to match lowest response. The city shall give a preference to a qualified local business that responds to competitive procurement in the following manner:

(1)

If a qualified local business submits a response to one (1) of the city's competitive procurement processes set forth in section 2-220(b) (requests for sealed proposals) (but only where the procurement documents in a request for sealed proposals expressly indicates that the local business preference created by this section will be available), (d) (requests for competitive proposals), $\frac{1}{2}$ (e) (sealed bids in response to an invitation to bid), and 2-220(f) (design build projects which are procured using a competitive proposal process), or informal purchases in excess of the current amount of three thousand five hundred sixty-nine dollars (\$3,569.00), as referenced and indexed in section 2-220(b) and as may be increased or decreased by authorized adjustments, and the original response of the qualified local business is within five (5) percent of the low response, then the city shall give the qualified local business the opportunity to meet the price of the low response. The order of preference by which the qualified local business shall be given the opportunity to match the low response shall be from the lowest to the highest response, as long as the initial response was within five (5) percent of the low response.

(2)

The city shall give the qualified local business written notice of the opportunity to match the price of the low response within five (5) business days of determining the low response. There shall only be one (1) valid notice of an opportunity to match the price of the low response outstanding at any one (1) point in time. Notice shall be deemed received by the qualified local business by mailing or otherwise transmitting the notice to the address, email, facsimile or otherwise that was supplied by the qualified local business at the time of responding.

(3)

The qualified local business to whom a written notice has been mailed or otherwise transmitted must respond to the city in writing. If the qualified local business fails to file a response to the notice with the city within two (2) days of the posting or transmission of the notification of the

Page 2 of 3

Revised 9/2014

option to match the low response, then the failure to respond shall be deemed to be a denial of the opportunity to match the low response. Should the qualified local business choose to meet the price of the low response, then the city shall award the contract to the qualified local business. If no qualified local business accepts the option to match the low response, then the contract shall be offered to the lowest responder.

(c)

Disclosure. The requirements of the city's local policy shall be disclosed in all the city's competitive procurement processes to which this preference applies or informal purchases in excess of the current amount of three thousand five hundred sixty-nine dollars (\$3,569.00), as referenced and indexed in section 2-236(b) and as may be increased or decreased by authorized adjustments.

(d)

Exceptions. The procurement preference set forth in this section shall not apply to any of the following purchases or contracts:

(1)

Goods or services provided under a cooperative purchasing agreement or interlocal agreement;

(2)

Purchases or contracts which are funded, in whole or in part, by a governmental entity where the laws, regulations, or policies governing such funding prohibit or prevent the application of the preference;

(3)

Purchases made or contracts let under emergency or noncompetitive situations;

(4)

Purchases with an estimated cost of less than the amount stipulated for informal bids, as referenced and indexed in <u>section 2-226</u>(b) (which is currently three thousand five hundred sixty-nine dollars (\$3,569,00)) and as may be increased or decreased by authorized adjustments;

(5)

Purchases or contracts procured utilizing procurement processes set forth in section 2.220(b) (requests for sealed proposals) (except where the procurement documents in a request for sealed proposals expressly indicates that the local business preference created by this section will apply) (c), (requests for qualifications), and (g) (design build projects and professional services contracts which are competitively procured using a qualifications based procurement process); and,

(6)

Notwithstanding the above, any purchase using any of the available procurement processes in this Code wherein the procurement documents expressly indicate that the local business preference set forth in this section shall not be available.

(e)

The application of local preference to a particular purchase, contract, or category of contracts for which the city council is the awarding authority may be waived upon written justification and recommendation by the mayor and approval of the city council.

(f)

The preference established in this section does not prohibit the right of the city council or the mayor to compare quality or fitness for use of supplies, materials, equipment and services proposed for purchase and compare qualifications, character, responsibility and fitness of all persons, firms, or corporations submitting bids or proposals.

(g)

The response preference established in this section does not prohibit the city council, or mayor, from giving any other preference permitted by law in addition to the preference authorized in this section. (Ord. No. 2437, § 1, 2-10-2010)

Provide and Deliver Two (2) Exhaust Blowers Capable of 28,000 CFM at 1" W.C. with a 20 HP Motor

City of Plantation

DATE OF ADDENDUM: February 17, 2017

TO ALL PROSPECTIVE BIDDERS:

The following clarification, changes, additions and/or deletions are hereby made part of the Bid Documents for WB No. 009-17.

General Questions

Ouestion: Is this an inline Fan or Utility FAN?

Response: This is NOT a Fan it is a Centrifugal Blower

Question: Can you please provide application?

Response: The Blower is used to remove air from the generator room to assist in cooling.

Question: Can you give the range of or the required voltage?

Response: The requited voltage is 480 volt.

Question: Can you provide an existing model number that we are matching or any data regarding the application and your requirements?

Response: There is no model number available, old unit is a Penn Ventilator Company Dynamo centrifugal blower. Site visit highly recommended for proper submittals to be made for City's approval. Vendors must measure and see blower configuration to properly bid and make proper submittals (See attached picture)

GENERAL SPECIFICATIONS

Two (2) Exhaust Blowers capable of 28,000 CFM at 1" W.C. with a 20 HP motor.

City of Plantation Utilities Department

SCOPE:

The City of Plantation, Florida (The City) is seeking bids from qualified bidders, hereinafter referred to as the Contractor, to Provide and Deliver Two (2) Exhaust Blowers capable of 28,000 CFM at 1" W.C. with a 20 HP motor to the City's Utilities Department, in accordance with the terms, conditions, and spacifications contained in this Written Bid (WB).

Term:

It is the City's intention to purchase Two (2) Exhaust Blowers capable of 28,000 CFM at 1" W.C. with a 20 HP motor during fiscal year 2017. Contingent upon Budget approval. Pricing shall be inclusive and include all components as listed, delivery, shipping charges and/or any charges, fees, etc. (if any) must be include in the quoted price. No additional fees, charges, special delivery charges etc. above the quoted price will be paid for any order. Delivery of Blowers shall be made to FOB Destination shall be made within 14 weeks of purchase order being submitted to the winning bidder.

City of Plantations' fiscal year starts October 1st and ends September 30th.

Corrections:

No erasures are permitted. If a correction is necessary, draw a single line through the entered figure and enter the corrected figure above it. Corrections must be initialed by the person signing the Bid.

Clarifications:

Any inquiries or suggestions concerning interpretation, clarification, or additional information pertaining to the Bid shall be made through Charles Spencer Jr. in writing or through email.

Indemnity Clause:

Contractor shall indemnify and hold harmless City, and its elected and appointed officers, the officers, directors, employees, agents and other consultants of each of them, from and against any and all liabilities, damages, losses and costs, including, but not limited to, reasonable attorney's fees, to the extent caused by the negligence, recklessness, or intentional wrongful misconduct of the Contractor and other persons employed or utilized by the Contractor in the performance of this Agreement. Contractor agrees to indemnity, defend, save and hold harmless the City, its officers, agents and employees, from all damages, liabilities, losses, claims, fines and fees, and from any and all suits and actions of every name and description that may be brought against City, its officers, agents and employees, on account of any claims, fees, royalties, or costs for any invention or patent or for the infringement of any and all copyrights or patent rights claimed by any person, firm, or corporation.

This indemnity includes but is not limited to claims attributable to bodily injury, sickness, disease or death, or to injury or destruction of tangible property, including the Work itself, and including the loss of use resulting therefrom.

Payment of any amount due pursuant to the foregoing indennity shall, after receipt of written notice by Contractor from the City that such amount is due, be made by Contractor prior to the City being required to pay same, or in the alternative, the City, at the City's option, may make payment of an amount so due and Contractor shall promptly reimburse the City for same, together with interest thereon at the statutory rate from the date of receipt by Contractor of written notice from the City that such payment is due. Contractor agrees, at Contractor's expense, after written notice from the City, to defend any action against the City that falls within the scope of this indemnity, or the City, at the City's option, may elect not to tender such defense and may elect instead to secure its own attorney to defend any such action and the reasonable costs and expenses of such attorney incurred in defending such action shall be payable by Contractor. Additionally, if Contractor, after receipt of written notices from the City, fails to make any payment due hereunder to the City, Contractor shall pay any reasonable attorney's fees or costs incurred by the City in securing any such payment from Contractor.

Nothing contained herein is intended nor shall it be construed to waive the City's rights and immunities under the common law or Florida Statute §768.28 as amended from time to time. This obligation shall not be construed to negate, abridge, or otherwise reduce any other right or obligation of indemnity which would otherwise exist in the City's favor.

Beviations to Specifications and kequirements:

When bidding on an "or equal," Bids must be accompanied with all descriptive information necessary for an evaluation of the proposed material or equipment such as the detailed drawings and specifications, certified operation and test data, and experience records. Failure of any bidder to furnish the data necessary to determine whether the product is equivalent, may be cause for rejection of the specific items(s) to which it pertains. All deviations from the specifications must be noted in detail by the bidder. Any deviation from the specifications as written and accepted by the City may be grounds for rejection of the material and/or equipment when delivered. Equivalent will be accepted with full specifications provided & site visit to confirm size and orientation.

Ouslity Guaranty:

All materials used for the manufacture or construction of any supplies, materials or equipment covered by this bid shall be new; the latest model, of the best quality, and highest grade workmanship. The machine(s) shall have all equipment which is normally standard, plus any additional equipment as specified herein. The equipment delivered under this bid shall remain the property of the seller, until a physical inspection and actual operation of the equipment show it to be in compliance with the specifications. If any product delivered does not meet applicable specifications or if the product will not produce the effect that the bidder represents to the City, the bidder shall pick up the product from the City at no expense. Also, the bidder shall refund the City any money which has been paid for same. The bidder will be responsible for attorney fees in the event the bidder defaults and court action is required. Bids will be considered only on equipment which can, on short notice, be serviced and maintained by the bidder. The bidder must maintain a normal supply of repair parts and be equipped with personnel and facilities to provide such service as necessary to keep the equipment in operation with minimal delay.

Quality Terms:

The City reserves the right to reject any or all material if, in its judgment, the item reflects unsatisfactory workmanship, manufacturing, or shipping damages.

Tax-Exempt:

The City is exempt from sales tax and Federal Excise Taxes.

Exceptions:

The intent of this specification is not to eliminate any prospective bidder from competing in the bidding process, provided the specification is met or exceeded. Exceptions to the specifications outlined shall be allowed assuming the following criterion:

The noted exceptions taken meet or exceed the function, quality, and protective requirements designated by the specification. In addition, each exception shall be identified by section number and thoroughly described in a word document or PDF file and included in the bid package at time of submittal. Equivalent will be accepted with full specifications provided & site visit to confirm size and orientation.

OSHA:

The bidder warrants that the product supplied to the City of Plantation shall conform in all respects to the standards set forth in the Occupational Safety and Health Act of 1970, as amended, and the failure to comply with this condition will be considered as a breach of contract. Any fines levied because of inadequacies to comply with these requirements shall be borne solely by the bidder responsible for same.

WARRANTY:

The successful Contractor shall warrant that all equipment furnished hereunder is of first class material and workmanship, complies in all aspects with the design and specification of these documents, and contains no defect of material or workmanship. In the event of failure of any part or parts of the equipment during the first two (2) years after the City acceptance, not to exceed three (3) years from Contractor's shipment/invoice date, provided that the equipment has been operated in accordance with its intended use, the affected part or parts shall be replaced promptly up notice by the owner at the sole expense of the Contractor. Warranty information for all equipment furnished shall be described in detail and attached to the submitted Bid form and on the proposed Agreement.

EQUAL PRODUCT:

Manufacturer's brand name and model number are used in these specifications tor the purpose of establishing minimum requirement level of quality and standards of performance and design required. This is in no way intended to prohibit the bidding of other manufacturer's items of equal material and function, unless otherwise indicated. Equal (substitution) may be bid, providing the product bid is found to be equal in quality, standards of performance, design, etc. to item specified, unless otherwise indicated. Where equal is proposed, bid must be accompanied by complete factory information sheets (specifications, brochures, etc.) documenting the equipment bid as equal. The City, after evaluation of the documentation submitted, will determine if products is approved as equal to the specified request.

TO BE RETURNED WITH HID

Cooperating all the Recovard Could y Office of In-pastor Usa6781

The Broward County Office of Inspector General ("OIG") has the authority to review and investigate how governmental contracts are performed and how contractors and vendors (herein, "CONTRACTORS") are paid. To this end, CONTRACTOR agrees to cooperate with the OIG in the event the Contractor is contacted by the OIG. Such cooperation shall include, answering any questions that may be posed by the OIG, and allowing the OIG to review and copy any of CONTRACTOR's written material, contract documentation, and financial records that may relate to the formulation, execution, and performance of this Contract. The CONTRACTOR acknowledges and agrees that whatever work or effort is expended by CONTRACTOR in interfacing with the OIG is part of the administrative or overhead or base costs of the services provided by the CONTRACTOR to the CITY, and shall never be a basis for claiming extra or additional compensation under this Contract, or for requesting a change order.

The CONTRACTOR's failure to cooperate fully with the OIG as required by the preceding clause shall be a basis for the City claiming the CONTRACTOR is in default, and may, if not timely cured, allow the City to terminate this Contract for cause. Unless the CONTRACTOR is instructed otherwise in a specific written and notarized Order signed by the Broward County Inspector General, CONTRACTOR shall advise CITY, in writing and in the same manner as Contractor gives the City formal notice under this Contract, each instance, if ever, that the CONTRACTOR is contacted by the OIG, and shall supply the City with information necessary to allow the City to ensure that the Contractor is fully performing the requirements of this Paragraph.

COMPLIANCE UNDER SECTION 119.0701

FLURIUM ATUNES, ON PUBLIC RECORDS

TO BE RETURNED WITH BID

The Contractor hereby certifies that it shall comply with public records laws, specifically to:

- (a) Keep and maintain public records that ordinarily and necessarily would be required by the public agency in order to perform the service.
- (b) Provide the public with access to public records on the same terms and conditions that the public agency would provide the records and at a cost that does not exceed the cost provided in this chapter or as otherwise provided by law.
- (c) Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law.
- (d) Meet all requirements for retaining public records and transfer, at no cost, to the public agency all public records in possession of the contractor upon termination of the contract and destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. All records stored electronically must be provided to the public agency in a format that is compatible with the information technology systems of the public agency.

As the person authorized to sign this statement, I certify that this Contractor agrees to comply with the above requirements.

Warranty - 1 Yr (Standard)

WARRANTY AND LIABILITY: SELLER warrants to Buyer that products manufactured are free from defects in material and workmanship for a period of 1 Yr (Standard) from the date of shipment. SELLER's obligations and liabilities under this warranty are limited to furnishing FOB factory or warehouse at SELLER's designated shipping point, freight allowed to Buyer's city, (or point of export for shipments outside the conterminous United States) replacement equipment (or at the option of SELLER parts therefore) for all Seller's products not conforming to this warranty and which have been returned to the manufacturer. No liability whatever shall attach to SELLER until said products have been paid for and such liability shall be strictly limited to the purchase price of the equipment shown to be defective. SELLER may make further warranty protection available on an optional extra-cost basis and which must be authorized and in writing.

Motors are warranted by the motor manufacturer for a period of one year. Should motors furnished by Greenheck prove defective during this period, they should be returned to the nearest authorized motor service station. Greenheck will not be responsible for any removal or installation costs.

Electrical components, excluding motors, are warranted only to the extent warranted by the original manufacturer. To the extent that SELLER is entitled to pass through a warranty of the original equipment manufacturer of the electrical goods sold, SELLER will pass through such warranties to Buyer.

ANY MISUSE, NEGLECT, FAILURE TO FOLLOW INSTRUCTIONS OR MANUALS OF INSTALLATION OF MAINTENANCE REPAIR, SERVICE, RELOCATION OR ALTERATION TO OR OF, OR OTHER TAMPERING WITH, THE PRODUCTS PERFORMED BY ANY PERSON OR ENTITY OTHER THAN SELLER WITHOUT SELLER'S PRIOR WRITTEN APPROVAL OR ANY USE OF REPLACEMENT PARTS NOT SUPPLIED BY SELLER, SHALL IMMEDIATELY VOID AND CANCEL ALL WARRANTIES WITH RESPECT TO THE AFFECTED PRODUCTS.

THE WARRANTY AND LIABILITY SET FORTH HEREIN ARE IN LIEU OF ALL OTHER WARRANTIES AND LIABILITIES WHETHER IN CONTRACT OR IN NEGLIGENCE, EXPRESSED OR IMPLIED, IN LAW OR IN FACT, INCLUDING IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR USE, SELLER PROVIDES NO INDEPENDENT WARRANTY FOR THIRD PARTY PRODUCTS OR COMPONENTS SOLD TOGETHER OR INCORPORATED WITH SELLER'S PRODUCT(S).

AMCA

AMCA Licensed for Sound and Air Performance Without Appurtenances (Accessories). Power rating (BHP/kW) includes transmission losses.

Greenheck Fan Corporation certifies that the model shown herein is licensed to bear the AMCA Seal. The ratings shown are based on tests and procedures performed in accordance with AMCA Publication 211 and AMCA Publication 311 and comply with the requirements of the AMCA Certified Ratings Program. Performance certified is for installation type B: Free inlet, Ducted outlet. Performance ratings do not include the effects of appurtenances (accessories). Power ratings (BHP/kW) include transmission losses. The sound power level ratings shown are in decibels, referred to 10-12 watts calculated per AMCA Standard 301. The A-weighted sound ratings shown have been calculated per AMCA International Standard 301. Values shown are for inlet Lwi, LwiA, and outlet Lwo, LwoA sound power levels for Installation type B: Free inlet, Ducted outlet. Outlet ratings include the effects of duct and correction.

The AMCA licensed air and/or sound performance data has been modified for installation, appurtenances or accessories, etc. not included in the certified data. The modified performance is not AMCA licensed but is provided to aid in selection and applications of the product.

City of Plantation Procurement Division WRITTEN BID LETTER (Informal Competitive Bid)

We propose to furnish all labor, materials, equipment, incidentals, and permits for City of Plantation Provide and Deliver Two (2) Exhaust Blowers capable of 28,000 CFM at 1" W.C. with a 20 HP motor, as indicated in the attached specifications for the unit prices indicated on the attached Written Bid (WB) form for which the prices have been set. The price or prices offered herein shall apply for the time stated in the <u>WB No. 009-17</u>

We further agree to strictly abide by all the terms and conditions contained in the WB. Any exceptions to the requirements of the WB, the terms and condition of the proposed agreement shall be noted in writing, with detailed explanation, and included with this Bid. The Respondent acknowledges that taking exception may subject this Written Bid to be rejected.

It is understood and agreed that this Written Bid constitutes an offer, which when accepted in writing by the City of Plantation and subject to the terms and conditions of such acceptance, will constitute a valid and binding contract between the undersigned and the City of Plantation.

It is understood and agreed that we have read and understood the scope of work presented in the technical specifications. We further agree, if awarded a contract, to deliver goods and services that meet or exceed the specifications.

The prices offered herein shall be valid for a period of sixty (60) days from Written Bid Duc Date.

WRITTEN BID SIGNATURES AND CERTIFICATIONS (Bidder- Sign and return with Bid)

I certify that, if awarded a contract, the Respondent will furnish all labor, materials, equipment, incidentals, and permits for the City of Plantation Two (2) Exhaust Blowers capable of 28,000 CFM at 1" W.C. with a 20 HP motor, as indicated in the specifications and plans for the unit prices indicated on the attached WB, the Written Bid and the terms of the final contract between the Respondent and City of Plantation.

- I certify on behalf of the Respondent that this Written Bid is made without prior understanding, agreement, or connection with any corporation, firm, or person submitting a bid for the same materials, supplies, or equipment, or services and is in all respects fair and without collusion or fraud. I understand that collusive quoting is a violation of state and federal law and can result in fines, prison sentences, and civil damage awards. I agree to abide by all conditions of the Written Bid and certify that I am authorized to sign this Written Bid for the Respondent.
- 2. I certify that this Written Bid is made without prior understanding, agreement, or connection with any corporation, firm, or person submitting a Bid for the same materials, supplies, services, or equipment and is in all respects fair and without collusion or fraud. I understand collusive quoting is a violation of state and federal law and can result in fines, prison sentences, and civil damage awards. I agree to abide by all conditions of this WB and certify that I am authorized to sign this Written Bid for the Respondent.

GENERAL SPECIFICATIONS

Two (2) Exhaust Blowers capable of 28,000 CFM at 1" W.C. with a 20 HP motor.

City of Plantation Utilities Department

SCOPE:

The City of Plantation, Florida (The City) is seeking bids from qualified bidders, hereinafter referred to as the Contractor, to Provide and Deliver Two (2) Exhaust Blowers capable of 28,000 CFM at 1" W.C. with a 20 HP motor to the City's Utilities Department, in accordance with the terms, conditions, and specifications contained in this Written Bid (WB).

<u>Term:</u>

It is the City's intention to purchase Two (2) Exhaust Blowers capable of 28,000 CFM at 1" W.C. with a 20 HP motor during fiscal year 2017. Contingent upon Budget approval. Pricing shall be inclusive and include all components as listed, delivery, shipping charges and/or any charges, fees, etc. (if any) must be include in the quoted price. No additional fees, charges, special delivery charges etc. above the quoted price will be paid for any order. Delivery of Blowers shall be made to FOB Destination shall be made within 14 weeks of purchase order being submitted to the winning bidder.

City of Plantations' fiscal year starts October 1st and ends September 30th.

Corrections:

No erasures are permitted. If a correction is necessary, draw a single line through the entered figure and enter the corrected figure above it. Corrections must be initialed by the person signing the Bid.

Clarifications:

Any inquiries or suggestions concerning interpretation, clarification, or additional information pertaining to the Bid shall be made through Charles Spencer Jr. in writing or through email.

Indemnity Clause:

Contractor shall indemnify and hold harmless City, and its elected and appointed officers, the officers, directors, employees, agents and other consultants of each of them, from and against any and all liabilities, damages, losses and costs, including, but not limited to, reasonable attorney's fees, to the extent caused by the negligence, recklessness, or intentional wrongful misconduct of the Contractor and other persons employed or utilized by the Contractor in the performance of this Agreement. Contractor agrees to indemnity, defand, save and hold harmless the City, its officers, agents and employees, from all damages, liabilities, losses, claims, fines and fees, and from any and all suits and actions of every name and description that may be brought against City, its officers, agents and employees, on account of any claims, fees, royalties, or costs for any invention or patent or for the infringement of any and all copyrights or patent rights claimed by any person, firm, or corporation.

This indemnity includes but is not limited to claims attributable to bodily injury, sickness, disease or death, or to injury or destruction of tangible property, including the Work itself, and including the loss of use resulting therefrom.

Payment of any amount due pursuant to the foregoing indemnity shall, after receipt of written notice by Contractor from the City that such amount is due, be made by Contractor prior to the City being required to pay same, or in the alternative, the City, at the City's option, may make payment of an amount so due and Contractor shall promptly reimburse the City for same, together with interest thereon at the statutory rate from the date of receipt by Contractor of written notice from the City that such payment is due. Contractor agrees, at Contractor's expense, after written notice from the City, to defend any action against the City that falls within the scope of this indemnity, or the City, at the City's option, may elect not to tender such defense and may elect instead to secure its own attorney to defend any such action and the reasonable costs and expenses of such attorney incurred in defending such action shall be payable by Contractor. Additionally, if Contractor, after receipt of written notices from the City, fails to make any payment due hereunder to the City, Contractor shall pay any reasonable attorney's fees or costs incurred by the City in securing any such payment from Contractor.

Nothing contained herein is intended nor shall it be construed to waive the City's rights and immunities under the common law or Florida Statute §768.28 as amended from time to time. This obligation shall not be construed to negate, abridge, or otherwise reduce any other right or obligation of indemnity which would otherwise exist in the City's favor.

Deviations to Specifications and Requirements:

When bidding on an "or equal," Bids must be accompanied with all descriptive information necessary for an evaluation of the proposed material or equipment such as the detailed drawings and specifications, certified operation and test data, and experience records. Failure of any bidder to furnish the data necessary to determine whether the product is equivalent, may be cause for rejection of the specific items(s) to which it pertains. All deviations from the specifications must be noted in detail by the bidder. Any deviation from the specifications as written and accepted by the City may be grounds for rejection of the material and/or equipment when delivered. Equivalent will be accepted with full specifications provided & site visit to confirm size and orientation.

Quality Guaranty:

All materials used for the manufacture or construction of any supplies, materials or equipment covered by this bid shall be new; the latest model, of the best quality, and highest grade workmanship. The machine(s) shall have all equipment which is normally standard, plus any additional equipment as specified herein. The equipment delivered under this bid shall remain the property of the seller, until a physical inspection and actual operation of the equipment show it to be in compliance with the specifications. If any product delivered does not meet applicable specifications or if the product will not produce the effect that the bidder represents to the City, the bidder shall pick up the product from the City at no expense. Also, the bidder shall refund the City any money which has been paid for same. The bidder will be responsible for attorney fees in the event the bidder defaults and court action is required. Bids will be considered only on equipment which can, on short notice, be serviced and maintained by the bidder. The bidder must maintain a normal supply of repair parts and be equipped with personnel and facilities to provide such service as necessary to keep the equipment in operation with minimal delay.

Ouality Terms:

The City reserves the right to reject any or all material if, in its judgment, the item reflects unsatisfactory workmanship, manufacturing, or shipping damages.

Tax-Exempt:

The City is exempt from sales tax and Federal Excise Taxes.

Exceptions:

The intent of this specification is not to eliminate any prospective bidder from competing in the bidding process, provided the specification is met or exceeded. Exceptions to the specifications outlined shall be allowed assuming the following criterion:

The noted exceptions taken meet or exceed the function, quality, and protective requirements designated by the specification. In addition, each exception shall be identified by section number and thoroughly described in a word document or PDF file and included in the bid package at time of submittal. Equivalent will be accepted with full specifications provided & site visit to confirm size and orientation.

OSHA:

The bidder warrants that the product supplied to the City of Plantation shall conform in all respects to the standards set forth in the Occupational Safety and Health Act of 1970, as amended, and the failure to comply with this condition will be considered as a breach of contract. Any fines levied because of inadequacies to comply with these requirements shall be borne solely by the bidder responsible for same.

WARRANTY:

The successful Contractor shall warrant that all equipment furnished hereunder is of first class material and workmanship, complies in all aspects with the design and specification of these documents, and contains no defect of material or workmanship. In the event of failure of any part or parts of the equipment during the first two (2) years after the City acceptance, not to exceed three (3) years from Contractor's shipment/invoice date, provided that the equipment has been operated in accordance with its intended use, the affected part or parts shall be replaced promptly up notice by the owner at the sole expense of the Contractor. Warranty information for all equipment furnished shall be described in detail and attached to the submitted Bid form and on the proposed Agreement.

EQUAL PRODUCT:

Manufacturer's brand name and model number are used in these specifications for the purpose of establishing minimum requirement level of quality and standards of performance and design required. This is in no way intended to prohibit the bidding of other manufacturer's items of equal material and function, unless otherwise indicated. Equal (substitution) may be bid, providing the product bid is found to be equal in quality, standards of performance, design, etc. to item specified, unless otherwise indicated. Where equal is proposed, bid must be accompanied by complete factory information sheets (specifications, brochures, etc.) documenting the equipment bid as equal. The City, after evaluation of the documentation submitted, will determine if products is approved as equal to the specified request.

PRODUCTS:

A. All equipment including the exhaust blowers, motor, shaft, and wheel base shall be new from the factory or fabricator. Reused or refurbished parts or equipment shall not be accepted.

Two (2) Exhaust Blowers capable of 28,000 CFM at 1" W.C. with a 20 HP motor.

A. General

1. The Blower construction shall be fiberglass reinforced plastic (FRP) or similar corrosion-resistant, UV resistance thermoplastic material. All metal parts shall be 316 stainless steel. (no carbon steel or coated carbon steel will be accepted) Blower shall be designed for continuous service

INSTALLATION:

A. The City will furnish all labor, tools, equipment and machinery to receive and install the Exhaust Blowers completely to proper operating condition.

TO BE RETURNED WITH BID

Cooperation with the Broward County Office of Inspector General

The Broward County Office of Inspector General ("OIG") has the authority to review and investigate how governmental contracts are performed and how contractors and vendors (herein, "CONTRACTORS") are paid. To this end, CONTRACTOR agrees to cooperate with the OIG in the event the Contractor is contacted by the OIG. Such cooperation shall include, answering any questions that may be posed by the OIG, and allowing the OIG to review and copy any of CONTRACTOR's written material, contract documentation, and financial records that may relate to the formulation, execution, and performance of this Contract. The CONTRACTOR acknowledges and agrees that whatever work or effort is expended by CONTRACTOR in interfacing with the OIG is part of the administrative or overhead or base costs of the services provided by the CONTRACTOR to the CITY, and shall never be a basis for claiming extra or additional compensation under this Contract, or for requesting a change order.

The CONTRACTOR's failure to cooperate fully with the OIG as required by the preceding clause shall be a basis for the City claiming the CONTRACTOR is in default, and may, if not timely cured, allow the City to terminate this Contract for cause. Unless the CONTRACTOR is instructed otherwise in a specific written and notarized Order signed by the Broward County Inspector General, CONTRACTOR shall advise CITY, in writing and in the same manner as Contractor gives the City formal notice under this Contract, each instance, if ever, that the CONTRACTOR is contacted by the OIG, and shall supply the City with information necessary to allow the City to ensure that the Contractor is fully performing the requirements of this Paragraph.

COMPLIANCE UNDER SECTION 119.0701

FLORIDA STATUTES, ON PUBLIC RECORDS

TO BE RETURNED WITH BID

The Contractor hereby certifies that it shall comply with public records laws, specifically to:

- (a) Keep and maintain public records that ordinarily and necessarily would be required by the public agency in order to perform the service.
- (b) Provide the public with access to public records on the same terms and conditions that the public agency would provide the records and at a cost that does not exceed the cost provided in this chapter or as otherwise provided by law.
- (c) Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law.
- (d) Meet all requirements for retaining public records and transfer, at no cost, to the public egency all public records in possession of the contractor upon termination of the contract and destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. All records stored electronically must be provided to the public agency in a format that is compatible with the information technology systems of the public agency.

As the person authorized to sign this statement, I certify that this Contractor agrees to comply with the above requirements.

Revised 9/2014

ITB

Local Business Certification Form

The undersigned affirms as true, under penalties of perjury, as follows:

The undersigned, a principal or corporate officer of the business listed below, has read and is familiar with the provisions of City of Plantation Ordinance Number 2437, § 1 which codified Section 2-227 of the City Code.

Pursuant to Section 255.0991, for a competitive solicitation for construction services in which 50 percent or more of the cost will be paid from state-appropriated funds which have been appropriated at the time of this competitive solicitation, Section 2-227 of the City Code <u>shall not</u> apply.

The undersigned, as such principal or corporate officer, further certifies to the best of his/her information and belief that such business is a Local Business as defined by the Code.

The undersigned claims qualification in the event that the Local Business Preference applies to this procurement and the business is determined to be a Qualified Local Business as defined by the Code.

Dated:
Signed:
Printed Name of Signor:
Title of Signor:
Name of Firm:

NA

Page 1 of 3

Sec. 2-227. - Local business preference.

(a)

Definitions. For purposes of this section, the following terms shall have the respective meanings as set forth in this subsection:

Business location means a permanent office or other use of property in which a vendor operates, conducts, engages in or carries on all or a portion of its business, provided that the mere use of a post office box shall not be sufficient to constitute a business location under this provision.

Local business means a vendor or contractor who has paid its local business tax to the City of Plantation at least six (6) months prior to bid or proposal opening date; does business in the city community by providing goods, services, or construction; and maintains a physical business address located within the jurisdictional limits of the city in an area zoned for the conduct of such business from which the vendor or contractor operates or performs business on a day-to-day basis. Post office boxes shall not be used for the purpose of establishing said physical address.

Qualified local business means a local business that satisfies the requirements under the bid or proposal guidelines to perform the services or goods requested.

Vendor means a sole proprietorship, partnership, corporation, limited partnership or limited liability corporation or other recognized business entity that offers to contract with the city for either goods or services.

(b)

Procedure; notice of option to match lowest response. The city shall give a preference to a qualified local business that responds to competitive procurement in the following manner:

(1)

If a qualified local business submits a response to one (1) of the city's competitive procurement processes set forth in section 2-220(b) (requests for scaled proposals) (but only where the procurement documents in a request for scaled proposals expressly indicates that the local business preference created by this section will be available), (d) (requests for competitive proposals), 2-220(e) (scaled bids in response to an invitation to bid), and 2-220(f) (design build projects which are procured using a competitive proposal process), or informal purchases in excess of the current amount of three thousand five hundred sixty-nine dollars (3,569.00), as referenced and indexed in section 2-226(b) and as may be increased or decreased by authorized adjustments, and the original response of the qualified local business is within five (5) percent of the low response, then the city shall give the qualified local business the opportunity to meet the price of the low response. The order of preference by which the qualified local business shall be given the opportunity to match the low response shall be from the lowest to the highest response, as long as the initial response was within five (5) percent of the low response.

(2)

The city shall give the qualified local business written notice of the opportunity to match the price of the low response within five (5) business days of determining the low response. There shall only be one (1) valid notice of an opportunity to match the price of the low response outstanding at any one (1) point in time. Notice shall be deemed received by the qualified local business by mailing or otherwise transmitting the notice to the address, email, facsimile or otherwise that was supplied by the qualified local business at the time of responding.

(3)

The qualified local business to whom a written notice has been mailed or otherwise transmitted must respond to the city in writing. If the qualified local business fails to file a response to the notice with the city within two (2) days of the posting or transmission of the notification of the Page 2 of 3

option to match the low response, then the failure to respond shall be deemed to be a denial of the opportunity to match the low response. Should the qualified local business choose to meet the price of the low response, then the city shall award the contract to the qualified local business. If no qualified local business accepts the option to match the low response, then the contract shall be offered to the lowest responder.

(c)

Disclosure. The requirements of the city's local policy shall be disclosed in all the city's competitive procurement processes to which this preference applies or informal purchases in excess of the current amount of three thousand five hundred sixty-nine dollars (\$3,569.00), as referenced and indexed in <u>section 2-226(b)</u> and as may be increased or decreased by authorized adjustments.

(d)

Exceptions. The procurement preference set forth in this section shall not apply to any of the following purchases or contracts:

(1)

Goods or services provided under a cooperative purchasing agreement or interlocal agreement;

(2)

Purchases or contracts which are funded, in whole or in part, by a governmental entity where the laws, regulations, or policies governing such funding prohibit or prevent the application of the preference;

(3)

Purchases made or contracts let under emergency or noncompetitive situations;

(4)

Purchases with an estimated cost of less than the amount stipulated for informal bids, as referenced and indexed in <u>section 2-226(b)</u> (which is currently three thousand five hundred sixty-nine dollars (\$3,569.00)) and as may be increased or decreased by authorized adjustments;

(5)

Purchases or contracts procured utilizing procurement processes set forth in <u>section 2-220(b)</u> (requests for sealed proposals) (except where the procurement documents in a request for sealed proposals expressly indicates that the local business preference created by this section will apply) (c), (requests for qualifications), and (g) (design build projects and professional services contracts which are competitively procured using a qualifications based procurement process); and,

(6)

Notwithstanding the above, any purchase using any of the available procurement processes in this Code wherein the procurement documents expressly indicate that the local business preference set forth in this section shall not be available.

(c)

The application of local preference to a particular purchase, contract, or category of contracts for which the city council is the awarding authority may be waived upon written justification and recommendation by the mayor and approval of the city council.

(f)

The preference established in this section does not prohibit the right of the city council or the mayor to compare quality or fitness for use of supplies, materials, equipment and services proposed for purchase and compare qualifications, character, responsibility and fitness of all persons, firms, or corporations submitting bids or proposals.

(g)

The response preference established in this section does not prohibit the city council, or mayor, from giving any other preference permitted by law in addition to the preference authorized in this section. (Ord. No. 2437, § 1, 2-10-2010)

> City of Plantation Procurement Division WRITTEN BID LETTER (Informal Competitive Bid)

We propose to furnish all labor, materials, equipment, incidentals, and permits for City of Plantation Provide and Deliver Two (2) Exhaust Blowers capable of 28,000 CFM at 1" W.C. with a 20 HP motor, as indicated in the attached specifications for the unit prices indicated on the attached Written Bid (WB) form for which the prices have been set. The price or prices offered herein shall apply for the time stated in the <u>WB No. 009-17</u>

We further agree to strictly abide by all the terms and conditions contained in the WB. Any exceptions to the requirements of the WB, the terms and condition of the proposed agreement shall be noted in writing, with detailed explanation, and included with this Bid. The Respondent acknowledges that taking exception may subject this Written Bid to be rejected.

It is understood and agreed that this Written Bid constitutes an offer, which when accepted in writing by the City of Plantation and subject to the terms and conditions of such acceptance, will constitute a valid and binding contract between the undersigned and the City of Plantation.

It is understood and agreed that we have read and understood the scope of work presented in the technical specifications. We further agree, if awarded a contract, to deliver goods and services that meet or exceed the specifications.

The prices offered herein shall be valid for a period of sixty (60) days from Written Bid Due Date.

WRITTEN BID SIGNATURES AND CERTIFICATIONS (Bidder- Sign and return with Bid)

I certify that, if awarded a contract, the Respondent will furnish all labor, materials, equipment, incidentals, and permits for the City of Plantation Two (2) Exhaust Blowers capable of 28,000 CFM at 1" W.C. with a 20 HP motor, as indicated in the specifications and plans for the unit prices indicated on the attached WB, the Written Bid and the terms of the final contract between the Respondent and City of Plantation.

- 1. I certify on behalf of the Respondent that this Written Bid is made without prior understanding, agreement, or connection with any corporation, firm, or person submitting a bid for the same materials, supplies, or equipment, or services and is in all respects fair and without collusion or fraud. I understand that collusive quoting is a violation of state and federal law and can result in fines, prison sentences, and civil damage awards. I agree to abide by all conditions of the Written Bid and certify that I am authorized to sign this Written Bid for the Respondent.
- 2. I certify that this Written Bid is made without prior understanding, agreement, or connection with any corporation, firm, or person submitting a Bid for the same materials, supplies, services, or equipment and is in all respects fair and without collusion or fraud. I understand collusive quoting is a violation of state and federal law and can result in fines, prison sentences, and civil damage awards. I agree to abide by all conditions of this WB and certify that I am authorized to sign this Written Bid for the Respondent.

Charles Spencer Jr. Procurement Administrator

GENERAL SPECIFICATIONS

Two (2) Exhaust Blowers capable of 28,000 CFM at 1" W.C. with a 20 HP motor.

City of Plantation Utilities Department

SCOPE:

The City of Plantation, Florida (The City) is seeking bids from qualified bidders, hereinafter referred to as the Contractor, to Provide and Deliver Two (2) Exhaust Blowers capable of 28,000 CFM at 1" W.C. with a 20 HP motor to the City's Utilities Department, in accordance with the terms, conditions, and specifications contained in this Written Bid (WB).

Term:

It is the City's intention to purchase Two (2) Exhaust Blowers capable of 28,000 CFM at 1" W.C. with a 20 HP motor during fiscal year 2017. Contingent upon Budget approval. Pricing shall be inclusive and include all components as listed, delivery, shipping charges and/or any charges, fees, etc. (if any) must be include in the quoted price. No additional fees, charges, special delivery charges etc. above the quoted price will be paid for any order. Delivery of Blowers shall be made to FOB Destination shall be made within 14 weeks of purchase order being submitted to the winning bidder.

City of Plantations' fiscal year starts October 1st and ends September 30th.

Corrections:

No erasures are permitted. If a correction is necessary, draw a single line through the entered figure and enter the corrected figure above it. Corrections must be initialed by the person signing the Bid.

Clarifications:

Any inquiries or suggestions concerning interpretation, clarification, or additional information pertaining to the Bid shall be made through Charles Spencer Jr. in writing or through email.

Indemnity Clause:

Contractor shall indemnify and hold harmless City, and its elected and appointed officers, the officers, directors, employees, agents and other consultants of each of them, from and against any and all liabilities, damages, losses and costs, including, but not limited to, reasonable attorney's fees, to the extent caused by the negligence, recklessness, or intentional wrongful misconduct of the Contractor and other persons employed or utilized by the Contractor in the performance of this Agreement. Contractor agrees to indemnity, defend, save and hold harmless the City, its officers, agents and employees, from all damages, liabilities, losses, claims, fines and fees, and from any and all suits and actions of every name and description that may be brought against City, its officers, agents and employees, on account of any claims, fees, royalties, or costs for any invention or patent or for the infringement of any and all copyrights or patent rights claimed by any person, firm, or corporation.

This indemnity includes but is not limited to claims attributable to bodily injury, sickness, disease or death, or to injury or destruction of tangible property, including the Work itself, and including the loss of use resulting therefrom.

Payment of any amount due pursuant to the foregoing indemnity shall, after receipt of written notice by Contractor from the City that such amount is due, be made by Contractor prior to the City being required to pay same, or in the alternative, the City, at the City's option, may make payment of an amount so due and Contractor shall promptly reimburse the City for same, together with interest thereon at the statutory rate from the date of receipt by Contractor of written notice from the City that such payment is due. Contractor agrees, at Contractor's expense, after written notice from the City, to defend any action against the City that falls within the scope of this indemnity, or the City, at the City's option, may elect not to tender such defense and may elect instead to secure its own attorney to defend any such action and the reasonable costs and expenses of such attorney incurred in defending such action shall be payable by Contractor. Additionally, if Contractor, after receipt of written notices from the City, fails to make any payment due hereunder to the City, Contractor shall pay any reasonable attorney's fees or costs incurred by the City in securing any such payment from Contractor.

Nothing contained herein is intended nor shall it be construed to waive the City's rights and immunities under the common law or Florida Statute §768.28 as amended from time to time. This obligation shall not be construed to negate, abridge, or otherwise reduce any other right or obligation of indemnity which would otherwise exist in the City's favor.

Deviations to Specifications and Requirements:

When bidding on an "or equal," Bids must be accompanied with all descriptive information necessary for an evaluation of the proposed material or equipment such as the detailed drawings and specifications, certified operation and test data, and experience records. Failure of any bidder to furnish the data necessary to determine whether the product is equivalent, may be cause for rejection of the specific items(s) to which it pertains. All deviations from the specifications must be noted in detail by the bidder. Any deviation from the specifications as written and accepted by the City may be grounds for rejection of the material and/or equipment when delivered. Equivalent will be accepted with full specifications provided & site visit to confirm size and orientation.

Quality Guaranty:

All materials used for the manufacture or construction of any supplies, materials or equipment covered by this bid shall be new; the latest model, of the best quality, and highest grade workmanship. The machine(s) shall have all equipment which is normally standard, plus any additional equipment as specified herein. The equipment delivered under this bid shall remain the property of the seller, until a physical inspection and actual operation of the equipment show it to be in compliance with the specifications. If any product delivered does not meet applicable specifications or if the product will not produce the effect that the bidder represents to the City, the bidder shall pick up the product from the City at no expense. Also, the bidder shall refund the City any money which has been paid for same. The bidder will be responsible for attorney fees in the event the bidder defaults and court action is required. Bids will be considered only on equipment which can, on short notice, be serviced and maintained by the bidder. The bidder must maintain a normal supply of repair parts and be equipped with personnel and facilities to provide such service as necessary to keep the equipment in operation with minimal delay.

Ouality Terms:

The City reserves the right to reject any or all material if, in its judgment, the item reflects unsatisfactory workmanship, manufacturing, or shipping damages.

Tax-Exempt:

The City is exempt from sales tax and Federal Excise Taxes.

Exceptions:

The intent of this specification is not to eliminate any prospective bidder from competing in the bidding process, provided the specification is met or exceeded. Exceptions to the specifications outlined shall be allowed assuming the following criterion:

The noted exceptions taken meet or exceed the function, quality, and protective requirements designated by the specification. In addition, each exception shall be identified by section number and thoroughly described in a word document or PDF file and included in the bid package at time of submittal. Equivalent will be accepted with full specifications provided & site visit to confirm size and orientation.

OSHA:

The bidder warrants that the product supplied to the City of Plantation shall conform in all respects to the standards set forth in the Occupational Safety and Health Act of 1970, as amended, and the failure to comply with this condition will be considered as a breach of contract. Any fines levied because of inadequacies to comply with these requirements shall be borne solely by the bidder responsible for same.

WARRANTY:

The successful Contractor shall warrant that all equipment furnished hereunder is of first class material and workmanship, complies in all aspects with the design and specification of these documents, and contains no defect of material or workmanship. In the event of failure of any part or parts of the equipment during the first two (2) years after the City acceptance, not to exceed three (3) years from Contractor's shipment/invoice date, provided that the equipment has been operated in accordance with its intended use, the affected part or parts shall be replaced promptly up notice by the owner at the sole expense of the Contractor. Warranty information for all equipment furnished shall be described in detail and attached to the submitted Bid form and on the proposed Agreement.

EQUAL PRODUCT:

Manufacturer's brand name and model number are used in these specifications for the purpose of establishing minimum requirement level of quality and standards of performance and design required. This is in no way intended to prohibit the bidding of other manufacturer's items of equal material and function, unless otherwise indicated. Equal (substitution) may be bid, providing the product bid is found to be equal in quality, standards of performance, design, etc. to item specified, unless otherwise indicated. Where equal is proposed, bid must be accompanied by complete factory information sheets (specifications, brochures, etc.) documenting the equipment bid as equal. The City, after evaluation of the documentation submitted, will determine if products is approved as equal to the specified request.

PRODUCTS:

A. All equipment including the exhaust blowers, motor, shaft, and wheel base shall be new from the factory or fabricator. Reused or refurbished parts or equipment shall not be accepted.

Two (2) Exhaust Blowers capable of 28,000 CFM at 1" W.C. with a 20 HP motor.

A. General

1. The Blower construction shall be fiberglass reinforced plastic (FRP) or similar corrosion-resistant, UV resistance thermoplastic material. All metal parts shall be 316 stainless steel. (no carbon steel or coated carbon steel will be accepted) Blower shall be designed for continuous service

INSTALLATION:

A. The City will furnish all labor, tools, equipment and machinery to receive and install the Exhaust Blowers completely to proper operating condition.

TO BE RETURNED WITH BID

Cooperation with the Broward County Office of Inspector General

The Broward County Office of Inspector General ("OIG") has the authority to review and investigate how governmental contracts are performed and how contractors and vendors (herein, "CONTRACTORS") are paid. To this end, CONTRACTOR agrees to cooperate with the OIG in the event the Contractor is contacted by the OIG. Such cooperation shall include, answering any questions that may be posed by the OIG, and allowing the OIG to review and copy any of CONTRACTOR's written material, contract documentation, and financial records that may relate to the formulation, execution, and performance of this Contract. The CONTRACTOR in interfacing with the OIG is part of the administrative or overhead or base costs of the services provided by the CONTRACTOR to the CITY, and shall never be a basis for claiming extra or additional compensation under this Contract, or for requesting a change order.

The CONTRACTOR's failure to cooperate fully with the OIG as required by the preceding clause shall be a basis for the City claiming the CONTRACTOR is in default, and may, if not timely cured, allow the City to terminate this Contract for cause. Unless the CONTRACTOR is instructed otherwise in a specific written and notarized Order signed by the Broward County Inspector General, CONTRACTOR shall advise CITY, in writing and in the same manner as Contractor gives the City formal notice under this Contract, each instance, if ever, that the CONTRACTOR is contacted by the OIG, and shall supply the City with information necessary to allow the City to ensure that the Contractor is fully performing the requirements of this Paragraph.

COMPLIANCE UNDER SECTION 119.0701

FLORIDA STATUTES, ON PUBLIC RECORDS

TO BE RETURNED WITH BID

The Contractor hereby certifies that it shall comply with public records laws, specifically to:

- (a) Keep and maintain public records that ordinarily and necessarily would be required by the public agency in order to perform the service.
- (b) Provide the public with access to public records on the same terms and conditions that the public agency would provide the records and at a cost that does not exceed the cost provided in this chapter or as otherwise provided by law.
- (c) Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law.
- (d) Meet all requirements for retaining public records and transfer, at no cost, to the public agency all public records in possession of the contractor upon termination of the contract and destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. All records stored electronically must be provided to the public agency in a format that is compatible with the information technology systems of the public agency.

As the person authorized to sign this statement, I certify that this Contractor agrees to comply with the above requirements.

Local Business Certification Form

The undersigned affirms as true, under penalties of perjury, as follows:

The undersigned, a principal or corporate officer of the business listed below, has read and is familiar with the provisions of City of Plantation Ordinance Number 2437, § 1 which codified Section 2-227 of the City Code.

Pursuant to Section 255.0991, for a competitive solicitation for construction services in which 50 percent or more of the cost will be paid from state-appropriated funds which have been appropriated at the time of this competitive solicitation, Section 2-227 of the City Code <u>shall not</u> apply.

The undersigned, as such principal or corporate officer, further certifies to the best of his/her information and belief that such business is a Local Business as defined by the Code.

The undersigned claims qualification in the event that the Local Business Preference applies to this procurement and the business is determined to be a Qualified Local Business as defined by the Code.

Dated: 3-13-17
Signed:
Printed Name of Signor: Peters M. tchell
Title of Signor: Government Soles Manuqere
Name of Firm: Johnstone Supply The Ware Grop LUC

Sec. 2-227. - Local business preference.

(a)

Definitions. For purposes of this section, the following terms shall have the respective meanings as set forth in this subsection:

Business location means a permanent office or other use of property in which a vendor operates, conducts, engages in or carries on all or a portion of its business, provided that the mere use of a post office box shall not be sufficient to constitute a business location under this provision.

Local business means a vendor or contractor who has paid its local business tax to the City of Plantation at least six (6) months prior to bid or proposal opening date; does business in the city community by providing goods, services, or construction; and maintains a physical business address located within the jurisdictional limits of the city in an area zoned for the conduct of such business from which the vendor or contractor operates or performs business on a day-to-day basis. Post office boxes shall not be used for the purpose of establishing said physical address.

Qualified local business means a local business that satisfies the requirements under the bid or proposal guidelines to perform the services or goods requested.

Vendor means a sole proprietorship, partnership, corporation, limited partnership or limited liability corporation or other recognized business entity that offers to contract with the city for either goods or services.

(b)

Procedure; notice of option to match lowest response. The city shall give a preference to a qualified local business that responds to competitive procurement in the following manner:

(1)

If a qualified local business submits a response to one (1) of the city's competitive procurement processes set forth in section 2-220(b) (requests for sealed proposals) (but only where the procurement documents in a request for sealed proposals expressly indicates that the local business preference created by this section will be available), (d) (requests for competitive proposals), 2-220(e) (sealed bids in response to an invitation to bid), and 2-220(f) (design build projects which are procured using a competitive proposal process), or informal purchases in excess of the current amount of three thousand five hundred sixty-nine dollars (3,569.00), as referenced and indexed in section 2-226(b) and as may be increased or decreased by authorized adjustments, and the original response of the qualified local business is within five (5) percent of the low response, then the city shall give the qualified local business the opportunity to meet the price of the low response. The order of preference by which the qualified local business shall be given the opportunity to match the low response shall be from the lowest to the highest response, as long as the initial response was within five (5) percent of the low response.

(2)

The city shall give the qualified local business written notice of the opportunity to match the price of the low response within five (5) business days of determining the low response. There shall only be one (1) valid notice of an opportunity to match the price of the low response outstanding at any one (1) point in time. Notice shall be deemed received by the qualified local business by mailing or otherwise transmitting the notice to the address, email, facsimile or otherwise that was supplied by the qualified local business at the time of responding.

(3)

The qualified local business to whom a written notice has been mailed or otherwise transmitted must respond to the city in writing. If the qualified local business fails to file a response to the notice with the city within two (2) days of the posting or transmission of the notification of the

Page 2 of 3

option to match the low response, then the failure to respond shall be deemed to be a denial of the opportunity to match the low response. Should the qualified local business choose to meet the price of the low response, then the city shall award the contract to the qualified local business. If no qualified local business accepts the option to match the low response, then the contract shall be offered to the lowest responder.

(c)

Disclosure. The requirements of the city's local policy shall be disclosed in all the city's competitive procurement processes to which this preference applies or informal purchases in excess of the current amount of three thousand five hundred sixty-nine dollars (\$3,569.00), as referenced and indexed in section 2-226(b) and as may be increased or decreased by authorized adjustments.

(d)

Exceptions. The procurement preference set forth in this section shall not apply to any of the following purchases or contracts:

(1)

Goods or services provided under a cooperative purchasing agreement or interlocal agreement;

(2)

Purchases or contracts which are funded, in whole or in part, by a governmental entity where the laws, regulations, or policies governing such funding prohibit or prevent the application of the preference;

(3)

Purchases made or contracts let under emergency or noncompetitive situations;

(4)

Purchases with an estimated cost of less than the amount stipulated for informal bids, as referenced and indexed in <u>section 2-226(b)</u> (which is currently three thousand five hundred sixty-nine dollars (\$3,569.00)) and as may be increased or decreased by authorized adjustments;

(5)

Purchases or contracts procured utilizing procurement processes set forth in <u>section 2-220(b)</u> (requests for sealed proposals) (except where the procurement documents in a request for sealed proposals expressly indicates that the local business preference created by this section will apply) (c), (requests for qualifications), and (g) (design build projects and professional services contracts which are competitively procured using a qualifications based procurement process); and,

(6)

Notwithstanding the above, any purchase using any of the available procurement processes in this Code wherein the procurement documents expressly indicate that the local business preference set forth in this section shall not be available.

(e)

The application of local preference to a particular purchase, contract, or category of contracts for which the city council is the awarding authority may be waived upon written justification and recommendation by the mayor and approval of the city council.

(f)

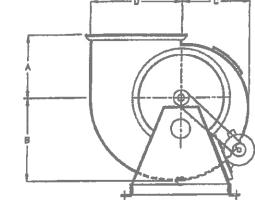

The preference established in this section does not prohibit the right of the city council or the mayor to compare quality or fitness for use of supplies, materials, equipment and services proposed for purchase and compare qualifications, character, responsibility and fitness of all persons, firms, or corporations submitting bids or proposals.

(g)

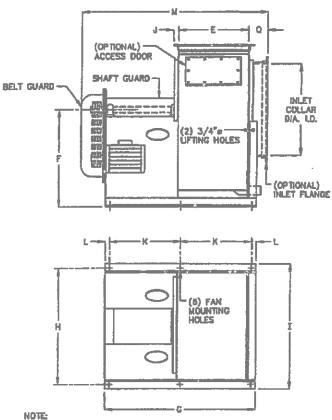

The response preference established in this section does not prohibit the city council, or mayor, from giving any other preference permitted by law in addition to the preference authorized in this section. (Ord. No. 2437, § 1, 2-10-2010)

City of Plantation Procurement Division WRITTEN BID LETTER (Informal Competitive Bid)

We propose to furnish all labor, materials, equipment, incidentals, and permits for City of Plantation Provide and Deliver Two (2) Exhaust Blowers capable of 28,000 CFM at 1" W.C. with a 20 HP motor, as indicated in the attached specifications for the unit prices indicated on the attached Written Bid (WB) form for which the prices have been set. The price or prices offered herein shall apply for the time stated in the <u>WB No. 009-17</u>

We further agree to strictly abide by all the terms and conditions contained in the WB. Any exceptions to the requirements of the WB, the terms and condition of the proposed agreement shall be noted in writing, with detailed explanation, and included with this Bid. The Respondent acknowledges that taking exception may subject this Written Bid to be rejected.

It is understood and agreed that this Written Bid constitutes an offer, which when accepted in writing by the City of Plantation and subject to the terms and conditions of such acceptance, will constitute a valid and binding contract between the undersigned and the City of Plantation.

It is understood and agreed that we have read and understood the scope of work presented in the technical specifications. We further agree, if awarded a contract, to deliver goods and services that meet or exceed the specifications.

The prices offered herein shall be valid for a period of sixty (60) days from Written Bid Due Date.

WRITTEN BID SIGNATURES AND CERTIFICATIONS (Bidder- Sign and return with Bid)

I certify that, if awarded a contract, the Respondent will furnish all labor, materials, equipment, incidentals, and permits for the City of Plantation Two (2) Exhaust Blowers capable of 28,000 CFM at 1" W.C. with a 20 HP motor, as indicated in the specifications and plans for the unit prices indicated on the attached WB, the Written Bid and the terms of the final contract between the Respondent and City of Plantation.

- 1. I certify on behalf of the Respondent that this Written Bid is made without prior understanding, agreement, or connection with any corporation, firm, or person submitting a bid for the same materials, supplies, or equipment, or services and is in all respects fair and without collusion or fraud. I understand that collusive quoting is a violation of state and federal law and can result in fines, prison sentences, and civil damage awards. I agree to abide by all conditions of the Written Bid and certify that I am authorized to sign this Written Bid for the Respondent.
- 2. I certify that this Written Bid is made without prior understanding, agreement, or connection with any corporation, firm, or person submitting a Bid for the same materials, supplies, services, or equipment and is in all respects fair and without collusion or fraud. I understand collusive quoting is a violation of state and federal law and can result in fines, prison sentences, and civil damage awards. I agree to abide by all conditions of this WB and certify that I am authorized to sign this Written Bid for the Respondent.

GENERAL SPECIFICATIONS

Two (2) Exhaust Blowers capable of 28,000 CFM at 1" W.C. with a 20 HP motor.

City of Plantation Utilities Department

SCOPE:

The City of Plantation, Florida (The City) is seeking bids from qualified bidders, hereinafter referred to as the Contractor, to Provide and Deliver Two (2) Exhaust Blowers capable of 28,000 CFM at 1" W.C. with a 20 HP motor to the City's Utilities Department, in accordance with the terms, conditions, and specifications contained in this Written Bid (WB).

Term:

It is the City's intention to purchase Two (2) Exhaust Blowers capable of 28,000 CFM at 1" W.C. with a 20 HP motor during fiscal year 2017. Contingent upon Budget approval. Pricing shall be inclusive and include all components as listed, delivery, shipping charges and/or any charges, fees, etc. (if any) must be include in the quoted price. No additional fees, charges, special delivery charges etc. above the quoted price will be paid for any order. Delivery of Blowers shall be made to FOB Destination shall be made within 14 weeks of purchase order being submitted to the winning bidder.

City of Plantations' fiscal year starts October 1st and ends September 30th.

Corrections:

No erasures are permitted. If a correction is necessary, draw a single line through the entered figure and enter the corrected figure above it. Corrections must be initialed by the person signing the Bid.

Clarifications:

Any inquiries or suggestions concerning interpretation, clarification, or additional information pertaining to the Bid shall be made through Charles Spencer Jr. in writing or through email.

Indemnity Clause:

Contractor shall indemnify and hold harmless City, and its elected and appointed officers, the officers, directors, employees, agents and other consultants of each of them, from and against any and all liabilities, damages, losses and costs, including, but not limited to, reasonable attorney's fees, to the extent caused by the negligence, recklessness, or intentional wrongful misconduct of the Contractor and other persons employed or utilized by the Contractor in the performance of this Agreement. Contractor agrees to indemnity, defend, save and hold harmless the City, its officers, agents and employees, from all damages, liabilities, losses, claims, fines and fees, and from any and all suits and actions of every name and description that may be brought against City, its officers, agents and employees, on account of any claims, fees, royalties, or costs for any invention or patent or for the infringement of any and all copyrights or patent rights claimed by any person, firm, or corporation.

This indemnity includes but is not limited to claims attributable to bodily injury, sickness, disease or death, or to injury or destruction of tangible property, including the Work itself, and including the loss of use resulting therefrom.

Payment of any amount due pursuant to the foregoing indemnity shall, after receipt of written notice by Contractor from the City that such amount is due, be made by Contractor prior to the City being required to pay same, or in the alternative, the City, at the City's option, may make payment of an amount so due and Contractor shall promptly reimburse the City for same, together with interest thereon at the statutory rate from the date of receipt by Contractor of written notice from the City that such payment is due. Contractor agrees, at Contractor's expense, after written notice from the City, to defend any action against the City that falls within the scope of this indemnity, or the City, at the City's option, may elect not to tender such defense and may elect instead to secure its own attorney to defend any such action and the reasonable costs and expenses of such attorney incurred in defending such action shall be payable by Contractor. Additionally, if Contractor, after receipt of written notices from the City, fails to make any payment due hereunder to the City, Contractor shall pay any reasonable attorney's fees or costs incurred by the City in securing any such payment from Contractor.

Nothing contained herein is intended nor shall it be construed to waive the City's rights and immunities under the common law or Florida Statute §768.28 as amended from time to time. This obligation shall not be construed to negate, abridge, or otherwise reduce any other right or obligation of indemnity which would otherwise exist in the City's favor.

Deviations to Specifications and Requirements:

When bidding on an "or equal," Bids must be accompanied with all descriptive information necessary for an evaluation of the proposed material or equipment such as the detailed drawings and specifications, certified operation and test data, and experience records. Failure of any bidder to furnish the data necessary to determine whether the product is equivalent, may be cause for rejection of the specific items(s) to which it pertains. All deviations from the specifications must be noted in detail by the bidder. Any deviation from the specifications as written and accepted by the City may be grounds for rejection of the material and/or equipment when delivered. Equivalent will be accepted with full specifications provided & site visit to confirm size and orientation.

Quality Guaranty:

9

All materials used for the manufacture or construction of any supplies, materials or equipment covered by this bid shall be new; the latest model, of the best quality, and highest grade workmanship. The machine(s) shall have all equipment which is normally standard, plus any additional equipment as specified herein. The equipment delivered under this bid shall remain the property of the seller, until a physical inspection and actual operation of the equipment show it to be in compliance with the specifications. If any product delivered does not meet applicable specifications or if the product will not produce the effect that the bidder represents to the City, the bidder shall pick up the product from the City at no expense. Also, the bidder shall refund the City any money which has been paid for same. The bidder will be responsible for attorney fees in the event the bidder defaults and court action is required. Bids will be considered only on equipment which can, on short notice, be serviced and maintained by the bidder. The bidder must maintain a normal supply of repair parts and be equipped with personnel and facilities to provide such service as necessary to keep the equipment in operation with minimal delay.

Quality Terms:

The City reserves the right to reject any or all material if, in its judgment, the item reflects unsatisfactory workmanship, manufacturing, or shipping damages.

Tax-Exempt:

The City is exempt from sales tax and Federal Excise Taxes.

Exceptions:

The intent of this specification is not to eliminate any prospective bidder from competing in the bidding process, provided the specification is met or exceeded. Exceptions to the specifications outlined shall be allowed assuming the following criterion:

The noted exceptions taken meet or exceed the function, quality, and protective requirements designated by the specification. In addition, each exception shall be identified by section number and thoroughly described in a word document or PDF file and included in the bid package at time of submittal. Equivalent will be accepted with full specifications provided & site visit to confirm size and orientation.

OSHA:

The bidder warrants that the product supplied to the City of Plantation shall conform in all respects to the standards set forth in the Occupational Safety and Health Act of 1970, as amended, and the failure to comply with this condition will be considered as a breach of contract. Any fines levied because of inadequacies to comply with these requirements shall be borne solely by the bidder responsible for same.

WARRANTY:

The successful Contractor shall warrant that all equipment furnished hereunder is of first class material and workmanship, complies in all aspects with the design and specification of these documents, and contains no defect of material or workmanship. In the event of failure of any part or parts of the equipment during the first two (2) years after the City acceptance, not to exceed three (3) years from Contractor's shipment/invoice date, provided that the equipment has been operated in accordance with its intended use, the affected part or parts shall be replaced promptly up notice by the owner at the sole expense of the Contractor. Warranty information for all equipment furnished shall be described in detail and attached to the submitted Bid form and on the proposed Agreement.

EQUAL PRODUCT:

Manufacturer's brand name and model number are used in these specifications for the purpose of establishing minimum requirement level of quality and standards of performance and design required. This is in no way intended to prohibit the bidding of other manufacturer's items of equal material and function, unless otherwise indicated. Equal (substitution) may be bid, providing the product bid is found to be equal in quality, standards of performance, design, etc. to item specified, unless otherwise indicated. Where equal is proposed, bid must be accompanied by complete factory information sheets (specifications, brochures, etc.) documenting the equipment bid as equal. The City, after evaluation of the documentation submitted, will determine if products is approved as equal to the specified request.

PRODUCTS:

×.

A. All equipment including the exhaust blowers, motor, shaft, and wheel base shall be new from the factory or fabricator. Reused or refurbished parts or equipment shall not be accepted.

Cooperation with the Broward County Office of Inspector General

The Broward County Office of Inspector General ("OIG") has the authority to review and investigate how governmental contracts are performed and how contractors and vendors (herein, "CONTRACTORS") are paid. To this end, CONTRACTOR agrees to cooperate with the OIG in the event the Contractor is contacted by the OIG. Such cooperation shall include, answering any questions that may be posed by the OIG, and allowing the OIG to review and copy any of CONTRACTOR's written material, contract documentation, and financial records that may relate to the formulation, execution, and performance of this Contract. The CONTRACTOR in interfacing with the OIG is part of the administrative or overhead or base costs of the services provided by the CONTRACTOR to the CITY, and shall never be a basis for claiming extra or additional compensation under this Contract, or for requesting a change order.

The CONTRACTOR's failure to cooperate fully with the OIG as required by the preceding clause shall be a basis for the City claiming the CONTRACTOR is in default, and may, if not timely cured, allow the City to terminate this Contract for cause. Unless the CONTRACTOR is instructed otherwise in a specific written and notarized Order signed by the Broward County Inspector General, CONTRACTOR shall advise CITY, in writing and in the same manner as Contractor gives the City formal notice under this Contract, each instance, if ever, that the CONTRACTOR is contacted by the OIG, and shall supply the City with information necessary to allow the City to ensure that the Contractor is fully performing the requirements of this Paragraph.

COMPLIANCE UNDER SECTION 119.0701

FLORIDA STATUTES, ON PUBLIC RECORDS

TO BE RETURNED WITH BID

The Contractor hereby certifies that it shall comply with public records laws, specifically to:

- (a) Keep and maintain public records that ordinarily and necessarily would be required by the public agency in order to perform the service.
- (b) Provide the public with access to public records on the same terms and conditions that the public agency would provide the records and at a cost that does not exceed the cost provided in this chapter or as otherwise provided by law.
- (c) Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law.
- (d) Meet all requirements for retaining public records and transfer, at no cost, to the public agency all public records in possession of the contractor upon termination of the contract and destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. All records stored electronically must be provided to the public agency in a format that is compatible with the information technology systems of the public agency.

As the person authorized to sign this statement, I certify that this Contractor agrees to comply with the above requirements.

Revised 9/2014

COUNTY OF

Local Business Certification Form

The undersigned affirms as true, under penalties of perjury, as follows:

ł

The undersigned, a principal or corporate officer of the business listed below, has read and is familiar with the provisions of City of Plantation Ordinance Number 2437, § 1 which codified Section 2-227 of the City Code.

Pursuant to Section 255.0991, for a competitive solicitation for construction services in which 50 percent or more of the cost will be paid from state-appropriated funds which have been appropriated at the time of this competitive solicitation, Section 2-227 of the City Code <u>shall not</u> apply.

The undersigned, as such principal or corporate officer, further certifies to the best of his/her information and belief that such business is a Local Business as defined by the Code.

The undersigned claims qualification in the event that the Local Business Preference applies to this procurement and the business is determined to be a Qualified Local Business as defined by the Code.

Dated: MARCH 10, 2017	
Signed:	
Printed Name of Signor: JOSE G. ESPINOLA	
Title of Signor:PRESIDENT	
Name of Firm: CONDO ELECTRIC INDUSTRIAL SUPPLY,	INC.

Sec. 2-227. - Local business preference.

(a)

Definitions. For purposes of this section, the following terms shall have the respective meanings as set forth in this subsection:

Business location means a permanent office or other use of property in which a vendor operates, conducts, engages in or carries on all or a portion of its business, provided that the mere use of a post office box shall not be sufficient to constitute a business location under this provision.

Local business means a vendor or contractor who has paid its local business tax to the City of Plantation at least six (6) months prior to bid or proposal opening date; does business in the city community by providing goods, services, or construction; and maintains a physical business address located within the jurisdictional limits of the city in an area zoned for the conduct of such business from which the vendor or contractor operates or performs business on a day-to-day basis. Post office boxes shall not be used for the purpose of establishing said physical address.

Qualified local business means a local business that satisfies the requirements under the bid or proposal guidelines to perform the services or goods requested.

Vendor means a sole proprietorship, partnership, corporation, limited partnership or limited liability corporation or other recognized business entity that offers to contract with the city for either goods or services.

(b)

Procedure; notice of option to match lowest response. The city shall give a preference to a qualified local business that responds to competitive procurement in the following manner:

(1)

If a qualified local business submits a response to one (1) of the city's competitive procurement processes set forth in section 2-220(b) (requests for scaled proposals) (but only where the procurement documents in a request for scaled proposals expressly indicates that the local business preference created by this section will be available), (d) (requests for competitive proposals), 2-220(e) (scaled bids in response to an invitation to bid), and 2-220(f) (design build projects which are procured using a competitive proposal process), or informal purchases in excess of the current amount of three thousand five hundred sixty-nine dollars (\$3,569.00), as referenced and indexed in section 2-226(b) and as may be increased or decreased by authorized adjustments, and the original response of the qualified local business is within five (5) percent of the low response, then the city shall give the qualified local business the opportunity to meet the price of the low response. The order of preference by which the qualified local business shall be given the opportunity to match the low response shall be from the lowest to the highest response, as long as the initial response was within five (5) percent of the low response.

(2)

The city shall give the qualified local business written notice of the opportunity to match the price of the low response within five (5) business days of determining the low response. There shall only be one (1) valid notice of an opportunity to match the price of the low response outstanding at any one (1) point in time. Notice shall be deemed received by the qualified local business by mailing or otherwise transmitting the notice to the address, email, facsimile or otherwise that was supplied by the qualified local business at the time of responding.

(3)

The qualified local business to whom a written notice has been mailed or otherwise transmitted must respond to the city in writing. If the qualified local business fails to file a response to the notice with the city within two (2) days of the posting or transmission of the notification of the

Page 2 of 3

option to match the low response, then the failure to respond shall be deemed to be a denial of the opportunity to match the low response. Should the qualified local business choose to meet the price of the low response, then the city shall award the contract to the qualified local business. If no qualified local business accepts the option to match the low response, then the contract shall be offered to the lowest responder.

(c)

Disclosure. The requirements of the city's local policy shall be disclosed in all the city's competitive procurement processes to which this preference applies or informal purchases in excess of the current amount of three thousand five hundred sixty-nine dollars (\$3,569.00), as referenced and indexed in <u>section 2-226(b)</u> and as may be increased or decreased by authorized adjustments.

(d)

Exceptions. The procurement preference set forth in this section shall not apply to any of the following purchases or contracts:

(1)

Goods or services provided under a cooperative purchasing agreement or interlocal agreement;

(2)

Purchases or contracts which are funded, in whole or in part, by a governmental entity where the laws, regulations, or policies governing such funding prohibit or prevent the application of the preference;

(3)

Purchases made or contracts let under emergency or noncompetitive situations;

(4)

Purchases with an estimated cost of less than the amount stipulated for informal bids, as referenced and indexed in <u>section 2-226(b)</u> (which is currently three thousand five hundred sixty-nine dollars (\$3,569.00)) and as may be increased or decreased by authorized adjustments;

(5)

Purchases or contracts procured utilizing procurement processes set forth in <u>section 2-220(b)</u> (requests for sealed proposals) (except where the procurement documents in a request for sealed proposals expressly indicates that the local business preference created by this section will apply) (c), (requests for qualifications), and (g) (design build projects and professional services contracts which are competitively procured using a qualifications based procurement process); and,

(6)

Notwithstanding the above, any purchase using any of the available procurement processes in this Code wherein the procurement documents expressly indicate that the local business preference set forth in this section shall not be available.

(c)

The application of local preference to a particular purchase, contract, or category of contracts for which the city council is the awarding authority may be waived upon written justification and recommendation by the mayor and approval of the city council.

(f)

The preference established in this section does not prohibit the right of the city council or the mayor to compare quality or fitness for use of supplies, materials, equipment and services proposed for purchase and compare qualifications, character, responsibility and fitness of all persons, firms, or corporations submitting bids or proposals.

(g)

The response preference established in this section does not prohibit the city council, or mayor, from giving any other preference permitted by law in addition to the preference authorized in this section. (Ord. No. 2437, § 1, 2-10-2010)

ADDENDUM No. 2

WB No. 009-17

Provide and deliver Two (2) Exhaust Blowers capable of 28,000 CFM at 1" W.C. with a 20 Ho Motor

City of Plantation

DATE OF ADDENDUM: February 27, 2017

TO ALL PROSPECTIVE BIDDERS:

The following clarification, changes, additions and/or deletions are hereby made part of the Bid Documents for WB No. 009-17.

General Questions

Ouestion: What is the HP required?

Response: Blower has to be at least 20 HP (Currently have 20Hp Blower)

Question: Can you provide the dimensions of the blower you are requesting?

<u>Response:</u> Prospective Bidders must come take measurements in order to submit proper build submittal. Point of contact for site visits is below:

Brett Miller 954-326-7634 City of Plantation Water /Waste Water Plant Maintenance Superintendent

Question: Can you give the range of or the required voltage?

<u>Response</u>: The requited voltage is 480 volt.

Ouestion: Can you provide a picture of the current blower that needs to be replaced?

<u>Response</u>: (See attached picture)

Bids must be submitted on or before March 14th, 2017, **11:00 A.M.** Bids may be hand delivered to City Hall, 400 NW 73 Avenue, Plantation, Florida 33317; Email: <u>ESperant @Plantation.org</u>, via Fax: (954) 797-2649; or Demand Star.

All other terms, conditions and specifications remain unchanged for WB No.009-17.

Please acknowledge receipt of this Addendum No. 2 by returning it and/or acknowledging it in your bid.

DATE OF ADDENDUM: February 17, 2017

TO ALL PROSPECTIVE BIDDERS:

The following clarification, changes, additions and/or deletions are hereby made part of the Bid Documents for WB No. 009-17.

General Questions

Question: Is this an inline Fan or Utility FAN?

Response: This is NOT a Fan it is a Centrifugal Blower

Question: Can you please provide application?

Response: The Blower is used to remove air from the generator room to assist in cooling.

Question: Can you give the range of or the required voltage?

Response: The requited voltage is 480 volt.

<u>Question:</u> Can you provide an existing model number that we are matching or any data regarding the application and your requirements?

<u>**Response:**</u> There is no model number available, old unit is a Penn Ventilator Company Dynamo centrifugal blower. Site visit highly recommended for proper submittals to be made for City's approval. Vendors must measure and see blower configuration to properly bid and make proper submittals (See attached picture).

SERIES 41P GUIDE SPECIFICATION

FIBERGLASS BACKWARD CURVED CENTRIFUGAL FAN, PACKAGED

The belt drive Fiberglass Backward Curved Centrifugal Fan, Packaged shall be manufactured by Hartzell Air Movement, Series 41P, Arrg. 10, in Class II construction. Standard sizes are 12" through 36". Rotation, as determined by the drive side of the fan, shall be clockwise or counterclockwise. Fan housing, for sizes 12 through 36 shall be field rotatable and the discharge shall be any of the eight AMCA standard positions. The fan shall be completely assembled, packaged and ready to install.

The resin used on the solid fiberglass FA-Type wheel shall be Dow Derakane 510-A vinylester. Backward curved blades offer non-loading, highly efficient operation. The wheel shall have a totally encapsulated aluminum core insert for secure attachment to the shaft. The wheel shall be one-piece, resin transfer molded, without hand lay-up or assembly of components. The fan shall be suitable for temperatures up to 250° F.

Fan housing shall be constructed of Ashland Hetron 693 polyester resin and glass fiber with 3% antimony trioxide added to achieve Class I flame spread below 25. All fiberglass surfaces shall be protected with a minimum 10 mil thickness of chemical, flame and ultraviolet resistant resin. The inlet cone shall be solid fiberglass. The entire housing shall have a finish coat of resin to provide superior protection and smooth airflow. All airstream hardware shall be 304 stainless steel. Fan drive base shall be epoxy coated steel.

Fan shaft shall be ground and polished carbon steel with an FRP sleeve in the airstream. Bearings shall be heavy-duty, self-aligning, with extended lube tubes for continuous service, with a minimum of 50,000 hours L_{10} life. A neoprene shaft seal shall be located where the shaft enters the housing with a neoprene shaft slinger between the seal and wheel. V-belt drives shall be sized for continuous service.

The fan assembly shall be dynamically balanced at the Hartzell factory prior to shipping. Fans shall be balanced in accordance with AMCA Standard 204-96, fan application category BV-3 (comparable to Grade G6.3). Fans shall be manufactured in accordance with Hartzell's standard quality assurance procedures. Fan performance shall be based on tests conducted in Hartzell's AMCA accredited test laboratory and in accordance with the latest revision of AMCA Standard 210 for air performance and AMCA Standard 300 for sound. Fans shall be licensed to bear the AMCA Certified Ratings Seal for Sound and Air Performance.

ACCESSORIES:

artzel

- Weather Cover Combines guarding of motor and drive as well as providing protection from the weather.
- Safety Guards Fits on inlet or outlet of fan. Made of epoxy coated steel.
- Vibration Isolators For horizontal floor mount. Available in rubber-in-shear or spring type.
- Drain CPVC bulkhead fitting assembled in housing, 1" female fitting.
- Inlet Dampers Used to control volume. Standard construction is available through 7" and 3000 FPM, and is epoxy coated steel.

- Surfacing Veil Either Nexus Veil (standard) or C Glass Veil applied to the airstream fan parts, with an additional coat of resin.
- Electrical Grounding Air stream surfaces are coated with a carbon rich coating with grounding straps to the motor frame. User must properly ground the equipment at the installation.
- Motors OEDP standard. TEFC and other special motors are available upon request.
- Access Door Raised, bolted door held in place with stainless steel bolts and gasketed.
- Inspection Door Small opening for visual inspection of wheel. Gasketed and held in place with stainless steel bolts.
- Flanged Inlet Solid fiberglass inlet flange, available drilled or undrilled.
- Special Hardware 316 stainless steel or Monel for special chemical environments.
- Outlet Dampers Epoxy coated steel or stainless steel, either parallel or opposed blade type. Solid fiberglass backdraft dampers are also available.
- Height Adjusting Sub-Base Epoxy coated to accommodate B.A.D., B.H, and B.A.U. discharge.
- Abrasion/Erosion Resistant Coating (HartKoate) Particularly useful when water mist and/or abrasive particles exist in the air stream.
- Conformance to ASTM D4167-97 requirements.

R	Radiated Sound is not AMCA Licensed										

- System Curve ---- Static Pressure (in.wg) ---- AMCA Certified ---- Power

Hartzell Air Movement certifies that the model shown is licensed to bear the AMCA Seal. The ratings shown are based on tests and procedures performed in accordance with AMCA publication 211 and AMCA publication 311 and comply with the requirements of the AMCA Certified Ratings Program.

Power rating BHP excludes transmission loss

Performance certified is for Installation Type D: Ducted Inlet, Ducted Outlet.

AMCA Licensed for Sound and Air Performance

Performance ratings do not include the effects of appurtenances (Accessories). Sound ratings are based on sound level data obtained in accordance with AMCA Standard 300. The sound power level ratings shown are in decibels, referred to 10^-12 watts, calculated per AMCA Standard 301. Fan Outlet Sound Testing. Values shown are for outlet Lwo sound power levels for:

Installation Type D: Ducted Inlet, Ducted Outlet. Ratings include the effects of duct end correction.

Discharge Sound Pressure = 96 dBA @ 5ft

Radiated Sound Pressure = 84 dBA @ 5ft

Discharge Sound Power = 107 LwA

AMCA Certified

Radiated Sound Power = 95 LwA

The A-weighted sound pressure level (dBA) is based on Hartzell Laboratory sound power tests, and is calculated in accordance with AMCA standard 303.

The FEG, dBA, LwA and radiated values are not AMCA International Licensed.

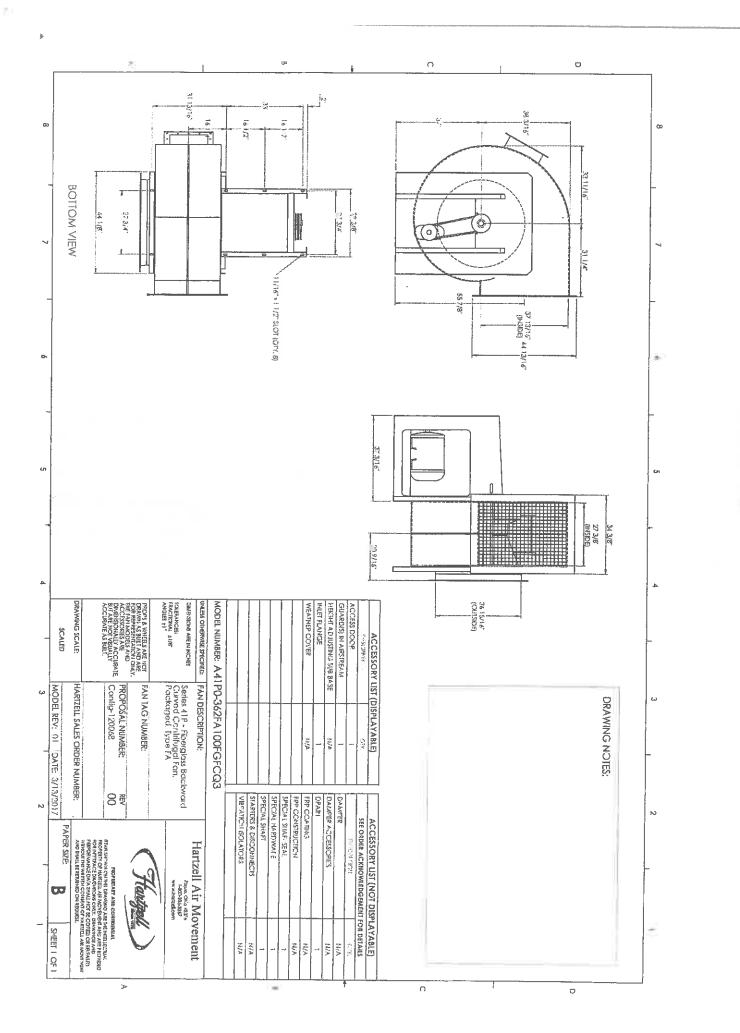

The calculation assumes a free field condition with a directivity factor for hemi-spherical radiation (Q=2).

The installed sound pressure levels are influenced by the installation and acoustic environment, and cannot be guaranteed. Use of this estimate level along for field acceptability test is not recommended.

Although the calculation can be done for any stated distance, the free field does not start until 20 to 50 ft from the equipment in most installations.

Contact Hartzell Air Movement for more information concerning dBA values.

Certified Ratings for Air and Sound

Hartzell Fan, Inc. certifies that the Series 41, Fiberglass Backward Curved Centrifugal Fans, Type FA shown on pages 7–11 and 14–21, and Series 41P, Fiberglass Backward Curved Centrifugal Fan, Packaged, shown on pages 12–20, are licensed to bear the AMCA Seal for Air and Sound Performance. The ratings shown are based on tests and procedures performed in accordance with AMCA Standard 211 and AMCA Standard 311 and comply with the requirements of the AMCA Certified Ratings Program.

Sound Performance data is available upon request. Please contact the factory and ask for Engineering Publication #SD-160.

Hartzell Model Code Explanation

Motor Horsepower

Horsepower	1/4	1/3	1/2	3/4	1	11/2	2	3	5	71/2	10	15	20	25	30	40	50	60	75	100	125	150	200
Code Letter	D	E	F	G	Н	Ι	J	К	L	М	Ν	0	Ρ	Q	R	S	Т	U	V	W	X	Y	Ζ

Example:

Assume a needed performance of 12,000 CFM at 5" SP, standard air. Reading the 33" rating table for 100% width on page 17, we find a fan RPM of 1,168 and brake horsepower (BHP) of 12.3. Required motor horsepower is 15. The model code can be constructed as follows: Type will be a production item (code A), product series for the Fiberglass Backward Curved Fans is 41, arrangement is 9 (code 9), size of the wheel is 33", class of construction is I (code 1), wheel code for this item

is FA, wheel width is 100% (code 100), material of construction is fiberglass (code FG), motor enclosure is open protected dripproof (code OP), motor horsepower is 15 (code O), and motor RPM/phase is 1750 (code 3).

Note: All other informational fields must be filled with hyphens/ dashes (-) if they are not applicable to the fan being considered.

This bulletin lists Hartzell's line of Fiberglass Backward Curved Centrifugal Fans, Type FA and accessories. More than 70 Hartzell offices can provide specific performance and installation data to meet your requirements. Call your Hartzell representative for assistance. Visit our website (www.hartzellfan.com) or call toll-free (1-800-336-3267) for the name of your Hartzell representative.

General Fiberglass Construction Features

A variety of corrosion problems plague industry today. Fans and blowers made of coated steel or metals such as stainless and monel can handle some problem areas. Please refer to the corrosion resistance table on page 5 of this bulletin. Fiberglass centrifugal blowers can be used in most applications where corrosive elements exist in fume and vapor form. The resistance to corrosive elements is a major advantage, but the physical properties of fiberglass equipment offer these additional advantages:

- Fiberglass equipment is corrosion resistant.
- Fiberglass equipment weighs 25% less than comparable equipment made of carbon steel.
- Fiberglass has an extremely high strength-to-weight ratio, stronger than steel on a per-pound basis.
- Dimensional stability of fiberglass is excellent.
- Fiberglass air moving equipment will not become brittle at low temperatures and at 0°F the laminated fiberglass will be stronger than at room temperature.

Hartzell Fan, Inc. conforms to ASTM D4167-97, Standard Specification for fiber-reinforced plastic fans and blowers, when optional surfacing veil, electrical grounding, and dynamic balancing to ASTM D4167-97 levels, are added to the fan.

The following are standard Hartzell fiberglass construction features:

- Corrosion resistant polyester resin, having a Class I flame spread rate of 25 or less is used for all housings. Vinylester resin having a Class I flame spread rate of 25 or less is used for all wheels.
- All structural parts in the airstream are fiberglass and resin. All fiberglass surfaces are protected with a minimum 10-mil thickness of chemical, flame, and ultraviolet resistant resin.
- Shafts are turned, ground, polished, and keyed at both ends with a fiberglass sleeve in the airstream. Shafts are sized to operate well below critical speed. 304 or 316 Stainless steel or monel shafting is available as an option at extra cost.
- Internal hardware (airstream) is Type 304 stainless steel. All internal hardware (airstream) is encapsulated. All external hardware (out of airstream) is zinc plated as standard. Where metal is subject to attack by the corrosive elements being handled, all metal parts can be resin-coated after assembly.
- A fiberglass and neoprene shaft seal is placed where the shaft leaves the housing along with a neoprene shaft slinger between the seal and wheel on belt drive units (seal is not gas tight).

Series 41P

Series 41

Fiberglass Centrifugal Fans

- Bearings on belt drive units are heavy duty, deep row radial ball or double row spherical roller type self-aligning and shielded in cast iron housings. Long inner races ensure even load distribution, providing a high radial and thrust load capacity. Bearings are relubricable for continuous service with lubrication tubes extended to the exterior of fan base as necessary.
- V-Belt Drives are oversized for long life and continuous duty as standard. Fixed pitch or variable pitch drives are available upon request. Belts are oil, heat, and static resistant type.

Type FA Wheel

Type FA Wheel Features

The Type FA wheel is unique in the fan and blower industry. It is available in diameters from 12" to 60" in both clockwise and counter-clockwise rotations. The wheel is airfoil design and solid fiberglass die formed and coated with Dow Derakane 510-A corrosion resistant vinylester resin. The manufactured wheel is a single piece, removed from the pattern whole. This ensures each wheel is aerodynamically identical and provides reliable repeatable performance without the variability of hand made and taped components. The design is the result of a substantial investment in research, development, tooling, and manufacturing methods by Hartzell Fan, Inc.

The type FA wheel is highly efficient, with tapered inlet side and airfoil blades. It has non-overloading horsepower characteristic curve. When used in conjunction with a precision inlet cone it efficiently moves large volumes of air at high pressures with low noise characteristics at low RPM.

The fiberglass resin has a Class I flame spread rate of 25 or less. The wheel is electronically statically and dynamically balanced to the requirements of Fan Application Category BV-3 of AMCA ANSI Std. 204-96 and receives an Operational Test and Inspection before shipment. Special constructions are available for abrasive environments or extremely corrosive environments.

Hartzell Selection Guide

The Hartzell Fiberglass Backward Curved Centrifugal Fan performances on the following pages are based on standard air conditions (sea level, 70°F, and 29.92 inches barometric pressure). Performance data does not include drive losses on belt drive units.

How to use Performance Tables

1. Select a model for a given air delivery and pressure by looking up the required flow vertically along the left column of the performance table and moving to the required pressure. The model is identified with each table.

Temperature/Altitude Applications

When a fan operates in ambient conditions, generally it is handling standard air at 70°F, 29.92" barometric pressure, weighing 0.075-lbs./cu. ft. For an application where the fan operates at other than ambient conditions (temperature, altitude, or both), correction factors must be applied to the selection of the fan. In addition, the standard construction of the fan must be modified.

Correction factors for temperatures and altitudes are provided in Table 1. When a fan operates at other than ambient conditions.

- 2. Note the required RPM and BHP. Refer to page 2 Hartzell Model Code Explanation for additional details.
- 3. If non-standard temperature or altitude is involved, correct to standard air density (see Temperature/Altitude Applications).

When placing your order, be sure to specify the Hartzell Model Code. Be sure to include fan model, performance requirements, operating temperature, motor data (enclosure, voltage, mounting position, etc.), and a list of required accessory items. (See pages 22 and 23.) For selection assistance and additional data contact your local Hartzell Sales Representative for assistance.

the correction factors in Table 1 will be required to correct static pressure and horsepower.

Table 2 shows the maximum safe operating speeds for each size fan wheel. At high temperatures, these maximum safe operating speeds should be derated.

Table 3 provides maximum safe speed correction factors by temperature and material construction. An example on the use of these tables appears at the bottom of this page.

Table 1 Altitude/Temperature Correction Factors

Temp.*(°F)	-50	-25	0	25	50	70	100	125	150	175	200) 250	
Factor	0.77	0.82	0.87	0.91	0.96	5 1.00	1.06	1.10	1.15	1.20	1.2	5 1.34	
Ait.** (Ft.)	0	1,000) 2,0	00 3	3,000	4,000	5,000	6,000	0,7	3 00	3,000	9,000	10,000
Factor	1.00	1.04	1.0	08	1.12	1.16	1.20	1.25	1.3	0	1.35	1.40	1.46

Above table has inverted values. Actual density is the reciprocal of the above values.

At sea level. **At 70°F. For corrections involving both temperature and altitude, correction factors should be multiplied. Example: 150°F at 7000 ft.: Temperature factor 1.15 x altitude factor 1.30 = 1.50 combined correction factor.

Table 2 Maximum Safe Speeds @ 70°F

Fan Şize	100% Width	66% Width
12	4,520	5,320
15	3,600	4,340
18	2,990	3,610
22	2, 4 40	2,950
24	2,240	2,710
27	2,000	2,410
30	1,840	2,220
33	1,670	2,020
36	1,530	1,850
40	1,370	1,660
44	1,240	1,500
49	1,130	1,360
54	1,020	1,230
60	920	1,110

Table 3 Maximum Safe Speed **Correction Factors***

Temp. (°F)	0	70	100	150	175	200	225	250
FRP	1.00	1.00	1.00	0.98	0.95	0.91	0.82	0.70
								4-1 1

* To correct maximum safe operating speeds (Table 2) for high temperatures, multiply those speeds by correction factors from Table 3.

Use of Correction Factors and Tables First select size, RPM and BHP of the blower needed.

If temperature or altitude is involved, correct to standard air.

Example: Assume the required performance to be 12,000 CFM at 4.62" SP, 175°F and 2000 feet altitude.

- 1. Temperature factor 1.20 x altitude factor 1.08 = 1.30 combined correction factor.
- 2. Correct SP to standard 4.62" SP x 1.30 = 6" SP for 70°F at sea level.
- 3. A Series 41, size 33" class II 66% width belt drive backward curved centrifugal, selected from the rating tables (page 17) for the new condition shows 12,000 CFM at 6" SP, 1,398 RPM and 15.5 BHP.
- 4. Correct the horsepower and static pressure in item 3 to nonstandard performance by dividing by factor: 6" SP divided by 1.30 = 4.62" SP; 15.5 BHP divided by 1.30 = 11.9 BHP.
- 5. Check the maximum safe speed. Maximum speed at 70°F for fan size 33" 66% width, 2,020 RPM. Using the maximum safe speed factor table for fiberglass construction vields a safe speed factor of .95. The maximum safe speed is $2,020 \times .95 = 1,919$ RPM; thus operation at 1,438 RPM at 175°F is satisfactory.
- 6. Final performance of the unit at the assumed conditions: 12,000 CFM at 4.62" SP, 1,398 RPM, 11.9 BHP at 175°F and 2000 feet altitude.
- 7. Size motor for cold startups and use a special high altitude motor if altitude exceeds 3300 feet.

Corrosion Resistance Guide

Temperature values shown are for immersion or condensate contact applications. Where temperature values are shown, resin is suitable for hood and duct type applications for the full operating temperature range of the product. See product specifications for materials of construction and maximum operating temperature limits.

Hartzell Centrifugal Fan Classifications

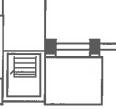

Hartzell Series 41 Fiberglass Backward Curved Centrifugal Fans, Type FA, 100% width, are designed and classified to perform within the centrifugal fan classification parameters established by AMCA Standard No. 2408; AMCA Publication 99. Hartzell Series 41 Fiberglass Backward Curved Centrifugal Fans, Type FA, 100% width are available in Class I and II construction. Hartzell Series 41 in 66% width are available in Class I, II, and III construction. Series 41P are available in Class I construction only. See performance tables for specific ratings. These parameters are explained in the following table.

FAN CLASS	PERFORMANCE RANGE*	TABLE SHADING
T.	5" @ 2300 FPM To 21/2" @ 3200 FPM	
11	81/2" @ 3000 FPM To 41/4" @ 4175 FPM	
	131/2" @ 3780 FPM To 63/4" @ 5260 FPM	

* At standard air conditions (70°F, 29.92 in. HG barometric pressure, .075 lbs./ft.3). Static pressure shown in inches of water; outlet velocity

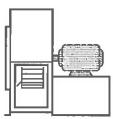

shown in feet per minute. Performance Ranges apply only to 100% width construction.

Centrifugal Fan Arrangements

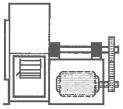

Arrangement 1

Unit furnished with shaft and bearings, less motor and drive. Designed to be driven by a separately mounted motor. Impeller is overhung – two bearings on base. Temperature limitations: 250°F.

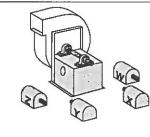

Arrangement 4

Direct drive packaged unit, wheel is overhung and attached to the shaft of the electric motor. No bearings on fan. Temperature limitations: 200°F.

Arrangement 9

Belt drive configuration with motor mounted on outside of bearing base support. Packaged unit, wheel is overhung, slide rail motor base permits easy adjustment of belt tension. Available on either left or right hand side of base (when facing drive end of shaft). Temperature limitations: 250°F.

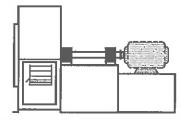

Motor Position Designation

Motor position designation is necessary when ordering the following for Arrangement 1 fans –

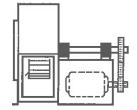

- 1 V Belt Drive.
- 2 Vibration Bases.
- 3 Belt Guards.

Note: Location of motor is determined by facing the drive side of the fan and designating the motor position by letters W, X, Y, or Z. Consider discharge location and height when specifying.

Arrangement 8

Direct coupled configuration with motor mounted to common fan base. Impeller is overhung and supported by two bearings on fan base. Temperature Limitations: 250°F.

Arrangement 10

Belt drive configuration with motor mounted inside base. Packaged unit, wheel is overhung. Temperature limitations: 250°F.

Adapted from AMCA Standard 99-2404-03, Drive Arrangements for Centrifugal Fans, and AMCA Standard 99-2407-03, Motor Positions for Belt or Chain Drive Centrifugal Fans, with written permission from Air Movement and Control Association International, Inc.

Series 41 Backward Curved Centrifugal Fan, Type FA

Series 41 Hartzell Fiberglass Backward Curved Centrifugal Fans offers non-overloading, high efficiency, low noise, and economy for corrosive atmospheres. This fan is unique in the fan and blower industry. The fan incorporates the proven, highly efficient, backward curved, airfoil-bladed, solid fiberglass, Type FA wheel in a solid fiberglass housing. This design incorporates the airfoil centrifugal wheel, centrifugal fan housing, and inlet cone to produce a compact, highly efficient unit with low noise characteristics.

- Applications Developed for compatible corrosive applications where it is advantageous to have fiberglass materials and have the motor out of the airstream with the versatility of a belt drive fan.
- Performance Type FA fiberglass airfoil wheel with inlet cone and aerodynamically designed housing produces from 800 CFM to 90,000 CFM at pressures from free delivery to 14" W.G. at high efficiencies with non-overloading horsepower, low noise, and low RPM. Maximum temperature capability is 250°F.

Series 41

Hartzell Fan, Inc. certifies that the Series 41, Fiberglass Backward Curved Centrifugal Fans, Type FA, shown herein are licensed to bear the AMCA seal for air and sound performance. The ratings shown are based on tests and procedures performed in accordance with AMCA Publication 211 and Publication 311 and comply with the requirements of the AMCA Certified Ratings Program.

Sound Performance data is available upon request. Please contact the factory and ask for Engineering Publication #SD-160.

Type FA Wheel

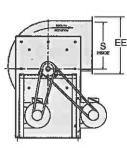

Features

- Sizes 12", 15", 18", 22", 24", 27", 30", 33", 36", 40", 44", 49", 54", and 60" wheel diameters. Available in Class I and II in 100% width and Class I, II, and III in 66% width. Available in Belt Drive Arrangements #1, #9, and #10, Direct Drive Arr. #4 and Direct Coupled Arr. #8. Contact Factory for Arr. #8 dimensions and for other arrangements.
- FRP Materials Solid fiberglass wheel molded with Dow Derakane 510-A corrosion resistant vinylester resin having a Class I flame spread rate of 25 or less. The housing and other standard FRP components are constructed of fiberglass and Ashland Hertron 693 corrosive resistant polyester resin having a Class I flame spread rate of 25 or less. No metal parts are exposed in the airstream. See Corrosion Resistance Guide on page 5 for resin characteristics. Other resins are available.
- Type FA Wheel High efficiency, airfoil design with one-piece, solid fiberglass, construction. Tapered inlet side design efficiently moves large volumes of air at high pressures. Wheel has non-overloading horsepower characteristic curve.
- Rotation and Discharge Positions Available in both clockwise and counterclockwise rotations and in all standard discharge positions. Housing discharge position can be changed on fan sizes 12" through 36". Larger size housings are non-rotatable.
- Easy Installation and Maintenance Motor, drives, and bearings are readily accessible for ease in wiring, installation, adjustment, and lubrication.
- Shafts -- Shafts are turned ground and polished, keyed at both ends with fiberglass sleeve in the airstream and sized to operate well below critical speed.
- Bearings Bearings are heavy duty, self-aligning, ball or roller type, in cast iron pillow block housings, selected for minimum L-50 Life of 250,000 hours, and include extended lubrication fittings as standard.
- Standard Shaft Seal A fiberglass and neoprene shaft seal is placed where the shaft leaves the housing along with a neoprene shaft slinger between the seal and wheel. Seal is not gas tight.
- Hardware Airstream hardware is Type 304 stainless steel and encapsulated.
- Motor Out of the Airstream Exterior mounting of Drip-Proof Protected motor on an adjustable motor slide base in belt drive models is standard. Motors can be furnished as TEFC, Mill and Chemical Duty, or to specifications upon request. Motor HP and frame size limits are identified in Dimensions and Material Specifications table.
- Drives (Belt Drive Fans) V-Belt Drives are oversized for long life and continuous duty and are fixed pitch as standard option. Variable pitch drives are available upon request. Belts are oil, heat, and static resistant type.
- Balancing The fan is electronically statically and dynamically balanced to the requirements of Fan Application Category BV-3 of AMCA ANSI Std. 204-96. All fans receive an inspection prior to shipment and, whenever possible, an operational test.
- Flanged Duct Connections Outlet flange is standard, inlet flange is optional. Flange bolt holes are optional.
- · Bases Heavy gauge, welded, hot rolled steel with epoxy coating are standard.
- Options and Accessories See pages 22 and 23.
- Spark Resistant Construction and Protective Coatings Spark resistant construction for fiberglass equipment is optional, and for abrasive environments or extremely corrosive environments, special construction is available, see page 23.

Series 41P Backward Curved Centrifugal Fan, Packaged, Type FA

Series 41P Hartzell Fiberglass Backward Curved Centrifugal Fan, Packaged, offers non-overloading, high efficiency, low noise, and economy for corrosive atmospheres in a compact packaged Class II design. This fan is unique in the fan and blower industry. The fan incorporates the proven, highly efficient, backward curved, airfoil-bladed, solid fiberglass, Type FA wheel in a solid fiberglass housing. This design incorporates the airfoil centrifugal wheel, centrifugal fan housing, and inlet cone to produce a compact, highly efficient unit with low noise characteristics.

Series 41P Shown with optional accessories

Hartzell Fan, Inc. certifies that the Series 41P, Fiberglass Backward Curved Centrifugal Fan, Packaged, shown herein is licensed to bear the AMCA seal for air and sound performance. The ratings shown are based on tests and procedures performed in accordance with AMCA Publication 211 and Publication 311 and comply with the requirements of the AMCA Certified Ratings Program.

Sound Performance data is available upon request. Please contact the factory and ask for Engineering Publication #SD-160.

Type FA Wheel

- Applications Developed to perform throughout the entire Class II Performance Range for compatible corrosive applications where it is advantageous to have fiberglass materials and have the motor out of the airstream with the versatility of a belt drive fan.
- Performance Type FA fiberglass airfoil wheel with inlet cone and aerodynamically designed housing produces from 800 CFM to 30,000 CFM at pressures from free delivery to 12" W.G. at high efficiencies with non-overloading horsepower, low noise, and low RPM. Max. temperature capability is 250°F.

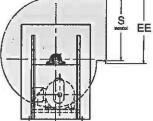

Features

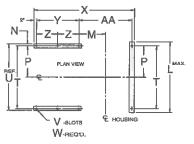

- Sizes 12" through 36" wheel diameters. Packaged Class II construction, Arrangement #10 Belt Drive with weather cover. Available in both 100% and 66% widths.
- FRP Materials Solid fiberglass wheel molded with Dow Derakane 510-A corrosion resistant vinylester resin having a Class I flame spread rate of 25 or less. The housing and other standard FRP components are constructed of fiberglass and Ashland Hertron 693 corrosive resistant polyester resin having a Class I flame spread rate of 25 or less. No metal parts are exposed in the airstream. See Corrosion Resistance Guide on page 5 for resin characteristics. Other resins are available.
- Type FA Wheel High efficiency, airfoil design with one-piece, solid fiberglass, construction. Tapered inlet side design efficiently moves large volumes of air at high pressures. Wheel has non-overloading horsepower characteristic curve.
- Rotation and Discharge Positions Available in both clockwise and counterclockwise rotations and in all standard discharge positions. Housing discharge position can be changed on fan sizes 12^e through 36^e.
- Easy Installation and Maintenance Motor, drives and bearings are readily accessible for ease in wiring, installation, adjustment, and lubrication. Weather cover and guards are available.
- Shafts Shafts are turned ground and polished, keyed at both ends with fiberglass sleeve in the airstream and sized to operate well below critical speed.
- **Bearings** Bearings are heavy duty, self-aligning, ball or roller type, in cast iron pillow block housings, selected for long life at maximum Class II construction limits, and include extended lubrication fittings as standard.
- Standard Shaft Seal A fiberglass and neoprene shaft seal is placed where the shaft leaves the housing along with a neoprene shaft slinger between the seal and wheel. Seal is not gas tight.
- Hardware Airstream hardware is Type 304 stainless steel and encapsulated.
- Motor Out of the Airstream Exterior mounting of Drip-Proof Protected motor on an adjustable motor pivot base is standard. Motors can be furnished as TEFC, Mill and Chemical Duty, or to specifications upon request. Motor HP and frame size limits are identified in Dimensions and Material Specifications table.
- Drives (Belt Drive Fans) V-Belt Drives are oversized for long life and continuous duty and are fixed pitch as standard. Variable pitch drives for sizes 24" through 36" are available upon request. Belts are oil, heat, and static resistant type.
- Balancing The fan is electronically statically and dynamically balanced to the requirements of Fan Application Category BV-3 of AMCA ANSI Std. 204-96. All fans receive an inspection prior to shipment and, whenever possible, an operational test.
- Flanged Duct Connections Outlet flange is standard, inlet flange is optional. Flange bolt holes are optional.
- Bases Heavy gauge, welded, hot rolled steel with epoxy coating are standard.
 Base is sized to accept maximum motor frame size required for Class II operation.
- Options and Accessories See pages 22 and 23.
- Spark Resistant Construction and Protective Coatings Spark resistant construction for fiberglass equipment is optional, and for abrasive environments or extremely corrosive environments, special construction is available, see page 23.

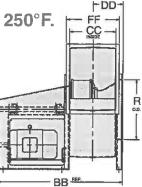

Dimensions – Series 41P, Arrangement 10

SERIES 41P, Type FA Sizes 12" Through 36", Rotatable Housing Standard Construction – Class II, Maximum Temperature – 250°F.

Dimensions and specifications are subject to change. Clockwise Rortatiom is shown. Certified prints are available.

Fan Discharges

Scrolls are rotatable. BH and BAU rotations require a 3" tall height adjusting sub-base. TAD, BAD and DB discharge must have discharge extension. Contact factory.

Performance shown is for installation Type D: ducted inlet/ducted outlet. Power rating (BHP) does not include drive losses. Performance data is based on standard air conditions (0.075 #/ft.3). Performance ratings do not include the effects of appurtenances in the airstream. MOST EFFICIENT FAN SELECTION APPEARS IN BOLD PRINT. To complete model code, add arrangement, class of construction, motor enclosure code, motor horsepower code and motor speed code. Refer to page 2 for more information.

Performance shown is for installation Type D: ducted inlet/ducted outlet. Power rating (BHP) does not include drive losses. Performance data is based on standard air conditions (0.075 #/ft.3). Performance ratings do not include the effects of appurtenances in the airstream. MOST EFFICIENT FAN SELECTION APPEARS IN BOLD PRINT. To complete model code, add arrangement, class of construction, motor enclosure code, motor horsepower code and motor speed code. Refer to page 2 for more information.

Performance shown is for installation Type D: ducted inlet/ducted outlet. Power rating (BHP) does not include drive losses. Performance data is based on standard air conditions (0.075 #/ft.3). Performance ratings do not include the effects of appurtenances in the airstream. MOST EFFICIENT FAN SELECTION APPEARS IN BOLD PRINT. To complete model code, add arrangement, class of construction, motor enclosure code, motor horsepower code and motor speed code. Refer to page 2 for more information.

Performance shown is for installation Type D: ducted inlet/ducted outlet. Performance data is based on standard air conditions (0.075 #/ft.3) and constant speed. Performance ratings do not include the effects of appurtenances in the airstream. To complete model code, add size, class of construction, motor enclosure code, motor horsepower code and motor speed code. Refer to page 2 for more information.

Options and Accessories

Drain

Fiberglass bulk head fitting assembled in housing, NPT female threaded fitting. 1" NPT on Series 41 and Series 41P.

Access Door

Raised, bolted type door - held in place with zinc plated bolts and gasketed for a tight seal.

Inspection Door

Allows periodic visual inspection of wheel - fastened with stainless steel bolts and gasketed for tight seal.

Flanged Inlet

Fiberglass inlet flange is available. Flanges are drilled upon request. Flanged and drilled inlet is required when inlet control damper is furnished.

Disconnect Switch

On-off switch mounted to the unit to provide safety during maintenance.

V-Belt Drives

Constant speed (fixed pitch) or adjustable speed (variable pitch) oil, heat, and static resistant type V-Belt Drives, oversized for long life and continuous duty as standard, are available upon request.

Inlet Boxes

Solid fiberglass construction. Inlet box improves entry conditions and minimizes losses which are generally associated with duct elbows at the fan inlet. Inlet boxes are designed for specific applications. Contact factory.

Arrangement 1 Sub-Base

Common structural support for Arrangement 1 fan and motor. Specify motor mounting position (see page 6). Epoxy coated steel. Series 41 only.

Arrangements

Arrangement 8 and other arrangements not shown are available. (see page 6). Contact factory.

Vibration Isolators

Rubber-in-shear or spring type isolators available on all models.

Drive Guards

Encloses the drive assembly while permitting circulation of ambient air. Standard features include: tach opening, belt tension openings and adjustable length. Series 41 only.

Strillen 191	Belt Drive Guard Arrangement 9
annut	O LIMMO MAND
Shaft Guard Arrangement 9 or 1	

Inlet and Outlet Guards

Spiral ring guard offers protection on inlet side and a wire mesh guard can be furnished for the outlet side. Guards are epoxy coated steel

Combination Drive Guard and

Weather Cover

Covers motor and shaft sheaves as well as beits. Combines guarding the drive as well as protection from the weather. Epoxy coated steel. Specify fan arrangement.

Series 41

Arrangement 10 Series 41P

Arrangement 9M Motor Base

Accommodates a larger frame size motor than the standard arrangement 9 base. Series 41 only.

General Construction Options

Abrasive/Erosive Resistant Coating

HartKoate is an abrasive/erosive resistant coating developed by Hartzell Fan for application in environments where abrasive/ erosive conditions may exist. HartKoate helps prevent premature deterioration of equipment in environments where uncoated fans may fail.

Impact resistant HartKoate is applied to a 50-60 mil thickness suitable for temperatures to 250°F.

HartKoate is particularly appropriate for use when water mist and/or abrasive particles exist in the airstream.

Contact your Hartzell representative for further details concerning the application of HartKoate coating to fiberglass fans in corrosive atmospheres.

Hi-Cor Construction

All airstream surfaces exposed to a corrosive environment will be protected with a layer of Synthetic (Nexus) surfacing veil. An additional final coat of resin will be applied for extra corrosion resistance.

When Hi-Cor construction is required, the factory should be consulted concerning the corrosive environment involved.

Electrostatically Grounded

Fiberglass Fans

For applications in which fiberglass fans are handling gas fumes that are not only corrosive but also potentially explosive, the equipment should be specially constructed to control and remove static electricity. Interior airstream surfaces can be coated with a "carbon rich" resin coat and grounding straps secured from the side of the housing to the fan's steel base. All that remains to effectively ground the airstream is to ground the fan base at the time of installation.

SAFETY ACCESSORIES, APPLICATION AND USE WARNING

The safe application and use of equipment supplied by Hartzell Fan, Inc. is the responsibility of the installer, the user, the owner, and the employer. Since the application and use of its equipment can vary greatly, Hartzell Fan, Inc. offers various product types, optional safety accessories, and sound performance data per laboratory tests. Hartzell Fan, Inc. sells its equipment with and without safety accessories, and accordingly, it can supply such safety accessories only upon receipt of an order. The need for safety accessories only upon receipt of an order. The need for safety accessories will frequently depend upon the type of system, fan location and operating procedures being employed. The proper protective safety accessories to meet company standards, local codes, and the requirements of the Occupational Safety and Health Act must be determined by the user since safety requirements vary depending on the location and use of the equipment. If applicable local conditions, standards, codes or OSHA rules require the addition of the safety accessories from Hartzell Fan, Inc. and should not allow the operation of the equipment without them

Owners, employers, users and installers should read "RECOM-MENDED SAFETY PRACTICES FOR USERS AND INSTALLERS OF INDUSTRIAL AND COMMERCIAL FANS" published by the Air Movement and Control Association International, Inc., 30 West University Drive, Arlington Heights, Illinois 60004. A copy of this publication is enclosed with each fan shipped from Hartzell Fan, Inc., and is available upon request at Hartzell's office in Piqua. Ohio 45356.

Please contact Hartzell Fan, Inc. or your local Hartzell representative for more information on product types, safety accessories, and sound performance estimates

Remember, the selection of safety accessories and the safe application and use of equipment supplied by Hartzell Fan, Inc is **your** responsibility.

Heavy-Duty Control Dampers

Inlet Control Damper

Dampers are mounted on the blower's drilled inlet flange to both increase the efficiency of the system and permit control of air volume. Dampers are epoxy coated or stainless steel construction.

Outlet Dampers

Dampers are mounted directly on the blower outlet to control the volume of air delivered to the system. Opposed and parallel blade dampers are available in steel, stainless steel, coated steel and solid fiberglass.

Parallel Blade Type

Best suited for applications requiring accurate air volume in a range from wide open to 75% of wide open. Usually used for balancing the system or for modulated control when pressure drop is variable.

Opposed Blade Type

Best suited for control over a broad range of air volume with more precise control.

Both types of outlet control dampers are available in three classifications:

- Class I Maximum static pressure: 5" SP Maximum velocity: 3900 FPM
- Class II Maximum static pressure: 8½" SP Maximum velocity: 5100 FPM
- Class III Maximum static pressure: 20" SP Maximum velocity: 6000 FPM

Hartzell Warranty

LIMITED WARRANTIES

Hartzell represents to Buyer that any goods to be delivered hereunder will be produced in compliance with the requirements of the Fair Labor Standards Act of 1938 as amended.

Hartzell also warrants to Buyer its goods to be free from defects in workmanship and material under normal use and service for one (1) year after tender of delivery by Hartzell, plus six months allowance for shipment to approved stocking dealers and distributors. No warranty extends to future performance of goods and any claims for breach of warranty or otherwise accrues upon tender of delivery. The foregoing constitute Hartzell's sole and exclusive warranties and are in lieu of all other warranties, whether written, oral, express, implied or statutory.

LIMITATION OF LIABILITY FOR BREACH OF WARRANTY

Hartzell's obligation for any breach of warranty is limited to repairing or replacing, at its option, without cost to Buyer at its factory any goods which shall, within such a warranty period, be returned to it with transportation charges prepaid, and which its examination shall disclose to its satisfaction to have been defective. Any request for repair or replacement should be directed to Hartzell Fan, Inc., P.O. Box 919, Piqua, Ohio 45356. Hartzell will not pay for any repairs made outside its factory without its prior written consent. This does not apply to any such Hartzell goods which have failed as a result of faulty installation or abuse, or incorrect electrical connections or alterations, made by others, or use under abnormal operating conditions or misapplication of the goods.

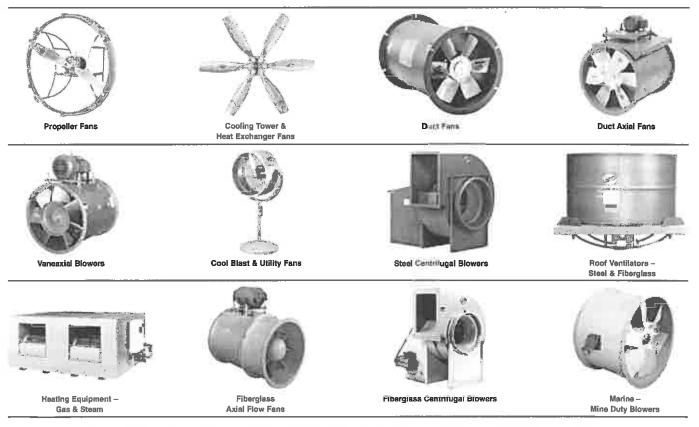

LIMITATION OF LIABILITY

To the extent the above limitation of liability for breach of warranty is not applicable, the liability of Hartzell on any claim of any kind, including negligence, for any loss or damage arising out of or connected with, or resulting from the sale and purchase of the goods or services covered by these Terms and Conditions of Sale or from the performance or breach of any contract pertaining to such sale or purchase or from the design manufacture, sale, delivery, resale, installation, technical direction installation, inspection repair, operation or use of any goods or services covered by these Terms and Conditions shall, in no case exceed the price allocable to the goods or services which gave rise to the claim and shall terminate one year after tender of delivery of said goods or services, plus six months allowance for shipment to approved stocking dealers and distributors.

In no event whether as a result of breach of contract, or warranty or alleged negligence, defects, incorrect advice or other causes, shall Hartzell be liable for special or consequential damages, including, but not limited to, loss of profits or revenue, loss of use of the equipment or any associated equipment, cost of substitute equipment, facilities or services, down time costs, or claims of customers of the Buyer for such damages. Hartzell neither assumes nor authorizes any person to assume for it any other liability in connection with the sale of its goods or services.

NO IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS

HARTZELL DOES NOT WARRANT THAT SAID GOODS ARE OF MERCHANTABLE QUALITY OR THAT THEY ARE FIT FOR ANY PARTICULAR PURPOSE. THERE IS NO IMPLIED WARRANTY OF MERCHANTABILITY AND THERE IS NO IMPLIED WARRANTY OF FITNESS.

Layne Inliner, LLC. Michael Cannon 2531 Jewett Lane Sanford, Florida 32771

Email: Mike.Cannon@Layne.com

Dear Mr. Cannon:

Contract No. 041-14 for the City's Gravity Sewer Main Rehabilitation- Term Contract is set to expire July 31st, 2017 and has a provision for renewal under Article 3- Contract Time of the Agreement for three (3) additional (1) one year renewal periods. This would be the 1st of three (3) allowable renewal options.

Note: The purpose of this letter is to determine your desire to this renewal provision. This inquiry does not constitute an extension or renewal of the contract.

Someone with authorization to sign for your company must place their signature where indicated. THE FORM SIGNOR MUST BE AN OFFICER OF THE COMPANY OR YOU MUST PROVIDE A DOCUMENT FROM AN OFFICER OF THE COMPANY THAT AUTHORIZES THOSE LISTED TO SIGN ON THEIR BEHALF. Only the signature of as authorized officer or someone authorized to bind your company will be accepted.

Your response must be received no later than 4:00 p.m. 4/30/2017. Fax or email response will be accepted, (954) 797-2649 or Espencer@plantation.org. Failure to respond will be deemed as evidence that your firm is no longer interested in requesting its option to renew this contract.

Your cooperation in this matter is appreciated. For further information please contact Procurement Administrator, Charles Spencer at 954-797-2647 or email espencer@plantation.org.

YES We offer to renew this agreement per the original terms, conditions, specifications and pricing for one (1) year with pricing in accordance with ITB No. 041-14.

AGREEMENT

This Agreement is dated as of the [15] day of [7], in the year 201[5], by and between:

CITY OF PLANTATION, FLORIDA a municipal corporation 400 NW 73rd Ave Plantation, Florida 33317 (hereinafter referred to as City)

AND

[Layne Inliner, LLC.] [2531 Jewett Lane] [Sanford, Florida 32771] (Hereinafter referred to as Contractor)

OWNER and CONTRACTOR, in consideration of the mutual covenants hereinafter set forth, agree as follows:

Article 1 – WORK

The CONTRACTOR shall complete all Work as specified or indicated in the Contract documents for the project entitled:

City of Plantation [Gravity Sewer Main Rehabilitation- Term Contract] [ITB No. 041-14]

and generally described as follows but not limited to: [The installation of a cured in place liner for main line gravity sewer mains associated work such as cleaning, bypass pumping, traffic control and t.v. survey] as further defined in the Specification/Scope of Services

Article 2 – ENGINEER

The OWNER has engaged [N/A] who is hereafter called ENGINEER and who will assume all duties and responsibilities and will have the rights and authority assigned to ENGINEER in the Contracts Documents in connection with completion of the work in accordance with the Contract Documents. [N/A]

Article 3 – CONTRACT TIME

The initial contract period shall be for [2 two years], commencing [August 1, 2015]. In addition, the City reserves the right to renew the contract for [(3) three additional (1) one year periods], under the same terms, conditions and specifications contingent upon Budget approval.

Or If a Construction Contract "N/A"

The work will be substantially completed within [N/A] calendar days and finally completed within [N/A] calendar days after the date when the contract time commences (Notice to Proceed) to run as provided in the Contract Documents. Paragraph 19 of the Instructions to Respondents contains Liquidated Damages provision.

In the event the services are scheduled to end either by contract expiration or by termination by the City of Plantation (at the City's discretion), the contractor shall continue the services, if requested by the City, until new services can be completely operational. At no time shall this transitional period extend more than one hundred eighty (180) calendar days beyond the expiration date of the existing contract. The contractor will be reimbursed for this service at the rate in effect when this transitional period clause is invoked by the City.

Article 4 - COMPENSATION/PAYMENTS

The OWNER shall pay to the CONTRACTOR for the performance of the Work [1.863,380.00 (estimated over the first initial contract period.) All payments for services shall be in accordance with unit costs as designated on CONTRACTOR's response to ITB No. 041-14]. For portions of the Contract that are in the accepted proposal as being unit priced, the Contract Sum will be based upon the amounts determined for the total number of each of the units of work completed at the unit price stated. The City reserves the right to increase and decrease quantities, and the final payment shall be made for the actual number of units incorporated in or made necessary by the work covered by this contract.

The Contractor will bill the City at the completion of each job for services rendered of the work defined herein at the rates submitted in their proposal documents now made apart of this contract. Submit invoices to:

City of Plantation Attn: [Charles Spencer, Utilities Budget and Purchasing Manager] [400 NW 73 Ave] Plantation, FL [33317]

Invoices received from the Contractor pursuant to this Contract will be reviewed and approved by the City's representative, indicating that services have been rendered in conformity with the Contract and then will be sent to the Financial Services Department for payment. Invoices will generally be paid within thirty (30) days following the City representative's approval. <u>Final Invoice:</u> In order for both parties herein to close their books and records, the Contractor will clearly state "<u>final invoice</u>" on the Contractor's final/last billing to the City. This certifies that all services have been properly performed and all charges and costs have been invoiced to the City. Since this account will thereupon be closed, any and other further charges, if not properly included on this final invoice, or which are in excess of the not to exceed amount, are waived by the Contractor.

Progress payments and retainage and final payment provisions are provided for in the Contract Documents. Generally, these documents call for monthly progress payments for approved Work completed less 10% retainage. The balance of the final contract sum shall be due to the CONTRACTOR from the within 21 days after Final Completion. The Florida Construction Contract Prompt Payment Law shall govern payments made pursuant to this Agreement. Any conflict shall be resolved consistent with the law.

Atticle 5 - CONTRACTOR'S REPRESENTATIONS

In order to induce OWNER to enter into this Agreement CONTRACTOR makes the following representations, in addition to the representations made in the contract documents as referenced in Article 19.

- A. CONTRACTOR has familiarized themselves with the nature and extent of the Contract Documents, Work, locality and with all location conditions and Federal, State and local laws, ordinances, rules and regulations that in any manner may affect cost, progress or performance of the Work.
- B. CONTRACTOR has studied carefully all reports of investigations and tests of subsurface and latent physical conditions at the site or otherwise affecting cost, progress or performance of the Work which were relied upon by ENGINEER in the preparation of the Drawings and Specifications and which have been identified in the Contract Documents.
- C. CONTRACTOR has made or caused to be made examinations, investigations, tests and studies of such reports and related data in addition to those reference to in Article 5 of the General Conditions as amended by Supplementary Conditions, if any, as they deem necessary for the performance of the Work at the Contract Price, within the Contract Time and in accordance with other terms and conditions of the Contract Documents; and no additional examinations, investigations, test, reports or similar data are or will be required by CONTRACTOR for such purposes.
- D. CONTRACTOR has correlated the results of all such observations, examinations investigations, tests, reports and data with terms and conditions of the Contract Documents.

E. CONTRACTOR has given ENGINEER written notice of all conflicts, errors or discrepancies that the CONTRACTOR has discovered in the Contract Documents and the written resolution thereof by ENGINEER is acceptable to the CONTRACTOR

Article 6 – RECORDS AND AUDIT

City reserves the right to audit the records of CONTRATOR relating to this Agreement any time during the performance and term of the Agreement and for a period of three (3) years after completion and acceptance by CITY. If required by CITY, CONTRACTOR shall agree to submit to an audit by an independent certified public and review the records of CONTRACTOR at any and all times during normal business hours during the term of this Agreement.

CONTRACTOR agrees that it shall keep accurate and complete records with regard to all services as proposed hereunder. All original records related to the services provided under the terms of Agreement are the property of CITY and accordingly those records are subject to the Florida Public Records Law. CONTRACTOR shall not release any City records without written permission from City except as necessary and appropriate in the performance of the duties and responsibilities required to comply with terms of any Agreement between parties.

CONTRACTOR shall preserve and make available for inspection by CITY personnel, or by personnel duly authorized by CITY, computer date and other records related to the services provided under this Agreement. The records will be made available during normal business, hours upon twenty-four hours notice by the CITY.

Article 7 – INDEPENDENT CONTRACTOR STATUS

CONTRACTOR and its employees, volunteers and agents shall be and remain as independent contractors and not agents or employees of CITY, with respect to all of the acts and services performed by and under the terms of the Agreement. This Agreement shall not in any way be constructed to create a partnership, association or any other kind of joint undertaking or venture between the parties hereto.

Article 8 -- CONFLICT OF INTEREST

CONTRACTOR covenants that no person under its employ who presently exercises any functions or responsibilities in connection with this Agreement has any personal financial interests, direct or indirect, with CITY. CONTRACTOR further covenants that, in the performance of this Agreement, no person having such conflicting interest shall be employed. Any such interests, on the part of CONTRATOR or its employees, must be disclosed in writing to CITY.

CONTRACTOR is aware of the conflict of interest laws of the Municipal Code of the City of Plantation, Broward County and the State of Florida, Chapter 112, Florida Statues (2014), as amended, agrees that it will fully comply in all respects with terms of said laws

CONTRACTOR warrants that it has not employed or retained any person employed by CITY to solicit or secure this Agreement and that it has not offered to pay, paid, or agreed to pay, any public official or person employed by CITY any fee, commission, percentage, brokerage fee or gift of any kind, contingent upon of resulting from the award of this privilege.

Article 9 - ASSIGNMENT

The Agreement is not assignable or transferable in whole or in part without the prior expressed written consent of the CITY which consent cannot be unreasonably withheld.

Article 10 - COMPLIANCE WITH LAWS

CONTRACTOR shall comply with all statutes, laws, ordinances, rules, regulations and lawful orders of the United States of America, State of Florida, City of Plantation and of any other public authority, which may be applicable to this Agreement.

The validity, construction and effect of this Agreement shall be governed by the laws of the State of Florida.

Article 11- VENUE

See Article 15 - Dispute Resolution of the General Conditions.

Article 12 - PERMITS, FEES AND NOTICES

CONTRACTOR shall use its best efforts to obtain the necessary permits as soon as possible after the Notice to Proceed is issued. Any delays in obtaining permits must be brought to the attention of the CITY.

Article 13 - INSOLVENCY

In the event that either party shall become insolvent, make a general assignment for the benefit of creditors, suffers or permits the appointment of a receiver for its business or its assets or shall avail itself of, or become subject to, any proceeding under the Federal Bankruptcy Act or any other statue of any state relating to insolvency or the protection of rights of creditors, or become subject to rehabilitation, then, at the option of the other party and immediately upon written notice, this Agreement shall terminate and be of no further force effect.

Article 14 - ENTIRE AGREEMENT

This Agreement contains the entire understanding of the parties relating to the subject matter hereof superseding all prior communications between the parties whether oral or written, and this Agreement may not be altered, amended, modified or otherwise changed nor may any of the terms hereof be waived, except by a written instrument executed by both parties. The failure of a party to seek redress for violation of or to insist on strict performance of any the covenant, term, condition or election but the same shall continue and remain in full force and effect.

Article 15 - SERVERABILITY

Should any part, term or provision of this Agreement be by the courts decided to be illegal or in conflict with any law of the State, the validity of the remaining portions or provisions shall not be affected thereby.

Article 16 - NONDISCRIMINATION AND EQUAL OPPORTUNITY EMPLOYMENT

During the performance of this Agreement, CONTRACTOR shall not discriminate against any employee or applicant for employment because of race, religion, color, sex or national origin. The CONTRACTOR will take affirmative action to ensure or national original. Such action much includes, but not be limited to, the following: employment, upgrading; demotion or transfer; recruitment or recruitment advertising, layoff or termination, termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The CONTRACTOR shall agree to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the contracting officer setting forth the provisions of this nondiscrimination clause.

Article 17 - CUMULATIVE REMEDIES

The remedies expressly provided in this Agreement to CITY shall not be deemed to be exclusive, but shall be cumulative and in addition to all other remedies in favor of CITY now or hereafter existing at law or in equity.

Article 18 - TERMINATION

Upon seven (7) calendar days written notice delivery by certified mail, return receipt requested, to the CONTRATOR, CITY may without cause and without prejudice to any other right or remedy, terminate the Agreement for the CITYS convenience whenever the CITY determines that such termination is in the best interest of the CITY. Where the Agreement is terminated for the convenience of the CITY the notice of termination to the CONTRATOR must state that the Agreement is terminated for the convenience of the CITY under the termination clause and the extent of termination. Upon receipt of the Notice of Termination for convenience, the CONTRACTOR shall promptly discontinue all work at the time and to the extent indicated on the Notice of Termination, terminate all outstanding subcontractors and purchase orders to the extent that they relate to the terminated portion of the Agreement and refrain from placing further orders and sub-contracts except as they may be necessary, and complete any continued portions of work.

Article 19 - CONTRACT DOCUMENTS

The Contract Documents, which comprise the entire agreement between OWNER and CONTRACTOR, are attached to this Agreement, made a part thereof and consist of the following:

- A. This Agreement
- B. Exhibits (if any)
- C. Notice of Award
- D. Supplementary Conditions, if any
- E. General Conditions
- F. Specifications bearing the project title
- G. Drawings bearing the project title N/A
- H. Addenda numbers [1] to [11],
- I. Documentation and proposal submitted by CONTRACTOR prior to Notice of Award
- J. Any Written Amendments, Change Orders, or Work Change Directives duly delivered after execution of Agreement
- K. The Instructions to Respondents
- L. The Insurance Coverage's and Bonds required by the Contract Documents

These are no other Contract Documents than those listed above in the Article.

Article 20 – MISCELLANEOUS

- A. Terms used in this Agreement which are defined in Article 1 of the General Conditions shall have the meaning indicated in the General Conditions, or as amended in Supplementary Conditions
- B. The CONTRACTOR warrants that no elected official, officer, agent or employee of the CITY has financial interest directly or indirectly in this Contract or the compensation to be paid under it, and further, that no City employee who acts in the City of Plantation as a "purchasing agent" as defined by §112.312(20), Florida Statutes, nor any elected or appointed officer of the City of Plantation, nor any spouse or child of such purchasing agent employee or elected or appointed officer, is a partner, officer director, or

Page 7 of 11

Revised 9/2014

proprietor of the CONTRACTOR, and further, that no such City employee purchasing agent, City elected or appointed officer, or the spouse or child of any of them, alone or in combination, has a material interest in the CONTRACTOR. Material interest means direct of indirect ownership of more than five (5) percent of the total assets or capital stock of the CONTRACTOR.

C. The CONTRACTOR and OWNER designate the following persons who shall receive notices pursuant to the Contract Documents:

For the OWNER:	The Honorable Diane Veltri Bendekovic, Mayor City of Plantation 400 NW 73 rd Avenue Plantation, Florida 33317
With copy to:	[Chuck Flynn, Utilities Director] City of Plantation [400 NW 73 rd Avenue] Plantation, Florida 33317

&

CITY OF PLANTATION GRAVITY SEWER MAINS REHABILITATION-TERM CONTRACT ALL CITY LIFT STATION BASINS

ITB NO. 041-14

Notice To All Bidders

It is the intent of the OWNER to award this contract based on the Grand Total Base Bid for all bid items. In the event of a discrepancy between written figures and numbers, the former shall govern. In the event of latent multiplication or addition errors, the Bidder recognizes that these are clerical errors and may be corrected by the Owner.

For each payment item, Bidder agrees to furnish all labor, materials, tools and equipment necessary to properly perform the work described herein and on the project drawings. The unit prices include all mobilization and demobilization costs. A more detailed description of the Pay Items is located in Section 01025 of the Technical Specifications.

Plantation City Council Meeting Agenda Notice of City Council Meeting Wednesday, April 26, 2017 ~ 7:30 PM

City of Plantation City Council Chambers

Subject:

Request for authorization to execute/exercise the first of three one (1) year renewal options for "Gravity Sewer Lateral Rehabilitation" Term Contract ITB No. 042-14 with LMK Pipe Renewal, LLC. expiring of August 6, 2018.

Item Description:

The current and approved City of Plantation (contract) ITB No. 042-14 for Gravity Sewer Lateral Rehabilitation is set to expire August 6, 2017.

The Utilities Department currently uses LMK Pipe Renewal, LLC to rehabilitate gravity sewer laterals to prevent and correct the infow and and infiltration of ground water into the collection system through damaged gravity sewer laterals.

The City of Plantation ITB No. 042-14 calls for three (3), one- (-1) year extensions. The Utilities Department has determined LMK Pipe Renewal, LLC. has performed in accordance with the requirements of the contract and wishes to exercise/execute the <u>first</u> of three one (1) year allowable renewal options. Attached with this memo you will find LMK Pipe Renewal, LLC letter to renew this contract with same terms, conditions, and pricing as set forth in ITB No. 042-14.

This information is provided for you authorization to execute/exercise the first one-year extension for Gravity Sewer Lateral Rehabilitation-Term Contract, ITB No. 042-14 expiring August 6, 2018

Dear Mr. Rinehart:

Contract No. 042-14 for the City's Gravity Sewer Lateral Rehabilitation- Term Contract is set to expire August 6th, 2017 and has a provision for renewal under Article 3- Contract Time of the Agreement for three (3) additional (1) one year renewal periods. This would be the 1st of three (3) allowable renewal options.

Note: The purpose of this letter is to determine your desire to this renewal provision. This inquiry does not constitute an extension or renewal of the contract.

Someone with authorization to sign for your company must place their signature where indicated. THE FORM SIGNOR MUST BE AN OFFICER OF THE COMPANY OR YOU MUST PROVIDE A DOCUMENT FROM AN OFFICER OF THE COMPANY THAT AUTHORIZES THOSE LISTED TO SIGN ON THEIR BEHALF. Only the signature of as authorized officer or someone authorized to bind your company will be accepted.

Your response must be received no later than 4:00 p.m. 4/30/2017. Fax or email response will be accepted, (954) 797-2649 or <u>Espencer@plantation.org</u>. Failure to respond will be deemed as evidence that your firm is no longer interested in requesting its option to renew this contract.

Your cooperation in this matter is appreciated. For further information please contact Procurement Administrator, Charles Spencer at 954-797-2647 or email <u>espencer@plantation.org</u>.

YES: We offer to renew this agreement per the original terms, conditions, specifications and pricing for one (1) year with pricing in accordance with IIB No. 042-14.

AGREEMENT

This Agreement is dated as of the [<u>31</u>] day of [<u>July</u>], in the year 201[<u>5</u>], by and between:

CITY OF PLANTATION, FLORIDA a municipal corporation 400 NW 73rd Ave Plantation, Florida 33317 (hereinafter referred to as City)

AND

[LMK Pipe Renewal Services, LLC] [1131 NW 55th Street] [Fort Lauderdale, Florida 33309] (Hereinafter referred to as Contractor)

OWNER and CONTRACTOR, in consideration of the mutual covenants hereinafter set forth, agree as follows:

Article 1 -- WORK

The CONTRACTOR shall complete all Work as specified or indicated in the Contract documents for the project entitled:

City of Plantation [Gravity Sewer Laterals Rehabilitation-Term Contract] [RFSP No. 042-14]

and generally described as follows but not limited to: [Furnish and install cured-in-place pipe lining for sewer laterals along with, clean-out installation, and associated work such as cleaning, tv, lateral reinstatement, bypass pumping, and traffic control] as further defined in the Specification/Scope of Services

Article 2 - ENGINEER

The OWNER has engaged [N/A] who is hereafter called ENGINEER and who will assume all duties and responsibilities and will have the rights and authority assigned to ENGINEER in the Contracts Documents in connection with completion of the work in accordance with the Contract Documents. [N/A]

ь

Article 3 – CONTRACT TIME

The initial contract period shall be for [two (2) years], commencing [August 7, 2015]. In addition, the City reserves the right to renew the contract for [three (3) additional one (1) year renewal periods], under the same terms, conditions and specifications contingent upon Budget approval.

Or If a Construction Contract (N/A)

The work will be substantially completed within [N/A] calendar days and finally completed within [N/A] calendar days after the date when the contract time commences (Notice to Proceed) to run as provided in the Contract Documents. Paragraph 19 of the Instructions to Respondents contains Liquidated Damages provision.

In the event the services are scheduled to end either by contract expiration or by termination by the City of Plantation (at the City's discretion), the contractor shall continue the services, if requested by the City, until new services can be completely operational. At no time shall this transitional period extend more than one hundred eighty (180) calendar days beyond the expiration date of the existing contract. The contractor will be reimbursed for this service at the rate in effect when this transitional period clause is invoked by the City.

Article 4 – COMPENSATION/PAYMENTS

The OWNER shall pay to the CONTRACTOR for the performance of the Work \$[378,187.50 (estimated over the first initial contract period.) All payments for services shall be in accordance with unit cots as designated on Contractor's response to ITB No. 042-14]. For portions of the Contract that are in the accepted proposal as being unit priced, the Contract Sum will be based upon the amounts determined for the total number of each of the units of work completed at the unit price stated. The City reserves the right to increase and decrease quantities, and the final payment shall be made for the actual number of units incorporated in or made necessary by the work covered by this contract.

The Contractor will bill the City at the completion of each job for services rendered of the work defined herein at the rates submitted in their proposal documents now made apart of this contract. Submit invoices to:

City of Plantation Attn: [Charles Spencer, Utilities Budget and Purchasing Manager] [400 NW 73 Avenue] Plantation, FL [33317]

Invoices received from the Contractor pursuant to this Contract will be reviewed and approved by the City's representative, indicating that services have been rendered in conformity with the Contract and then will be sent to the Financial Services Department for

Page 2 of 11

Revised 9/2014

payment. Invoices will generally be paid within thirty (30) days following the City representative's approval.

<u>Final Invoice</u>: In order for both parties herein to close their books and records, the Contractor will clearly state "<u>final invoice</u>" on the Contractor's final/last billing to the City. This certifies that all services have been properly performed and all charges and costs have been invoiced to the City. Since this account will thereupon be closed, any and other further charges, if not properly included on this final invoice, or which are in excess of the not to exceed amount, are waived by the Contractor.

Progress payments and retainage and final payment provisions are provided for in the Contract Documents. Generally, these documents call for monthly progress payments for approved Work completed less 10% retainage. The balance of the final contract sum shall be due to the CONTRACTOR from the within 21 days after Final Completion. The Florida Construction Contract Prompt Payment Law shall govern payments made pursuant to this Agreement. Any conflict shall be resolved consistent with the law.

Article 5 – CONTRACTOR'S REPRESENTATIONS

In order to induce OWNER to enter into this Agreement CONTRACTOR makes the following representations, in addition to the representations made in the contract documents as referenced in Article 19.

- A. CONTRACTOR has familiarized themselves with the nature and extent of the Contract Documents, Work, locality and with all location conditions and Federal, State and local laws, ordinances, rules and regulations that in any manner may affect cost, progress or performance of the Work.
- B. CONTRACTOR has studied carefully all reports of investigations and tests of subsurface and latent physical conditions at the site or otherwise affecting cost, progress or performance of the Work which were relied upon by ENGINEER in the preparation of the Drawings and Specifications and which have been identified in the Contract Documents.
- C. CONTRACTOR has made or caused to be made examinations, investigations, tests and studies of such reports and related data in addition to those reference to in Article 5 of the General Conditions as amended by Supplementary Conditions, if any, as they deem necessary for the performance of the Work at the Contract Price, within the Contract Time and in accordance with other terms and conditions of the Contract Documents; and no additional examinations, investigations, test, reports or similar data are or will be required by CONTRACTOR for such purposes.
- D. CONTRACTOR has correlated the results of all such observations, examinations investigations, tests, reports and data with terms and conditions of the Contract Documents.

Page 3 of 11

Revised 9/2014

E. CONTRACTOR has given ENGINEER written notice of all conflicts, errors or discrepancies that the CONTRACTOR has discovered in the Contract Documents and the written resolution thereof by ENGINEER is acceptable to the CONTRACTOR

Article 6 – RECORDS AND AUDIT

City reserves the right to audit the records of CONTRATOR relating to this Agreement any time during the performance and term of the Agreement and for a period of three (3) years after completion and acceptance by CITY. If required by CITY, CONTRACTOR shall agree to submit to an audit by an independent certified public and review the records of CONTRACTOR at any and all times during normal business hours during the term of this Agreement.

CONTRACTOR agrees that it shall keep accurate and complete records with regard to all services as proposed hereunder. All original records related to the services provided under the terms of Agreement are the property of CITY and accordingly those records are subject to the Florida Public Records Law. CONTRACTOR shall not release any City records without written permission from City except as necessary and appropriate in the performance of the duties and responsibilities required to comply with terms of any Agreement between parties.

CONTRACTOR shall preserve and make available for inspection by CITY personnel, or by personnel duly authorized by CITY, computer date and other records related to the services provided under this Agreement. The records will be made available during normal business, hours upon twenty-four hours notice by the CITY.

Article 7 – INDEPENDENT CONTRACTOR STATUS

CONTRACTOR and its employees, volunteers and agents shall be and remain as independent contractors and not agents or employees of CITY, with respect to all of the acts and services performed by and under the terms of the Agreement. This Agreement shall not in any way be constructed to create a partnership, association or any other kind of joint undertaking or venture between the parties hereto.

Article 8 - CONFLICT OF INTEREST

CONTRACTOR covenants that no person under its employ who presently exercises any functions or responsibilities in connection with this Agreement has any personal financial interests, direct or indirect, with CITY. CONTRACTOR further covenants that, in the performance of this Agreement, no person having such conflicting interest shall be employed. Any such interests, on the part of CONTRATOR or its employees, must be disclosed in writing to CITY. CONTRACTOR is aware of the conflict of interest laws of the Municipal Code of the City of Plantation, Broward County and the State of Florida, Chapter 112, Florida Statues (2014), as amended, agrees that it will fully comply in all respects with terms of said laws

CONTRACTOR warrants that it has not employed or retained any person employed by CITY to solicit or secure this Agreement and that it has not offered to pay, paid, or agreed to pay, any public official or person employed by CITY any fee, commission, percentage, brokerage fee or gift of any kind, contingent upon of resulting from the award of this privilege.

Article 9 - ASSIGNMENT

The Agreement is not assignable or transferable in whole or in part without the prior expressed written consent of the CITY which consent cannot be unreasonably withheld.

Article 10 - COMPLIANCE WITH LAWS

CONTRACTOR shall comply with all statutes, laws, ordinances, rules, regulations and lawful orders of the United States of America, State of Florida, City of Plantation and of any other public authority, which may be applicable to this Agreement.

The validity, construction and effect of this Agreement shall be governed by the laws of the State of Florida.

Article 11- VENUE

See Article 15 - Dispute Resolution of the General Conditions.

Article 12 - PERMITS, FEES AND NOTICES

CONTRACTOR shall use its best efforts to obtain the necessary permits as soon as possible after the Notice to Proceed is issued. Any delays in obtaining permits must be brought to the attention of the CITY.

Article 13 - INSOLVENCY

In the event that either party shall become insolvent, make a general assignment for the benefit of creditors, suffers or permits the appointment of a receiver for its business or its assets or shall avail itself of, or become subject to, any proceeding under the Federal Bankruptcy Act or any other statue of any state relating to insolvency or the protection of rights of creditors, or become subject to rehabilitation, then, at the option of the other party and immediately upon written notice, this Agreement shall terminate and be of no further force effect.

Article 14 - ENTIRE AGREEMENT

This Agreement contains the entire understanding of the parties relating to the subject matter hereof superseding all prior communications between the parties whether oral or written, and this Agreement may not be altered, amended, modified or otherwise changed nor may any of the terms hereof be waived, except by a written instrument executed by both parties. The failure of a party to seek redress for violation of or to insist on strict performance of any the covenant, term, condition or election but the same shall continue and remain in full force and effect.

Article 15 - SERVERABILITY

Should any part, term or provision of this Agreement be by the courts decided to be illegal or in conflict with any law of the State, the validity of the remaining portions or provisions shall not be affected thereby.

Article 16 - NONDISCRIMINATION AND EQUAL OPPORTUNITY EMPLOYMENT

During the performance of this Agreement, CONTRACTOR shall not discriminate against any employee or applicant for employment because of race, religion, color, sex or national origin. The CONTRACTOR will take affirmative action to ensure or national original. Such action much includes, but not be limited to, the following: employment, upgrading; demotion or transfer; recruitment or recruitment advertising, layoff or termination, termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The CONTRACTOR shall agree to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the contracting officer setting forth the provisions of this nondiscrimination clause.

Article 17 - CUMULATIVE REMEDIES

The remedies expressly provided in this Agreement to CITY shall not be deemed to be exclusive, but shall be cumulative and in addition to all other remedies in favor of CITY now or hereafter existing at law or in equity.

Article 18 - TERMINATION

Upon seven (7) calendar days written notice delivery by certified mail, return receipt requested, to the CONTRATOR, CITY may without cause and without prejudice to any other right or remedy, terminate the Agreement for the CITYS convenience whenever the CITY determines that such termination is in the best interest of the CITY. Where the Agreement is terminated for the convenience of the CITY the notice of termination to the CONTRATOR must state that the Agreement is terminated for the convenience of the CITY under the termination clause and the extent of termination. Upon receipt of the Notice of Termination for convenience, the CONTRACTOR shall promptly discontinue all work at the time and to the extent indicated on the Notice of Termination, terminate all outstanding subcontractors and purchase orders to the extent that they relate to the terminated portion of the Agreement and refrain from placing further orders and sub-contracts except as they may be necessary, and complete any continued portions of work.

Page 6 of 11

Article 19 - CONTRACT DOCUMENTS

This Agreement

Α.

The Contract Documents, which comprise the entire agreement between OWNER and CONTRACTOR, are attached to this Agreement, made a part thereof and consist of the following:

	0
B .	Exhibits (if any)
C.	Notice of Award
D.	Supplementary Conditions, if any

- E. General Conditions
- F. Specifications bearing the project title
- G. Drawings bearing the project title None this project
- H. Addenda numbers [1] to [7],
- I. Documentation and proposal submitted by CONTRACTOR prior to Notice of Award
- J. Any Written Amendments, Change Orders, or Work Change Directives duly delivered after execution of Agreement
- K. The Instructions to Respondents
- L. The Insurance Coverage's and Bonds required by the Contract Documents

These are no other Contract Documents than those listed above in the Article.

Article 20 - MISCELLANEOUS

- A. Terms used in this Agreement which are defined in Article 1 of the General Conditions shall have the meaning indicated in the General Conditions, or as amended in Supplementary Conditions
- B. The CONTRACTOR warrants that no elected official, officer, agent or employee of the CITY has financial interest directly or indirectly in this Contract or the compensation to be paid under it, and further, that no City employee who acts in the City of Plantation as a "purchasing agent" as defined by §112.312(20), Florida Statutes, nor any elected or appointed officer of the City of Plantation, nor any spouse or child of such purchasing agent employee or elected or appointed officer, is a partner, officer director, or

Page 7 of 11

proprietor of the CONTRACTOR, and further, that no such City employee purchasing agent, City elected or appointed officer, or the spouse or child of any of them, alone or in combination, has a material interest in the CONTRACTOR. Material interest means direct of indirect ownership of more than five (5) percent of the total assets or capital stock of the CONTRACTOR.

C. The CONTRACTOR and OWNER designate the following persons who shall receive notices pursuant to the Contract Documents:

For the OWNER:	The Honorable Diane Veltri Bendekovic, Mayor City of Plantation 400 NW 73 rd Avenue Plantation, Florida 33317
With copy to:	[Chuck Flynn, Utilities Director] City of Plantation [400 NW 73 Avenue] Plantation, Florida 33317

&

- With copy toCity ClerkCity of Plantation400 NW 73rd AvenuePlantation, Florida 33317

Plantation City Council Meeting Agenda Notice of City Council Meeting Wednesday, April 26, 2017 ~ 7:30 PM

City of Plantation City Council Chambers

Subject:

Request for approval and authorization to standardize the City's sports field lighting equipment to a single manufacturer, Musco Lighting LLC (Musco)

Item Description:

The City of Plantation Parks and Recreation Department operates 10 parks throughout the City which provide 91 sports fields or courts equipped with lighting systems for public use during evening hours. To date, 84 of the 91 sports fields or courts are served by sports field lighting equipment supplied through a single lighting manufacturer, Musco Lighting LLC (Musco).

The Parks & Rec and Engineering Departments are requesting to standardize the City's sports field equipment to a single manufacturer, Musco Lighting LLC (Musco). The Departments have utilized the most recent solicitation and award conducted by Sarasota County to further aid in the reasonable justification for the standardization of the City's sports field lighting equipment. (additional information/justification can be found attached to this memo).

Sarasota County publicly advertised their solicitation and established a Sarasota County "Outdoor Sports Lighting Standardization Committee". Short listed firms were invited to give oral presentations before an award was provided to Musco Lighting, LLC. The Procurement Division has reviewed the Sarasota County solicitation and supports the method in which it was advertised and awarded.

Approval of this standardization of Sport Field Lighting Equipment, will allow for the following;

- Competitive procurement exemption when the City desires to procure "Musco" Sport Field Lighting <u>equipment only</u> from Musco Lighting, LLC (manufacturer);

- When the City solicits a bid/proposal for the purchase and installation of Sport Field Lighting Equipment. "Musco" shall be specified within the solicitation as the only acceptable Sports Field Lighting manufacturer.

The City will still be required to adhere to the monetary thresholds and approval process, as outlined in section 2-226(d) of the City Code.

This information is provided for City Council approval and authorization to standardize the City's sports field lighting equipment to a single manufacturer, Musco Lighting LLC (Musco).

	CITY OF PLANTATION ENGINEERING DEPARTMENT INTEROFFICE MEMORANDUM NO. 2017-013
Plantation	
the grass is greener	
DATE:	April 19, 2017
TO:	Charles Spencer, Procurement Administrator
FROM:	Brett Butler, City Engineer
SUBJECT:	Standardization of Sports Field Lighting
COPY:	Ernest Burkeen, P&R Director
	Horace McHughe, CAO

The City of Plantation P&R Department operates 10 parks throughout the City which provide 91 sports fields or courts equipped with lighting systems for public use during evening hours. To date, 84 of the 91 sports fields or courts are served by sports field lighting equipment supplied through a single lighting manufacturer, Musco Lighting LLC (Musco).

In November of this past year, the residents of Plantation voted in support of an ad valorem general obligation bond to fund a number of large capital project needs throughout the City. One such project involves the rehabilitation of existing sports field lighting systems serving 24 sports fields or courts located at Plantation Central Park and Sunset Park. Lighting rehabilitation is necessary for several reasons including, but not limited to, compliance with current sports field lighting requirements, aged equipment, and annual operation and maintenance costs.

The Engineering Department, tasked with administering all bond projects, proceeded to work with the P&R Department to develop a scope of work for sports field lighting rehabilitation. During this process, the Engineering Department recognized the P&R Department's O&M program goals for sports field lighting equipment. Upon examination of the O&M program, the Engineering Department observed that there likely would be additional capital costs and undesirable compromises to existing and planned changes to the O&M Program if lighting equipment from multiple manufacturers were used.

Based upon the foregoing observations, the Engineering Department approached the project from the perspective of standardizing sports field lighting throughout the City. After some research, the Engineering Department learned that standardization is a growing practice and identified a sports field lighting standardization procurement recently performed by Sarasota County. Procurement documents obtained from the Sarasota County P&R Department show that three (3) lighting manufacturers submitted required documentation in response to the procurement solicitation. A Sarasota County Outdoor Sports Lighting Standardization Committee evaluated the submittals and shortlisted two (2) manufacturers to make oral presentations before the Committee. On August 31, 2016, Sarasota County issued a Notice of Action selecting Musco Lighting LLC for outdoor sports field product line standardization. All Sarasota County procurement documents are included on the attached CD for your review.

P&R and Engineering Department staff carefully examined the procurement documents against current and future O&M Program needs and concluded sports field lighting standardization would be in the best interest of the City of Plantation. Seeing that Sarasota County selected Musco Lighting LLC, the Engineering and P&R Departments request your consideration to support an exemption from formal procurement pursuant to Section 2-226(g)(14) of the City Code of Ordinances and to prepare an agenda item for City Council consideration on April 26, 2017.

SARASOTA COUNTY GOVERNMENT PROCUREMENT **NOTICE OF ACTION**

Request for Information (RFI) Solicitation No. 163269CB

TITLE: Standardization of Outdoor Sports Lighting

SUBMITTAL DEADLINE: June 10, 2016

SUBJECT: NOTICE OF RECOMMENDED AWARD

The following firms submitted information in response to the above mentioned solicitation;

Musco Lighting LLC, Oskaloosa, IA Qualite Sports Lighting LLC, Hillsdale, MI Techline Sports Lighting, Austin TX

The Sarasota County Outdoor Sports Lighting Standardization Committee reviewed the information on June 24, and July 11, 2016 and invited the following two (2) firms to give Oral Presentations on August 24, 2016;

Musco Lighting LLC, Oskaloosa, IA Qualite Sports Lighting LLC, Hillsdale, MI

After oral presentations were heard, and all information considered, the Standardization Committee selected Musco Lighting LLC, Oskaloosa, IA for product line standardization.

Other Departments utilizing the same or similar products: None	
B. PRODUCT INFORMATION	
Product description (include manufacturers/brands if appropr	iate):
Outdoor athletic sports lighting (Ex: soccer fields, volleyball cour components to manage and illuminate playing and spectator are infrastructure.	
Describe how the product is currently used in County operatio	ins:
PRNR currently owns and/or operates 121 lighted, outdoor athle methods of installation and varying degrees of technology are cu lighted areas.	
Current vendor(s) (if applicable): N/A. Depends on bid selection.	
# of other manufacturer/brands currently in use by the County	ř.
List Brands: Qualite, General Electric, Musco, Hubbell, SES, and vendors no	longer in business.
Estimated quantity used per fiscal year (all manufacturers/bran Unit of Measure:	nds):
Varies depending upon planned CIP program and maintenance	needs.
Estimated lifecycle of product: up to 25 years	
Estimated acquisition cost per fiscal year: \$ \$1,000,000.00	
Estimated maintenance/repair costs per fisal year: \$ \$45,000.	00

#5

C. JUSTIFICATION

Justification for Standardizing:

To streamline operations to allow for greater accountability, information sharing, decrease downtime, Increased customer service and overall decrease in operating cost. With the growth of technology, a single source will permit improved management and maintenance through automated monitoring/alert system. PRNR centrally manages the reservations and scheduling of facilities. Manufacturer must integrate with existing recreation reservation software system, RECTRAC by Vermont Systems Inc.

A key benefit of standardization is reduced maintenance and parts inventory costs. However, there are more opportunities in other areas, as follows:

Reduced staff training costs:

As sports lighting systems become more sophisticated, the need for training increases. Even with a few models, as long as staff are dealing with a single vendor, chances are good that many of the various component models will utilize the same basic technology. Also, fewer systems mean less unproductive time for staff.

Reduced costs for equipment/inventory:

Fewer different systems will likely reduce our hardware and/or software purchasing needs. Additionally, reduced inventory, repair & substitution parts kept on hand for repairs can be significantly reduced thereby reducing cost (this is done even on a warranty system).

Faster failure diagnosis:

If utilizing one lighting system, staff may be abte to identify the problem just by speaking to the manufacturer or performing a quick hands-on test. This drastically reduces diagnostic time and increases productivity.

Customer service:

With the knowledge of one system, staff can return a lighting system to a working condition reducing backlog or leagues needing to reschedule or move to other working fields.

Acquisition costs:

With a 121 athletic fields/courts we may be able to negotiate lower costs to purchase, install, and maintain fixtures from the lighting manufacturer.

Warranty:

D.	PRODUCT QUESTIONNAIRE
Are sim List pro	ilar products availabie? 🗹 Yes 🔲 No ducts:
Qualite,	General Electric, Musco, Hubbeli, and SES.
With the	ndardizing reduce the total cost of ownership? 🗹 Yes 🔲 No Describe savings: products on the market today, some manufactures offer warranties that provide comprehensive warranties that ong-term maintenance plans.
Will sta	ndardizing reduce time and costs associated with training? 🗹 Yes 🗌 No Describe savings:
systems	duct famillarity and consistency, staff will only need to be trained on one lighting systems versus multiple lighting . With the use of one manufacturer, staff will be able to become proficient and will be positioned within time to failures and identify solutions, enhancing knowledge to apply to future service needs.

STANDARDIZATION REQUEST FORM

Will standardizing reduce maintenance costs? 🗹 Yes 🛄 No Describe savings:
With the products on the market today, some manufactures offer warranties that provide comprehensive monitoring, and coverage of maintenance, which includes labor, materials and lamp replacement. Additionally warranty coverage provides assurance that safe light levels are maintained as per the required standards and specifications thus mitigating risk. Technological improvements allows for a browser based interface which allows centralized management and analysis reducing windshield time to perform an on site assessment of the issue.
What are the benefits of standardizing?
Centralized performance monitoring Vendor Investment and Ownership County time and labor savings Shorten Procurement Cycle – Product Acquisition Improved reporting and data retention Single Manufacturer/Product vs. Multiple Improved maintenance tracking
Are there established standards for this commodity? 📝 Yes 🗌 No
Identify standards (ex: ANSI, ASTM): Illuminating Engineering Society of North America http://www.ies.org/
Has the product been tested by the County? 🗹 Yes 🔲 No Describe Testing:
We have several manufacturers currently in use by the County and have maintenance and repair records associated with each.
Will standardizing reduce inventory requirements? 🗹 Yes 🔲 No If yes, explain how:
Currently stock multiple manufacturers lighting components. Depending on final selection of manufacturer, potential exists to reduce stocked inventory completely and equipment necessary to perform the repairs.

REQUEST FOR INFORMATION ("RFI") – PART I STANDARDIZATION

RFI #: 163269CB

RFI TITLE: Outdoor Sports Lighting System Standardization

1.0 PURPOSE

Sarasota County ("County"), a political subdivision of the State of Florida, will receive Letters of Interest ("LOI") on the date indicated in BidSync for the purpose of selecting a standard outdoor sports lighting system for use at County outdoor athletic facilities. For the purpose of this RFI, the term "Respondent" is defined as the legal entity submitting the Letter of Interest.

2.0 BACKGROUND

Sarasota County currently owns and/or operates 121 lighted, outdoor athletic areas and fields/courts as indicated in Exhibit 1, Location List. A variety of manufacturers, methods of installation and degrees of technology are currently utilized in the maintenance and operation of the lighted athletic areas. The County centrally manages the reservations and scheduling of outdoor sports facilities through a recreation reservation software system, RecTrac, by Vermont Systems, Inc. Customer information from RecTrac provides our current vendor, Skylogix, which is a wireless remote controls and electronic monitoring and switching company, with time of day and day of week event programming.

Sarasota County Parks, Recreation and Natural Resources - Sports Development and Athletics has many upcoming planned projects where lighting is a major component. Currently three lighting projects are in the design and engineering phase with another four projects planned in the next three years. Planned projects are subject to change pending priorities and availability of funding.

3.0 QUESTIONS AND ADDENDA

- 3.1 Any inquiries, suggestions or requests concerning interpretation, clarification or additional information pertaining to the solicitation shall be submitted electronically through BidSync. All questions must be received no later than the deadline specified in the solicitation. No verbal requests for information will be honored.
- 3.2 The electronic response posted in BidSync or the posting of an addendum in BidSync are the only official methods whereby interpretation, clarification or additional information will be provided. It shall be the responsibility of each respondent, prior to submitting their LOI, to visit BidSync and determine if addenda were issued and to make such addenda a part of their LOI.
- 3.3 The County shall not be responsible for oral interpretations or representations made by County employees, representatives or third parties. Any questions raised at a presolicitation meeting will be formally answered in an addendum.
- 3.4 By submitting a response, respondents acknowledge receipt of any and all issued addenda, and agree to the provisions of each.

4.0 TECHNICAL REQUIREMENTS

The County is seeking technical information from Respondents regarding products that meet the technical specifications described in Part II - Technical Specifications.

5.0 SUBMITTAL REQUIREMENTS

REQUEST FOR INFORMATION ("RFI") – PART I STANDARDIZATION

- 5.1 **Documents:** Responses must include all of the documents below. Each document must be provided electronically in BidSync.
 - 5.1.1. Cover Letter- Provide a single page cover letter summarizing your capabilities.
 - 5.1.2. Company Information Provide a corporate overview, including company structure, staffing and financial soundness.
 - 5.1.3. Product Information
 - a. Describe how your product meets the County's technical requirements.
 - b. Describe how your system provides real time remote monitoring and diagnostics, including timeframe for providing notifications to the Owner.
 - c. Describe how your system provides remote lighting controls for Owner and users. Include security levels, connectivity integration, advance scheduling capabilities and outage recovery. Describe web-based system capabilities, including user dashboards and mobile integration. Define hours of software support (preferably 24/7). Explain how your system will fully integrate with Skylogix or will integrate with RecTrac to provide time of day and day of week event programming.
 - d. Provide product brochures and other pertinent descriptive materials to assist in the evaluation of your product.
 - 5.1.4. Software Integration Approach Describe how your lighting system would integrate with the County's recreational reservation software system, RecTrac 10.3. (The County will be upgrading to RecTrac 3.1 in August 2016)
 - 5.1.5. Warranty Describe your warranty options, including costs, coverage, response times and exclusions.
 - 5.1.6. Costs Provide a summary of your current pricing structure.
 - 5.1.7. Reference List Please include a list of no more than 20 outdoor athletic sites where a variety of your lighting systems are currently in use, preferably in Florida. The list should include a contact person, phone number and email as well as the dates the lighting systems were installed. The County may elect to visit sites to see your product in use or contact current or past customers. If possible, include references that demonstrate lighting system installations at each type of field maintained by the County (refer to Table 1 in Part II).
- 5.2 **Attached Documents:** The documents listed below are provided as attachments to this RFI and must be completed and uploaded as an attachment with your submittal.
 - 5.2.1. Metal Halide Lighting Performance Analysis Form
 - 5.2.2. LED Lighting Performance Analysis Form

REQUEST FOR INFORMATION ("RFI") – PART I STANDARDIZATION

6.0 EVALUATION PROCESS

- 6.1 All timely responses shall be reviewed by the County's Standardization Committee.
- 6.2 The Committee may consider the following factors: (1) Ability to meet technical requirements; (2) Total cost of ownership, including initial purchase, maintenance and training; (3) Ease or difficulty of use; (4) Product lifespan; (5) Warranty; (6) References. The Committee may consider other factors as well as those listed.
- 6.3 A determination by the County to standardize is discretionary. Responding to this RFI creates no rights in any respondent to challenge the outcome of the evaluation process.
- 6.4 The Committee may elect to test products from any or all of the Respondents. If testing is required, the County may request product samples for testing purposes and/or may initiate site visits to observe the product in use.
- 6.5 Notice of any public meetings pertaining to this RFI shall be posted at <u>www.scgov.net</u>. Respondents are instructed to contact Sarasota County Procurement if no meetings are indicated on the website and they wish to confirm whether meetings have been scheduled.

7.0 STANDARDIZATION DETERMINATION

7.1 The County shall standardize on the product(s) that, in the sole opinion of the County, best meet(s) the needs of the County.

PART II TECHNICAL SPECIFICATIONS

The County is seeking technical information from Respondents regarding products that meet or exceed the following technical requirements:

1.0 System Integration

Ability to integrate with RecTrac software version 10.3, the County's recreational reservation software system (the County will be upgrading to version 3.1 in August 2016).

- 2.0 Environmental Light Controls
 - 2.1 Fixtures must utilize spill light and glare control devices, including, but not limited to internal shields, louvers and external shields to minimize spill light to adjoining properties and glare to players and spectators.
 - 2.2 Average horizontal Foot candles at the property line from the perimeter the field shall not exceed .5 FC. Foot candle readings shall be taken at 30' intervals along the specified line.
 - 2.3 Illumination level shall be measured in accordance with Illuminating Engineering Society of North America (IESNA) RP-6-01, and be measured at the first 100 hours of operation
- 3.0 Lighting Performance
 - 3.1 Guaranteed light levels for a period of not less than 10 years for metal halide and LED. Average illumination level shall be measured in accordance with the iESNA LM-5-04 (IESNA Guide for Photometric Measurements of Area and Sports Lighting Installations). Illumination levels shall not drop below desired targets in accordance with IESNA RP-6-01, maintained average illuminance and shall be guaranteed for the full warranty period. Hours of usage shall be based upon 500 hours annually per athletic field, and comply with the typical illuminance levels for each type of field in accordance with Table 1 below.

		Table 1

Part II - Page 1 of 3

PART II TECHNICAL SPECIFICATIONS

4.0 Energy Consumption

The average kWh consumption for the system shall be 121 kWh or less.

- 5.0 Lighting Methodology
 - 5.1 Automated timed power adjustments, utilizes methodology that adjusts light levels through a series of programmed adjustments. Lighting
 - 5.2 Continuous Depreciating Light, uses continuous lamp lumen depreciation which is recovered by relamping and cleaning lenses of the luminaires.
- 6.0 Preventative and Spot Maintenance
 - 6.1 Manufacturer shall provide all preventative and maintenance and repair, including parts and labor for a minimum of 10 years from the date of equipment shipment.
 - 6.2 Individual lamp outages shall be repaired when the usage of any field is materially impacted. Owner agrees to check fuses in the event of a luminaire outage.
- 7.0 Remote Monitoring System with Diagnostics
 - 7.1 System shall monitor lighting performance and notify manufacturer if individual luminaire outage is detected so that appropriate maintenance can be scheduled. The manufacturer will notify the owner of outages, preferably within 24 hours, or the next business day. The controller shall determine switch position (Manual or Auto) and contactor status (open or closed).
- 8.0 Remote Lighting Control System:
 - 8.1 System shall allow owner and users with a security code to schedule on/off system operation.
 - 8.2 Manufacturer shall provide software support, preferably 24/7.
 - 8.3 Flexible lighting control system that permits the owner to assign various security levels to schedulers by function and/or fields. It is preferred that the system would include the following functionality:
 - a. Flexible privileges ranging from full scheduling capabilities for all fields, to only having permission to execute "early off" commands by phone.
 - b. Ability to set curfew limits.
 - c. Acceptance and storage of 7-day schedules
 - d. Protection against memory loss during power outages, and ability to reboot once power is regained and execute any commands that would have occurred during outage.
 - 8.4 Manufacturer shall provide a web-based database and dashboard tool to capture usage and provide reports. Is preferred that the tool provide the following:
 - a. Dashboard showing current status of lamp outages, control operation and service scheduling including re-lamping operations completed and scheduled.

163269CB

Part II - Page 2 of 3

PART II TECHNICAL SPECIFICATIONS

- b. Mobile application suitable for IOS, Android, and Blackberry devices.
- 8.5 Manufacturer shall include communication costs for operating the controls and monitoring system for a period of 10 years. Required site service within the warranty period shall be within 24 hours.

9.0 Warranty

- 9.1 Minimum 10-Year Warranty covering the entire system for 10 years, or for the maximum hours of coverage based on the estimated annual usage, whichever occurs first. It is preferred that the warranty include the following:
 - a. Guarantee light levels will not fall below target maintained levels. A 10% +/design/testing allowance will not be allowed.
- 9.2 Lamp replacements; system energy consumption; monitoring, maintenance and control services, spill light control, and structural integrity.
- 9.3 Manufacturer shall maintain specifically-funded financial reserves to assure fulfillment of the warranty for the full term.
- 9.4 Manufacturer shall include all group lamp replacements required to provide a minimum 10 years of operation based upon 500 usage hours per year.

Plantation City Council Meeting Agenda Notice of City Council Meeting Wednesday, April 26, 2017 ~ 7:30 PM

City of Plantation City Council Chambers

Subject:

Second and Final Public Hearing of an ordinance pertaining to the General Employees Retirement Plan

Summary:

Second and Final Public Hearing of an ordinance of the City of Plantation, Florida amending Chapter 18 of the Code of Ordinances of the City pertaining to the General Employees' Retirement System, establishing a mechanism for a change in beneficiaries for members; providing updates for consistency; providing a savings clause; and providing an effective date therefor.

ATTACHMENTS:

Description Memorandum Ordinance Backup Material **Upload Date** 4/3/2017 4/3/2017 4/3/2017 **Type** Cover Memo Ordinance Backup Material

MEMORANDUM

TO:	MAYOR BENDEKOVIC AND MEMBERS OF CITY COUNCIL
FROM:	QUENTIN E. MORGAN, BOARD ATTORNEY
RE:	ORDINANCE PERTAINING GENERAL EMPLOYEES RETIREMENT PLAN
DATE:	April 3, 2017

Enclosed please find an Ordinance for your consideration regarding allowable beneficiary changes to the General Employees' Pension Plan. The General Employees Retirement System's Board has unanimously decided to allow members to change beneficiaries for retirement options that specify beneficiaries. Currently a member is not allowed to change beneficiaries once an election has been made. Now, the Board will allow a member, upon written approval from the Board, to change beneficiaries after any election.

To illustrate, under the Ordinance a member is <u>not</u> allowed to change the form of payment. If a member has a life annuity and wants to change the form of payment, they cannot do so; however, they can change from one beneficiary to another.

The Ordinance would have no Actuarial Impact on the Plan. The item is now ready for consideration.

ORDINANCE NO.

AN ORDINANCE OF THE CITY OF PLANTATION, FLORIDA, AMENDING CHAPTER 18 OF THE CODE OF ORDINANCES OF THE CITY PERTAINING TO THE GENERAL EMPLOYEES' RETIREMENT SYSTEM, ESTABLISHING A MECHANISM FOR A CHANGE IN BENEFICIARIES FOR MEMBERS; PROVIDING UPDATES FOR CONSISTENCY; PROVIDING A SAVINGS CLAUSE; AND PROVIDING AN EFFECTIVE DATE THEREFOR.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF PLANTATION, FLORIDA, THAT:

SECTION 1: A new section 18-32.1 is hereby created to read as follows:

Sec. 18-32.1 – Change of beneficiary.

If a member has elected an option with a beneficiary, the member shall be permitted to request a change of the designated beneficiary, but such change shall be deemed a new election and shall be subject to approval by the board of trustees. If a member has elected an option with a beneficiary and his or her retirement income benefits have commenced, he or she may thereafter change the designated beneficiary, but such change shall be deemed a new election and shall be subject to approval by the board of trustees. A request for any such change shall be made to the board of trustees on the form provided by the board of trustees. The consent of a member's beneficiary to any such change shall not be required. A change in beneficiary will result in a recalculation of the member's retirement benefit to account for the age of the new beneficiary which may result in an adjustment to the member's retirement benefit.

<u>SECTION 2:</u> Section 18-43 is hereby repealed in its entirety and designated as Reserved:

Sec. 18-43. <u>Reserved.</u>

Sec. 18-43. - Prior death of co-annuitant.

The election by a member of section 18-39 above shall be null and void if the designated coannuitant dies before the member's retirement.

<u>SECTION 3</u>: Should any section, paragraph, sentence, clause, phrase or other part of this Ordinance be declared by a court of competent jurisdiction to be invalid, such decision shall not affect the validity of this Ordinance as a whole or any portion or part thereof, other than the part so declared to be invalid.

<u>SECTION 4</u>: This Ordinance shall take effect immediately upon passage on second reading by the City Council and signature by the Mayor.

PASSED ON FIRST READING by the City Council this _____ day of _____, 2017.

PASSED AND ADOPTED ON SECOND READING by the City Council this _____ day of _____, 2017.

SIGNED by the Mayor this _____ day of _____, 2017.

Re: City of Plantation General Employees Retirement System

Dear Beth:

As requested, we have reviewed the proposed ordinance which would amend the Plan as follows:

• A provision is added allowing a retired member to change his or her beneficiary designation without the approval of the current beneficiary.

In our opinion, this amendment will have no actuarial impact on the Plan for pre-funding purposes.

The change listed above allows retirees to change their joint annuitant after payments commence. This provision may open the door to what is referred to as "anti-selection". For example, if the retiree's joint annuitant becomes terminally ill, the retiree could make a change to name a healthy joint annuitant. This change would increase the liability of the Plan unless the shorter expected lifetime of the first joint annuitant is taken into account when calculating the amount of the new joint and survivor pension.

Members who take advantage of "anti-selection" will cause actuarial losses. Because of the difficulty in measuring "anti-selection" and the low probability that members will take advantage of this, we do not feel that an estimate for advanced funding is necessary.

Although there is no actuarial impact, a copy of this letter along with the proposed ordinance should be sent to the Division of Retirement before second reading of the ordinance.

The undersigned is a Member of the American Academy of Actuaries (MAAA) and meet the Qualification Standards of the Academy of Actuaries to render the actuarial opinion contained herein.

We welcome your questions and comments.

Sincerely yours,

Jeffrey Amrose, MAAA Senior Consultant & Actuary

RESOLUTION NO.

A RESOLUTION APPROVING THE EXPENDITURES AND APPROPRIATIONS REFLECTED IN THE WEEKLY EXPENDITURE REPORT FOR THE PERIOD April 06, 2017 THROUGH April 19, 2017 THE PLANTATION GATEWAY DEVELOPMENT DISTRICT

BE IT RESOLVED BY THE BOARD OF DIRECTORS OF THE PLANTATION GATEWAY DEVELOPMENT DISTRICT, that:

The expenditures reflected on the attached weekly Expenditure Reports from the Plantation Gateway Development District's funds are herewith approved and ratified. The planned and actual appropriations and expenditures shown in said reports are hereby authorized, ratified, and approved and shall be funded from existing revenue sources. For those planned and actual appropriations and expenditures that exceed the total prior approved budget amount at the fund level, as amended, the appropriate fund's budget is hereby increased by that amount necessary to accommodate the planned and actual expenditure and appropriations for the fund as listed in the attached reports. A copy of the said weekly reports will be filed with the City Clerk of the City of Plantation with a copy of the Resolution attached thereto.

APPROVED AND ADOPTED BY THE CITY COUNCIL SITTING AS THE BOARD OF DIRECTORS OF THE PLANTATION GATEWAY DEVELOPMENT DISTRICT THIS Wednesday, April 26, 2017.

RESOLUTION NO.

A RESOLUTION APPROVING THE EXPENDITURES AND APPROPRIATIONS REFLECTED IN THE WEEKLY EXPENDITURE REPORT FOR THE PERIOD April 06, 2017 THROUGH April 19, 2017 THE CITY OF PLANTATION'S COMMUNITY REDEVELOPMENT AGENCY

BE IT RESOLVED BY THE BOARD OF COMMISSIONERS OF PLANTATION COMMUNITY REDEVELOPMENT AGENCY, that:

<u>Section 1:</u> The expenditures reflected on the weekly Expenditure Report from the Redevelopment Trust Fund of the Plantation Community Redevelopment Agency are herewith approved and ratified. The planned and actual appropriations and expenditures shown in said report are hereby authorized, ratified, and approved and shall be funded from existing revenue sources. For those planned and actual appropriations and expenditures that exceed the total prior approved budget amount at the fund level, as amended, the appropriate fund's budget is hereby increased by that amount necessary to accommodate the planned and actual expenditure and appropriations for the fund, as listed in the attached report. A copy of the said weekly report(s) will be filed with the City Clerk of the City of Plantation, with a copy of the Resolution attached thereto.

<u>Section 2:</u> This Resolution shall become effective after being approved and adopted by a majority of the Board of Commissioners of the Plantation Community Redevelopment Agency and signed by the Chairman.

APPROVED AND ADOPTED BY A MAJORITY OF THE BOARD OF COMMISSIONERS OF THE PLANTATION COMMUNITY REDEVELOPMENT AGENCY OF THE CITY OF PLANTATION, FLORIDA, THIS Wednesday, April 26, 2017.

SIGNED BY THE CHAIRMAN THIS Wednesday, April 26, 2017.

STAFF REPORT TO THE CITY COUNCIL

DATE:	April 26, 2017
SUBJECT:	PM17-0003: Outdoor Seating for Dunkin Donuts - Westgate Plaza
APPLICANT:	David Cafua, representative / Westgate Plaza Inc., owner
ADDRESS:	11 N. State Road 7
LOCATION:	Located on the northwest corner of State Road 7 and Broward Boulevard within the Westgate Plaza.
LAND USE / ZONING:	Commercial / SPI-2 (Four Corners Commercial)

REQUEST: Consideration of a request to have outdoor seating with 1 tables and 7 seats.

EXHIBITS TO BE INCLUDED: Planning & Zoning Division report, and application.

ANALYSIS: Dunkin Donuts within the Westgate Plaza received conditional use approval for a high turnover restaurant with drive thru in November of 2012.

Outdoor seating is subject to the regulations contained in Section 27-613.3(18), attached, which allows for staff to administratively review and approve these type of applications. The applicant has submitted an application to allow one table with 6 fixed seats and 1 handicap accessible seat to be located under the front building arcade to the left of the store entrance. Staff has reviewed the application and found it acceptable for approval.

City Council at their meeting of March 22, 2017, requested the item be agendized for discussion.

STAFF COMMENTS:

PLANNING AND ZONING:

- 1. The code requires outdoor seating to be moved inside the restaurant during a storm event. According to the specifications provided, the tables weigh between 800 and 850 pounds. Given this, the Building Department has determined that this alternate type of seating may remain outside.
- 2. Maintain a minimum of 3' between the column at the southwest corner of the building and the seating fixture.

LANDSCAPE: Staff has no objection to the outdoor seating request.

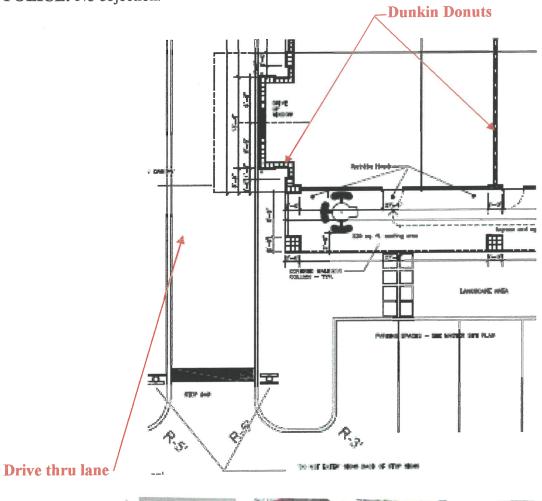

ENGINEERING: No objection.

BUILDING DEPT: No objection.

UTILITIES: No objection.

1. Additional Capacity Charges will apply. Contact Steve Peraza at 954-797-2209 for the amount due. **FIRE DEPARTMENT:** No objection.

POLICE: No objection.

SECTION 27-613.3 (18)

- (61) Open air cafe or outside seating (herein, "outdoor cafe") for a low turnover, sit-down restaurant or a high turnover, sit-down restaurant may be <u>approved by the building and planning zoning and</u> <u>economic development department</u> as an accessory use subject to the following additional regulations:
 - a. No person shall establish or operate an outdoor cafe within the city without obtaining a permit approved by the planning, zoning and economic development department. The review costs of the permit shall be charged and paid through the city cost recovery system. The permit application shall include the name, address, and telephone number of the applicant: The name and address of the restaurant; and a copy of a valid city local business tax receipt to operate a low turnover sit-down restaurant or high turnover sit-down restaurant. Architectural plans, drawn to scale, which accurately depict the layout and dimensions of the proposed outdoor cafe shall be submitted with the application and shall include a cafe layout plan, interior floor plan of the primary restaurant establishment to which the outdoor cafe is accessory, use of the adjacent business or property, proposed location, size, design, and number of tables, chairs, planters, umbrellas, and any other allowable object relating to the operation of the outdoor cafe, types of proposed landscaping, and pedestrian ingress and egress routes. The plan must meet all applicable access standards. A copy of the site plan, as approved in conjunction with the outdoor cafe permit, shall be maintained on the applicant's premises and shall be available for inspection by city personnel at all times.
 - b. Outdoor cafes shall be restricted to the frontage of the licensed primary restaurant use to which the permit is issued: except however, that the area of the permit may also extend from each side of the primary restaurant use to a maximum of fifty (50) feet of adjacent businesses' frontage during time period when the adjacent business is closed and only with written permission from the property owner and the affected businesses, and except for corner restaurants "frontage" may encompass the lineal footage of both external corners. When such written permission is cancelled in writing for the utilization of adjacent business frontage, the extended area shall no longer be permitted.
 - Outdoor cafes shall be conducted operated in such a way as to not interfere with the circulation C. of pedestrian or vehicular traffic on the adjoining streets, or sidewalks, or breezeways. There shall a minimum of four (4) feet of clear distance or fifty (50) percent of the sidewalk width (clear path) whichever is greater, free of all obstructions, in order to allow adequate pedestrian movement. In no event may recesses in the building frontage be used to satisfy this unobstructed width requirement. The outdoor cafe table corners may be rounded or mitered, in which event the required minimum clearance shall still be maintained. No tables, chairs, or umbrellas shall ever be placed within seven and one-half (71/2) feet of a fire hydrant or standpipe, or within five (5) feet of a pedestrian crosswalk, curb cut, street, alleyway, utility pole, utility box, bike rack, bus bench, bus shelter, street furniture of any type, or in any other restricted area required by the approved permit and reflected in the approved plans. For purposes of minimum clear path, any object, regardless of whether it is associated with the outdoor cafe, shall be considered an obstruction, such as but not limited to: trees, sign poles, bus benches, etc. No area of an outdoor cafe shall be permitted upon city right-of-way, nor shall the design or layout of the outdoor cafe obstruct or interfere with sight triangles, vehicle

recovery areas, or encouraged pedestrian access to and from the right-of-way, or to and from public right-of-way street furniture or transportation facilities.

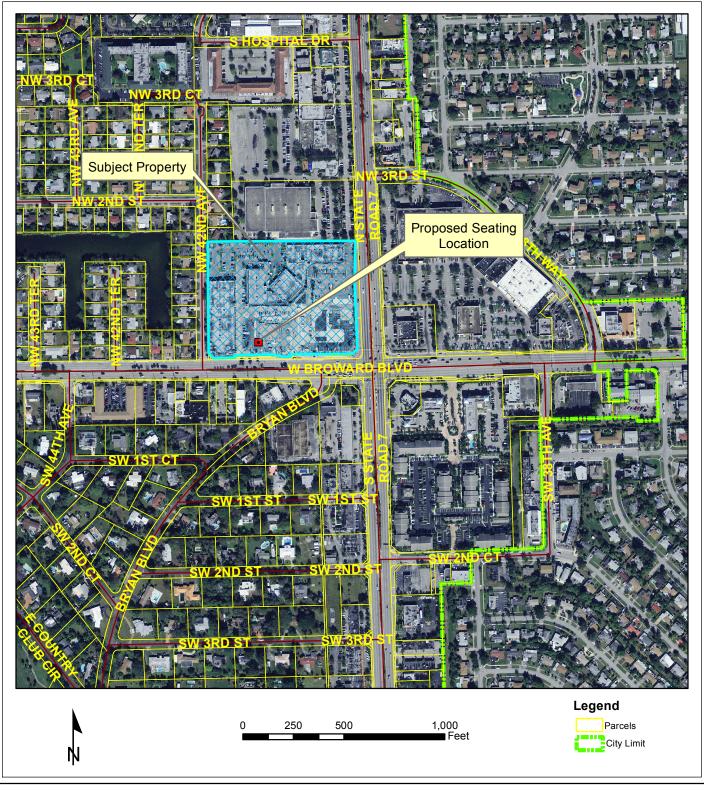

[d, e.Reserved.]

- f. The consumption of food by patrons of the outdoor cafe shall be at tables only. Customers may be served by waiters or waitresses, or from counter service or self-service where the point of sale takes place inside the existing business. Point of sale food service from a pass-through window shall not be permitted. Outdoor menu boards and sandwich signs are prohibited.
- g. The outdoor cafe shall not occupy an area of more than one hundred (100) percent of the total area of the restaurant to which it is accessory (regardless of whether the area is greater than the primary restaurant use frontage as conditionally permitted in subsection b. above. No additional parking is required for the accessory use; provided, however, that in the event the outside cafe area is larger than ten (10) percent of the area of the primary restaurant use, the restaurant parking requirement set forth in section 27-743(24), of this Code, shall be applicable to the area of the outside cafe.
- h. Tables, chairs, and umbrellas shall be of high quality design, material and workmanship for aesthetics. They shall be made of metal or weather resistant and finished wood. Use of plastic products shall be discouraged. Photographs, drawings or manufacturers' brochures describing the appearance and dimensions of all proposed tables, chairs, and umbrellas shall be submitted with the application for review and approval by the city. Clear knee space under tables: Twenty-seven (27) inches in height, thirty (30) inches in width, nineteen (19) inches in depth. Tables shall have a maximum height of thirty-four (34) inches to the top of the table. Alternative equivalent seating accessible to disabled persons shall be provided when required by the city. In reviewing the design of proposed outdoor furniture for outdoor cafes, the director of planning, zoning and economic development, or his or her designee, shall consider the following factors:
 - (i) The weight (i.e., gauge and construction) of the furniture, with particular emphasis regarding the extent to which it may be knocked down or blown around by wind exceeding thirty (30) miles per hour (given the summer storm and hurricane season);
 - (ii) Whether the color and design of the proposed furniture is uniform with other existing furniture;
 - (iii) Whether the external colors are painted or otherwise applied in a manner that the color of the furniture may, through ordinary wear and tear, become "chipped" in appearance;
 - (iv) The proposed furniture's durability of construction and the extent to which it may become subject to wear, tear and breakage:
 - (v) The proposed furniture's strength. Chairs should be able to support significant weight (i.e., 250 to 350 pounds) and tables should likewise be rigid and not flimsy or easily flexible; and
 - (vi) The design of the street furniture should not appear to reflect minimal capital investment in terms of aesthetics. Only outdoor cafe equipment specifically shown on the approved plan, and not otherwise prohibited, shall be allowed in the permit area. The estimated chair count per table may vary within the prescribed area, provided that the overall number of chairs remains as approved.

Umbrellas and other decorative material shall be fire retardant or manufactured of fire resistant material. All umbrellas shall be reviewed and approved on a case-by-case basis by the planning, zoning and economic development director based on compatibility with the surrounding area, and the number and proposed location of such umbrellas. Cafe names may be printed on umbrellas. Letter and logos may not exceed six (6) inches in height. Minimum height for umbrellas shall be eighty (80) inches.

- i. Fire sprinklers and extinguishers may be required within the permit area at the discretion of the fire department.
- j. The outdoor cafe shall not be enclosed except that it may be covered with a canvas cover, or covered with the existing walkway covering (where the area is within walkway areas).
- k. All kitchen and other equipment (e.g., bus service stations, remote menu computer stations, hostess stations) used to service the open air outdoor cafe area shall be located within the primary restaurant use. Only items reflected in the approved plan shall be permitted in the outdoor cafe area.
- 1. After the close of business of the primary restaurant use, outdoor cafe equipment shall not be allowed in the permit area or outside the structural confines of the building in which the primary restaurant use is located unless the primary restaurant use opens for business in the morning at the same hour as adjacent business or unless the restaurant is the sole occupant of a building, in which event the tables, closed umbrellas, and chairs may be permitted in the outdoor cafe area so long as they are arranged in an orderly manner and secured and stored so as to not interfere with the use of the walkway. During any period of a hurricane, tornado, or severe thunderstorm warning or watch, these items shall be brought inside the primary restaurant use. The plans submitted with the outdoor cafe permit application shall disclose adequate storage area within the primary restaurant use (or elsewhere within two hundred (200) feet of same) for these items.
- m. The outdoor cafe shall be kept in a neat and orderly appearance and shall be kept free from refuse and debris. No food or drink preparation, storage, displays, including plastic, refrigeration apparatus, fire or fire apparatus or equipment (unless required by the fire department) shall be allowed outside the main licensed restaurant. No dirty dishes, garbage or food shall be stored outside of the primary restaurant use area. All refuse associated with the outdoor cafe shall be handled indoors at all times.
- n. In approving an outdoor cafe, <u>the planning</u>, <u>zoning and economic development department may</u> <u>prescribe additional appropriate conditions and safeguards</u> which are designed to minimize noise, clutter, pedestrian congestion, and vehicular congestion.
- o. A failure to comply at all times with the operating and permit requirements of this subsection may result in the <u>revocation of the permit without an opportunity to come into compliance by</u> <u>the planning, zoning and economic development director</u>. An outdoor cafe operating without a permit is a violation of this Code with each day constituting a separate offense.

CITY COUNCIL Peter S. Tingom, President Lynn Stoner, President Pro Tem Ron Jacobs Jerry Fadgen Mark Hyatt

MEMO

TO:	Mayor and Members of City Council
FROM:	Horace McHugh, Chief Administration Officer Dawn Mehler, Administrative Analyst
MEETING DATE:	April 26, 2017
SUBJECT:	Code Lien Amnesty Program
REQUEST:	Approve Resolution

ANALYSIS:

We recommend that City Council approve a resolution authorizing the implementation of a Code Lien Amnesty Program for a period of one year and six months, creating a mechanism to effectively deal with non-compliant properties and liens associated with them.

Issue:

As of 3/14/17, there are approximately 326 active outstanding code liens on 216 properties. (Exhibit 1)

Background:

On December 15, 2010, the City Council approved a Code Lien Amnesty Program. This Program began on February 1, 2011 and ended on July 28, 2011. This Program was approved with 229 properties with code liens that were uncollected and resulted in properties coming into compliance to take advantage of the Program. Therefore, we believe it may be an appropriate time to conduct another Code Lien Amnesty Program.

Code Enforcement, Landscape, Zoning, and the Building Departments issue code infractions in the City's neighborhoods that have a direct effect on property values, aesthetic vitality, life safety, property and quality of life for the residents. The mission of the Code Enforcement, Landscape, Zoning, and the Building Departments is first and foremost is to ensure that properties found in violation come into compliance.

The 216 properties that have received code infractions have accumulated fines, liens, penalties and other accruals over \$23.7 million. Many of these have been outstanding for years and are considered uncollectable liens. In an effort to effectively bring these properties into compliance and address these liens, City Administration recommends a temporary Code Lien Amnesty Program that would ultimately require compliance as a prerequisite for participation in the program.

Analysis:

The proposed Code Lien Amnesty program would deal with outstanding Code, Landscape, Zoning and Building Liens by encouraging compliance, and releasing them based on the payment of a greatly reduced amount of the face value of the lien. While the program may result in some unclaimed revenue, it is intended to deal with those properties that continue to negatively impact the appearance of our community and the safety of our citizens. This will be ensured by a strict adherence to the program's conditions for participation.

The recommended terms of the Code Lien Amnesty Program:

- 1. The Code Enforcement Final Order or Supplemental Order/Claim of Lien must be dated before December 31, 2016. The application shall have been received and code lien paid in full by November 15, 2018.
- 2. The program will commence on May 1, 2017 and conclude on November 15, 2018.
- 3. Only the owner of the property or their legal representative can apply for the program (as verified by a recorded Certificate of Title or other official document.).
- 4. The application fee shall be \$50.00 and the amount of the fine reduction for this program, will be as follows:

Code Lien Range	Customer pays	Example of a \$500,000 code lien
\$0-\$50,000	15%	\$50,000 x 15% =\$7,500
\$50,001-\$150,000	15% applicable on the first \$50,000; plus 10% on amounts between \$50,001 and \$150,000	\$100,000 x 10% = \$10,000
\$150,001- \$300,000	 15% applicable on the first \$50,000; plus 10% on amounts between \$50,001 and \$150,000; plus 7.5% on amounts between \$150,001 and \$300,000 	\$150,000 x 7.5% =\$11,250
\$300,000 - over	 15% applicable on the first \$50,000, plus 10% on amounts between \$50,001 and \$150,000; plus 7.5% on amounts between \$150,001 and \$300,000; plus 	\$200,000 x 5%= \$10,000 Customer pays \$38,750
	5% on amounts over \$300,000	

- 5. A participation agreement must be signed by the owner of the property or their legal representative.
- 6. Upon receipt of an application, the property admitted into the program must comply with the violation and be inspected for the purpose of determining whether the violations in the Code Enforcement Final Order or Supplemental Orders/Claim of Lien have been cured. The fact that there may be other violations that exist on the Property will not disqualify a site from further participating in this program.
- 7. If the property admitted into the program is deemed to be in compliance by Code Enforcement, the owner of the property or their legal representative must pay their reduced code lien amount on or before November 18, 2018.
- 8. If the reduced code lien amount is not paid, the code lien amount shall be reinstated.
- 9. Liens that are the result of nuisance abatement and contracted services are not eligible for the program.

Fiscal Impact:

It is difficult to estimate the fiscal impact of the proposed program. We expect those owners of homesteaded properties who are already in compliance will be most likely to take advantage of the amnesty program. The

program itself will be managed by Administration. We anticipate a net positive impact on the general fund, since these liens would have otherwise remain unpaid on our books, however the amount is hard to estimate.

RECOMMENDATION: Approve Resolution to authorize a Code Lien Amnesty Program to be implemented beginning May 1, 2017 and ending on November 15, 2018.

RESOLUTION NO.

A RESOLUTION OF THE CITY OF PLANTATION, FLORIDA AUTHORIZING AN AMNESTY PROGRAM TO ADDRESS CURRENT CODE ENFORCEMENT FINES, INCLUDING THOSE CREATING A LIEN UPON REAL PROPERTY; PROVIDING FOR CONDITIONS; PROVIDING FOR REDUCTION AMOUNTS; PROVIDING FOR A TERMINATION DATE; PROVIDING FOR SEVERABILITY; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, it is in the best interest of the City property experiencing code violations to be brought into compliance; and

WHEREAS, on December 15, 2010, the City conducted an Amnesty Program to clear code enforcement fines and liens, if compliance was achieved during the Amnesty period; and

WHEREAS, the City desires to conduct another Amnesty Program.

NOW, THEREFORE, BE IT RESOLVED that:

<u>SECTION 1:</u> The above recitals are true and correct and by this reference are hereby Incorporated into and made an integral part of this resolution.

SECTION 2: Authorization for Amnesty Program.

An Amnesty Program is hereby authorized to reduce Code Enforcement fines and liens, provided:

- 1. The real property is brought into compliance with the specified code violations.
- 2. An inspection must be conducted by City, or other means of confirming that the specified code violation is corrected.
- 3. An Authorization of Compliance must be prepared by City, attesting to the compliance and approving a reduction of the fine.
- 4. The compliance and payment of the reduced fine amount shall be fully completed by November 15, 2018, and;
- 5. The Code Enforcement matter will be considered closed and a Satisfaction or Release of Lien shall be filed in the Official Records only upon compliance with the stated violation and the full and complete payment of the reduced fine.
- 6. For properties and code violations that are not in compliance by the due date, and/or payment of the reduced amount is not received in full by November 15, 2018 will not qualify for the reduction allowed by the Program and at the expiration of the Program the original fine amounts will be effective.

SECTION 3: Amount of Fine Reduction

In administering the Program, the following reductions of fine, penalties and costs are allowed:

Code Lien Range	Customer pays
\$0 – \$50,000	15%
\$50,001-\$150,000	15% applicable on the first \$50,000; plus 10% on amounts between \$50,001 and \$150,000
\$150,001-\$300,000	15% applicable on the first \$50,000; plus 10% on amounts between \$50,001 and \$150,000; plus 7.5% on amounts between \$150,001 and \$300,000
\$300,000 - over	15% applicable on the first \$50,000, plus 10% on amounts between \$50,001 and \$150,000; plus 7.5% on amounts between \$150,001 and \$300,000; plus 5% on amounts over \$300,000

SECTION 4: Satisfaction or Release of Lien.

The City shall execute a Satisfaction or Release of said Code Liens upon proof that the property is in compliance and receipt of payment of the reduced fine received by the end of the Program. In the event the reduced fine amount is not paid as agreed or later modified, the full and complete Code fine less any partial payments made shall be reinstated and the property owner shall not be entitled to participate in this Amnesty Program and will be required to seek relief as set forth in the Code of Ordinances.

<u>SECTION 5:</u> This Resolution shall take effect immediately upon passage by the City Council and signature by the Mayor.

PASSED AND ADOPTED by the City Council this _____ day of _____, 2017.

SIGNED by the Mayor this _____ day of _____, 2017.

MAYOR

ATTEST:

Susan Slattery, City Clerk

Plantation City Council Meeting Agenda Notice of City Council Meeting Wednesday, April 26, 2017 ~ 7:30 PM

City of Plantation City Council Chambers

Subject:

Charter Amendments Recommended after the first November General Election

Summary:

Public Hearing and First Reading of an ordinance pertaining to the subject of City of Plantation's Charter; amending or clarifying provisions of the Charter relative to elections that are appropriate in view of prior referenda and new case law; amending provisions of the Charter to ensure that existing elected officials' terms of office expire when newly elected officials' terms of office commence in cases where increased time under State Law is utilized to certify November General Election results; providing clarifying Charter amendments relating to the computation of time; amending the City Charter to add provisions allowing candidates to pay fees and assessments after a qualifying period expires in the event such fees and assessments are not paid during the qualifying period as a result of a banking error; clarifying the Charter elections qualifying requirement for residency; making other miscellaneous amendments to the Charter and Code to implement the foregoing; providing a savings clause; and providing an effective date therefor.

MEMORANDUM

To:	Mayor and Members of the City Council
From:	Donald J. Lunny, Jr., City Attorney
Date:	March 1, 2017
Re:	Charter Amendments Recommended after 1st November General Election
Copies:	Horace McHugh, Chief Administrative Officer Susan Slattery, City Clerk

This Ordinance is sponsored by the Administration and City Clerk.

This past general election was the City's first November general municipal election. The following is noted:

 Under the current provisions of the City Charter, the terms of all elective offices subject to a general election expire at noon, three (3) days after the date of the general election. Thus the former terms for Council Groups 3, 4, and 5 expired at noon, November 14, 2016. Given the date the election results were certified, the subsequent terms of office for newly elected Council Members for Council Groups 3, 4, and 5 began November 21, 2016. This resulted in no Council branch of government for a gap period of 7 days.

The revised Ordinance establishes the expiry of terms, and the commencement of subsequent terms, at noon, the day after the general election results are certified. This will allow the City to have continuity of governance. See Lines 396-403.

2. In <u>Wright v. Miami Gardens</u> 2016 WL 4945053 (Fla. Sept. 15, 2016), the Florida Supreme Court determined that the application of a statutory provision requiring fees to be paid in a qualifying period was <u>unconstitutional</u> where a candidate tendered checks for the fees and assessments during the qualifying period, the checks were returned after the qualifying period expired because of a banking error, and the statutory provision at issue required the candidate to be disqualified. The Court ordered that the candidate's name be placed on the ballot and if this could not occur, that a Mayoral special election be called.

Plantation's Charter provisions also require that the qualifying fee and election assessments be paid during the qualifying period or disqualification results. In light of the new case, a new provision is recommended that will allow payment after the qualifying period runs if a check is returned for any reason; however, the amount(s) due must be paid within 48 hours. See Lines 340-347.

- 3. During the election, a question arose as to the Charter's meaning concerning the residency requirement, and whether a person could qualify for office if he or she has a vacation residence or "second home" outside of Plantation. A provision is recommended to aid the Charter's reader and clarify that the word "resident" in this context requires that a person seeking to qualify for office must maintain his or her permanent home (i.e. domicile) in Plantation. Thus, having a vacation or second home would not disqualify a person from running for an elective office. See Lines 231-239.
- 4. There is a provision for the computation of time in the City's Code of Ordinances, but no such provision appears in the City's Charter. Given various deadlines stated in days and hours in the Charter and Code, including, but not limited to those concerning elections, a new provision is recommended to assist the reader in ascertaining how time is computed. A provision has also been added to aid the Charter reader in understanding how the one year residency requirement time period is computed. The rules proposed appear in lines 423-517.
- 5. Finally, additional edits were made to clarify the Charter and capitalize letters of certain identified positions as requested last year (after the Council's preferences in this regard were communicated to the Code Editor and accepted by the Code Editor).

If any of you have any questions or comments, please do not hesitate to contact Mr. McHugh, Ms. Slattery or me.

This Ordinance is now ready for consideration at First Reading as a Legislative Item.

DJL:tw [813]9002-11001,v3

1	Ordinance No
2 3	
3	AN ORDINANCE PERTAINING TO THE SUBJECT OF CITY OF
4	PLANTATION'S CITY CHARTER; AMENDING OR CLARIFYING
5	PROVISIONS OF THE CHARTER RELATIVE TO ELECTIONS THAT ARE
6	APPROPRIATE IN VIEW OF PRIOR REFERENDA AND NEW CASE LAW;
7	AMENDING PROVISIONS OF THE CHARTER TO ENSURE THAT
7 8	EXISTING ELECTED OFFICIALS' TERMS OF OFFICE EXPIRE WHEN
9	NEWLY ELECTED OFFICIALS' TERMS OF OFFICE COMMENCE IN
10	CASES WHERE INCREASED TIME UNDER STATE LAW IS UTILIZED TO
11	CERTIFY NOVEMEBER GENERAL ELECTION RESULTS; PROVIDING
12	CLARIFYING CHARTER AMENDMENTS RELATING TO THE
13	COMPUTATION OF TIME; AMENDING THE CITY CHARTER TO ADD
14	PROVISIONS ALLOWING CANDIDATES TO PAY FEES AND
15	ASSESSMENTS AFTER A QUALIFYING PERIOD EXPIRES IN THE EVENT
16	SUCH FEES AND ASSESSMENTS ARE NOT PAID DURING THE
17	QUALIFYING PERIOD AS A RESULT OF A BANKING ERROR;
18	CLARIFYING THE CHARTER ELECTIONS QUALIFYING REQUIREMENT
19	FOR RESIDENCY; MAKING OTHER MISCELLANEOUS AMENDMENTS
20	TO THE CHARTER AND CODE TO IMPLEMENT THE FOREGOING;
21	PROVIDING A SAVINGS CLAUSE; AND PROVIDING AN EFFECTIVE
22	DATE THEREFOR.
23	
24	
25	WHEREAS, by virtue of City Ordinance No. 2480 and the Referendum of November 4,
26	2014, the Charter of Plantation was changed so as to have the City's municipal general elections
27	to coincide with the Federal, State, and County general elections in November of certain years;
28	and,
29	

WHEREAS, City Ordinance No. 2500 and the Referendum of November 4, 2014 also amended the City Charter, effective November 4, 2014, so as to require a residency of one-year in the City before being able to qualify for a City elective office in a general or special municipal election; and,

35 WHEREAS, City Ordinance No. 2544 was enacted to implement the aforesaid Charter 36 changes; and

34

37

WHEREAS, the City has experienced its first November general election and certain
 other amendments have become necessary to further implement the aforesaid referenda, clarify
 the Charter, and conform the Charter to the Florida Supreme Court's opinion in Wright v. City of
 Miami Gardens, 2016 WL 4945053 (Fla. Sept. 15, 2016);

43 NOW, THEREFORE, BE IT ORDAINED BY THE CITY OF PLANTATION,
44 THAT:

"Section 7. - Qualifications of <u>Mmayor</u> and <u>Mmembers</u> of the <u>Ceouncil</u>; filling vacancies in elected office; special elections; general elections.

- <u>A.</u> The <u>M</u>mayor and <u>M</u>members of the <u>C</u>eouncil shall be residents of the <u>C</u>eity for a minimum of one (1) year prior to the opening of the qualifying period for any general or special election, and have the qualifications of electors in the municipal elections of the <u>C</u>eity. When any <u>M</u>mayor or <u>M</u>member of the <u>C</u>eouncil shall cease to possess the qualifications required herein, he or she shall forthwith forfeit his or her office.
- 59 B. Whenever the Mmayor or any Mmember of the Ceouncil shall cease to be the Mmayor or a Mmember of the Ceouncil for any reason prior to the expiration 60 of his or her term of office, including (but not limited to) he or she no longer 61 being a resident of the City, his or her successor to fill out the unexpired term 62 shall be elected by and at a special municipal election to be called by the 63 Mmayor, the Ppresident of the Ceouncil (acting as Mmayor in the absence or 64 disability of the Mmayor), or the Ppresident Ppro Ttem (acting as Mmayor in 65 the absence or disability of the Mmayor and Ppresident of the Ceouncil), 66 within forty-five (45) days of the date of vacancy, unless: (i) said vacancy 67 occurs within less than six (6) months prior to the next general municipal 68 election for such vacant elected office, in which case a majority of the 69 Ceouncil may appoint a person to fill out the unexpired term, with the 70 Mmayor voting in case of a tie, in the event that it is not the Mmayor's office 71 that is vacated, or (ii) otherwise provided in Paragraph C (4) applies or 72 73 Subsection F below.
 - C. Special Elections <u>called</u> for Vacancies in office.
 - (1) The date the special election is held, and the qualifying period therefor, shall be determined by the elected officer calling such election (as identified in subsection 7B above) in consultation with the Supervisor of Elections. While the election's date may be after the forty-five (45) day deadline for the election's call, the special election shall be conducted as soon as conveniently possible.
 - (2) Paragraph C (1) above states that the qualifying period for special elections shall be determined by the elected officer calling the election in consultation with the Supervisor of Elections. This Paragraph C (2) shall apply only when the Supervisor of Elections can reasonably accommodate the deadlines specified in this Paragraph C (2).
 - The filing date for candidates in such special election shall open at 12:00 noon on any workday and close at noon on the second calendar day

following such opening day [except when the qualifying period is extended for a two (2) calendar day period a provided below]. Unless the Supervisor of Elections requires additional time, the qualifying period shall close no later than 12:00 noon on the thirty-first calendar day preceding the date set for said special election. Whenever at the end of the foregoing special election qualifying period for election to an elected municipal office only one (1) qualified candidate has filed for such elected office, such candidate shall be declared the winner of such election to such office. The prior sentence shall not apply to any elective office (either <u>M</u>mayor or a seat on the <u>Ceity Ceouncil</u>) in a special election qualifying period conducted pursuant to this Paragraph C (2) where:

112 113

- (i) the day before the qualifying period expires there are one or more qualified candidates; and,
- (ii) on the last day of the qualifying period all candidates who had previously qualified, or all but one (1) of the candidates who had previously qualified, withdraw from qualification; and,
- (iii) only one (1) person qualifies or remains qualified for election on the last day of the qualifying period.

114 Where the preceding sentence is applicable, the special election qualifying period for such affected elective office only (either Mmayor or the seat 115 number of the seat on the Ceity Ceouncil) shall be extended one time for 116 117 two (2) calendar days so as to expire at noon on the second day, and if at the end of such qualifying period extension there is only one (1) person 118 119 who has qualified for such elective office, such candidate shall be declared the winner of such election to such office. In the event a two (2) calendar 120 day extension of the special election qualifying period would cause same 121 to expire on a Saturday, the qualifying period extension shall not be 122 further extended to the next business day, and instead, the office of the 123 Ceity Celerk shall be open on such Saturday through the end of the 124 qualifying period. In the event a two (2) calendar day extension of the 125 special election qualifying period would cause same to expire on a 126 Sunday, the qualifying period extension shall not be further extended to 127 the next business day, and instead, the office of the Ceity Celerk shall be 128 open on such Sunday as well as the Saturday immediately preceding such 129 Sunday. In the event a two (2) calendar day extension of the special 130 election qualifying period would cause same to expire on a legal holiday, 131 the qualifying period extension shall not be further extended to the next 132 business day, and instead, the Ooffice of the Ceity Celerk shall be open on 133 134 such legal holiday through the end of the qualifying period.

135	
136	In computing any period of time prescribed by this Paragraph C (2), the
137	day of the act, event, or default from which the designated period of time
138	begins to run shall not be included. The last day of the period so computed
139	shall be included. The word "day" shall always mean a calendar day
140	unless specifically stated otherwise. The provisions of Charter Section 26
140	as they apply to computing time periods stated in days shall not apply.
	as they apply to computing time periods stated in days shall not apply.
142 143	(3) For special municipal elections where the provisions of Paragraph C (2)
145	do not apply, whenever at the end of such special municipal election
144	qualifying period for an elected municipal office only one (1) qualified
145	candidate has filed for such elected office, such candidate shall be
140	declared the winner of such election to such office.
148	
	(4) Is the second the second second second means then six (6) months prior to
149	(4) In the event the vacancy in office occurs more than six (6) months prior to
150 151	the next general municipal election for such vacant elected office, and no person remains qualified as a candidate for the vacant office at the
151	expiration of the qualifying period for the called special election, then a
152	majority of the Ceouncil may appoint a person to fill out the unexpired
154	term, with the M m ayor voting in case of a tie, in the event that it is not the
155	M_{m} ayor's office that is vacated.
156	
	(5) A sussial election conducted to fill a vacanaxy in elective office shall be
157 158	(5) A special election conducted to fill a vacancy in elective office shall be voted upon city-wide (because the elections for each of the City's elected
158	officers are at large), and the individual receiving the highest number of
160	votes in said special election shall obtain <u>such</u> office.
161	votes in suid special cleenon shan obtain <u>such</u> office.
162	D. General Elections.
162	D. General Elections.
164	(1) The qualifying period for the City's general municipal elections shall be
165	determined in accordance with state law by the Supervisor of Elections inasmuch as the City's general municipal elections coincide with the
166 167	Federal and State and County elections in November of 2016, and every
168	two years thereafter. For November general municipal elections, Chapter
169	75-350, Laws of Florida (as modified by Chapters 76-336, 77-507, 81-
170	349, 2004-443, 2005-318, and 2012-253, Laws of Florida), currently
171	requires that the qualifying period be the same as that for county offices as
172	provided in Section 99.061(2), Florida Statutes. In the absence of state
173	law in the future or a contrary Charter provision, the qualifying period for
174	the City's municipal general elections shall be the same as that for county
175	offices.
176	
177	(2) Whenever at the end of a general municipal election qualifying period for
178	an elected municipal office only one qualified candidate has filed for such

 elected office, such candidate shall be declared the winner of such election to such office.

- E. Candidate Vacancies in General and Special Elections.
- (1) Whenever two (2) or more qualified candidates qualify in either a general or special election for an elected municipal office and, following the close of the qualifying period, a vacancy or vacancies occur in such qualified candidates caused by death, withdrawal, or removal from the ballot of a qualified candidate, leaving fewer than two (2) candidates for such elective office, then except as provided in the next sentence Paragraph E
 (3) below (and in Charter Section 17 when applicable), the Mmayor, Ppresident of the Ceouncil (acting as Mmayor during the absence or disability of the Mmayor), or the Ppresident Ppro Ttem (acting as Mmayor in the absence or disability of the Mmayor and Ppresident of the Ceouncil) within seventy-two (72) hours of the date of such candidate vacancy shall call a special election; provided however, that the remaining qualified candidate for such elected office shall not have to pay a new qualifying fee and shall be deemed to be already qualified for candidacy for such elected office in the ensuing special election.
- 200 (2) The date of the special election provided for in this Paragraph E, and the qualifying periods therefor, and what happens if only one (1) person remains qualified as a candidate at the end of the qualifying period(s).
 203 shall be determined in accordance with Paragraphs C (1) and C (3) above [or if the Supervisor of Elections can reasonably accommodate the provisions of Paragraph C (2), then Paragraph C (2) above].
 - (3) In the event the candidate vacancy occurs in a special election <u>called as a result of a vacancy in office</u> and <u>such candidate vacancy occurs</u> within less than six (6) months prior to the next general municipal election for such office, the majority of the <u>C</u>eouncil may then appoint a person to fill out the vacant seat's unexpired term, with the <u>M</u>mayor voting in case of a tie, <u>in the event it is not the Mayor's office that is vacated</u>. The date of the special election provided for herein and the qualifying periods therefor shall be determined in accordance with Paragraphs C (1) and C (3) above [or if the Supervisor of Elections can reasonably accommodate the provisions of Paragraph C (2), then Paragraph C (2) above].
- 218(4) In the event the candidate vacancy occurs in a general election and a219special election cannot be conducted on or before the date of the general220election for other elective offices in the same general election cycle, then221the office affected shall be deemed vacant as of the date the other elected222officials elected in the same general election cycle assume their office, and223the procedures set forth in this Charter for special elections called to fill

224 the unexpired term of a vacant office shall apply. The appointment 225 privileges if no person remains qualified as a candidate at the expiration of 226 the qualifying period for such called special election shall be determined 227 consistent with Paragraph C (4) above. 228 F. Section 17 of this Charter contains additional requirements for becoming 229 candidates for elective office and controlling provisions for being adjudicated 230 candidates for elective office and controlling provisions for being adjudicated 231 not a resident of the City for a minimum of one (1) year prior to the opening 233 of the qualifying period. For purposes of qualification, being a resident of the 234 of the qualifying period. For purposes of qualification, being a resident of the 235 which is the place where such person has fixed his or her abode with the 236 intention of making such place his or her permanent home. A person may 237 have one or mor residence, but only one permanent home (which permanent 238 bome must be within Plantation). Charter Section of the Charter, the 239 contents period of time prescribed by this Section of the Charter, the 240 G . In computing any period of time prescribed by this		
 the qualifying period for such called special election shall be determined consistent with Paragraph C (f) above. F. Section 17 of this Charter contains additional requirements for becoming candidates for elective office and controlling provisions for being adjudicated not qualified by reason of hack of residency for the reason that a person was not a resident of the City for a minimum of one (1) year prior to the opening of the qualifying period. For purposes of qualification, being a resident of the City means having one's legal residence (i.e. domicile) within Plantation. which is the place where such person has fixed his or her abode with the intention of making such place his or her permanent home. A person may have one or more residence, but only one permanent home (which permanent home must be within Plantation). Charter Section 26 contains provisions concerning the computation of time for the one (1) year period. G. In computing any period of time prescribed by this Section of the Charter, the day of the act, event, or default from which the designated period of time begins to run shall not be included. The last day of the period so computed shall be included. The word "day" shall always mean a calendar day unless specifically stated otherwise." Section 2. Charter Section 16 is hereby amended to read as follows: "Section 16. Registration of voters, city-conducted special elections that do not involve a Plantation for the City's elections, he or she shall possess the qualifications of an elector and register in the registration books and records of the Supervisor of Elections. The City of Plantation, in municipal elections, shall use the same voting precind, or pregistering of electors to vote in state and county elections. The City of Plantation, in municipal special elections that do not involve an election of a Plantation elected official, and which are solely conducted by the City without the assistance of the Supervisor of Elections of	224	
 227 consistent with Paragraph C (4) above. 228 229 F. Section 17 of this Charter contains additional requirements for becoming candidates for elective office and controlling provisions for being adjudicated not qualified by reason of lack of residency for the reason that a person was anot a resident of the City for a minimum of one (1) year prior to the opening of the qualifying period. For purposes of qualification, being a resident of the City means having one's legal residence (i.e. domicile) within Plantation, which is the place where such person has fixed his or her abode with the intention of making such place his or her permanent home. A person may have one or more residence, but only one permanent home. A person may have one or more residence, but only one permanent home. A person may have one or more residence, but only one permanent home (1) year period. 240 G. In computing any period of time prescribed by this Section of the Charter, the day of the act, event, or default from which the designated period of time begins to run shall not be included. The last day of the period so computed shall be included. The word "day" shall always mean a calendar day unless specifically stated otherwise." 256 Section 2. Charter Section 16 is hereby amended to read as follows: 266 Section 16. Registration of voters, city-conducted special elections that do not involve a Plantation elective office. 271 A. To entitle a resident of Plantation to vote in the City's elections, he or she shall possess the qualifications of an elector and register in the registration books and records of the Supervisor of Elections. The City of Plantation, in municipal elections, shall use the same voting precincts, or parts thereof, lying within the corporate limits of the City of Plantation, as are now or may hereafter be designated for use in Broward County, Florida, in the manner and at such times and places as provided by law for registering of e	225	privileges if no person remains qualified as a candidate at the expiration of
 F. Section 17 of this Charter contains additional requirements for becoming candidates for elective office and controlling provisions for being adjudicated not qualified by reason of lack of residency for the reason that a person was not a resident of the City for a minimum of one (1) year prior to the opening of the qualifying period. For purposes of qualification, being a resident of the City means having one's legal residence (i.e. donicile) within Plantation, which is the place where such person has fixed his or her abode with the intention of making such place his or her permanent home. A person may have one or more residence, but only one permanent home. A person may have one or more residence, but only one permanent home (which permanent home must be within Plantation). Charter Section 26 contains provisions concerning the computation of time for the one (1) year period. G. In computing any period of time prescribed by this Section of the Charter, the day of the act, event, or default from which the designated period of time begins to run shall not be included. The last day of the period so computed shall be included. The word "day" shall always mean a calendar day unless specifically stated otherwise." Section 2. - <u>D.</u> The <u>Ceity Celerk of the City of Plantation shall be the official representative of the <u>Ceity and the Ceity Ceouncil in all transactions with the Supervisor of Elections of Broward County, Florida; in relation to matters pertaining to the use of the registration books and records herein mentioned for holding such municipal elections.</u></u>
- 279 280 E. For special elections that do not involve an election of a Plantation elected official (i.e. referenda), and which are solely conducted by the City without 281 the assistance of the Supervisor of Elections of Broward County, Florida, and 282 in the absence of an agreement by the Supervisor and Ccity Celerk with 283 respect to a different procedure, not later than 10:00 a.m. on the day 284 immediately preceding the date of such special municipal election, the 285 Supervisor of Elections of Broward County, Florida, shall deliver into the 286 custody of the Ceity Celerk of the City of Plantation the Broward County 287 registration books and records showing the registration of the duly qualified 288 electors entitled to vote in such municipal special elections of the City of 289 Plantation, and the Ccity Celerk shall henceforth be responsible for 290 safeguarding such books and records until the Ceity Celerk shall return them 291 to the Ssupervisor of Elections registration of Broward County, Florida, not 292 later than 5:00 p.m. on the day following the date of such municipal election. 293
- <u>F.</u> Nothing contained in this Charter shall be construed to confer any jurisdiction, power or authority in the Board of County Commissioners of Broward County over the holding and conducting of any municipal election of the City of Plantation, Florida. All present Charter provisions of the City of Plantation, Florida, pertaining to electors and elections not in conflict herewith shall remain in full force and effect.
 - <u>G.</u> The City of Plantation, Florida, is hereby authorized to use voting machines in the holding of all <u>C</u>eity elections, general or special, if it so desires."
- 304305 Section 3. Charter Section 17 is hereby amended to read as follows:

"Section 17. - Procedure for becoming candidates; payment of the municipal qualifying fee.

- (a) The name of any elector of the Ceity shall be submitted by the <u>C</u>eity Celerk to the Supervisor of Elections to be printed upon the ballot after:
- 312
 313 (1) the elector has provided proof of residency in the city for a minimum of
 314 one (1) year prior to the opening of the qualifying period in the form of an
 315 Affidavit made under oath; and,

DRAFT 03-01-2017

(2) has paid to the Ccity <u>Celerk a qualifying fee in the amount of two hundred fifty dollars (\$250.00) for a seat on the Ceity <u>Ceouncil and five hundred dollars (\$500.00) for the <u>O</u>office of <u>M</u>mayor, which shall be non-refundable at the end of the qualifying period; and,</u></u>

- (3) has paid the state election assessment and all other state fees and assessments as may be provided by law (which shall not be refundable by the City, but which may or may not be refundable by the State after the City remits such funds to the State); and,
 - (4) has filed with the <u>Ceity Celerk</u> his or her written acceptance of such candidacy, which acceptance shall state that, if elected, the elector will qualify and serve in such office during the term for which he or she is elected.
- (b) It shall be the duty of the Ceity Celerk forthwith, on the paying of said qualifying fee, state assessments and fees, submission of such residency affidavit, and filing of such acceptance, to make and deliver to such candidate a written certificate acknowledging the receipt of said qualifying fee, state fees and assessments, residency affidavit, and such acceptance, and stating the date of receipt of the foregoing. The payment of said qualifying fee, state election assessments and fees, and the filing of such residency affidavit and acceptance (together with any other oaths or forms then required of municipal candidates by state law) for general and special elections must be done during the applicable qualifying period. If a candidate pays a fee or assessment (or both) by check before the end of the qualifying period and the check is returned for any reason, then in the absence of an applicable controlling statutory provision, the City Clerk shall immediately notify the candidate and the candidate shall, the end of the qualifying period notwithstanding, have forty-eight (48) hours from the time notification is received to pay the required sum with a cashier's check purchased from funds of the campaign account. Failure to pay the required amounts as provided in this paragraph (b) shall disqualify the candidate.
 - (c) In the event a Court of competent jurisdiction should determine in a final adjudication that a candidate was not a resident of the City for a period of one year prior to the opening of the qualifying period, then:
 - (i) in the event the candidate was <u>elected</u> unopposed, the candidate's elective office shall be deemed vacated as of the date of the final adjudication; or
 - (ii) the <u>Ceity Celerk shall request the Supervisor of Elections to</u> remove the candidate's name from the ballot (if such final adjudication occurs after the qualifying period closes but before the election and there were more than three (3) candidates for the elective office before such final adjudication); or,

365		the <u>Ceity Celerk</u> shall request the Supervisor of Elections to
		cancel the election (if such final adjudication occurs after the
366		qualifying period closes but before the election and there were
367		only two (2) candidates for the elective office before such
368		final adjudication), and the remaining candidate shall be
369		deemed to be elected unopposed.
370		In the event the Court should Order relief different that one of

The Ceity Ceouncil shall be divided into five (5) groups to be voted upon 411 city-wide because each such group election is at large, as follows: Groups One (1) 412 and Two (2) shall be elected on the second Tuesday in March, 2015, and then 413 shall be elected on the first Tuesday after the first Monday in November, 2018, 414 and every four (4) years thereafter, and the individual receiving the highest 415 number of votes in each group shall obtain office. Groups Three (3) and Four (4) 416 and Five (5) shall be elected on the first Tuesday after the first Monday in 417 November, 2016, and every four (4) years thereafter, and the individual receiving 418 the highest number of votes in each group shall obtain office." 419

420

421 Section 5. Section 26 of the City Charter is amended to create a general Charter provision
 422 concerning how time is computed, and so as to read as follows:

423 "Section 26. Computation of Time. 424 The following rules of construction apply in computing time periods 425 A. specified in any provision of this Charter, the Code of Ordinances, an uncodified 426 ordinance, or a resolution, which does not specify a method of computing time: 427 428 429 Period Stated in Days or a Longer Unit. When the period is stated 1. in days or a longer unit of time: 430 431 exclude the day of the event that triggers the period; 432 a. 433 count every day, including intermediate Saturdays, 434 b. Sundays, and legal holidays; and 435 436 include the last day of the period, but if the last day is 437 c. a Saturday, Sunday, or legal holiday, or falls within any period of 438 time extended through an order of the Governor, County Mayor, or 439 Mayor under Chapter 252, Florida Statutes (or the Mayor or public 440 safety directors under Article XII, Chapter 2, Plantation City Code) 441 which pertain to Emergency Management, the period continues to 442 run until the end of the next day that is not a Saturday, Sunday, or 443 legal holiday, or which does not fall within any period of time 444 extended through an order of the Governor, County Mayor, or 445 Mayor under Chapter 252, Florida Statutes (or the Mayor or public 446 safety directors under Article XII, Chapter 2, Plantation City Code) 447 which pertains to Emergency Management. 448 449 Period Stated in Hours. When the period is stated in hours: 450 <u>2.</u> 451 begin counting immediately on the occurrence of the event 452 a. that triggers the period; 453 454

455	b. count every hour, including hours during
456	intermediate Saturdays, Sundays, and legal holidays; and
457	
458	c. if the period would end on a Saturday, Sunday, or
459	legal holiday, or falls within any period of time extended through
460	an order of the Governor, County Mayor, or Mayor under Chapter
461	252, Florida Statutes (or the Mayor or public safety directors under
462	Article XII, Chapter 2, Plantation City Code) which pertains to
463	Emergency Management, the period continues to run until the
464	same time on the next day that is not a Saturday, Sunday, or legal
465	holiday, or which does not fall within any period of time extended
466	through an order of the Governor, County Mayor, or Mayor under
467	Chapter 252, Florida Statutes (or the Mayor or public safety
468	directors under Article XII, Chapter 2, Plantation City Code)
469	which pertains to Emergency Management.
470	
471	<u>3.</u> <u>Period stated in days less than seven days.</u> When the period stated
472	in days is less than 7 days, intermediate Saturdays, Sundays, and legal
473	holidays shall be excluded in the computation.
474	
475	4. "End of Last Day" Defined. Unless a different time is stated in a
476	provision of this Charter, the Code, an ordinance, or a resolution, the last
477	day ends:
478	
479	a. where an electronic act, response, filing, or submission is
480	solely required, at midnight; and
481	
482	b. where an electronic act, response, filing, or submission is
483	not solely required, when the City Clerk's Office is scheduled to
484	close.
485	
486	5. <u><i>"Day" defined.</i></u> A day shall mean a calendar day.
487	<u></u>
488	6. "Next Day" Defined. The next day is determined by continuing to
489	count forward when the period is measured after an event and backward
490	when measured before an event.
491	when medsafed before an event.
492	7. <u>"Legal Holiday" Defined</u> . Legal holiday means:
	<u>1. Legui monuuy Defineu. Legui nonday means.</u>
493	a. the day set aside by Section 110.117, Florida Statutes,
494	a. the day set aside by Section 110.117, Florida Statutes, for observing New Year's Day, Martin Luther King, Jr.'s Birthday,
495	
496	Memorial Day, Independence Day, Labor Day, Veterans' Day,
497	Thanksgiving Day, the Friday after Thanksgiving Day, or
498	<u>Christmas Day, and</u>
499	

500		b. any day observed as a holiday by City Hall being closed
501 502		as designated by the City's governing body.
502		8. Additional Time after Service by Mail or E-mail. When a person or
504		other respondent may or must act within a specified time after "service"
505		and service is made by mail or email, 5 days are added after the period that
506		would otherwise expire under Paragraph A1 or A2."

I. <u>PROJECT SUMMARY</u>

- A. <u>Project Name:</u> Pool Parcel Site Data Record / PP16-0029
- B. <u>Request:</u> Site Data Record approval
- C. <u>Recommendation:</u> **APPROVAL** subject to conditions noted in Section V. B. of this staff report

II. APPLICATION SUMMARY

A.	Owner:	Nathaniel and Nancy Pool
B.	Agent:	Mikki Ulrich

- C. Location: 11311 N.W. 4th Street (See Exhibit B)
- D. <u>Size:</u> 2.34 acres (gross)
- E. <u>Folio:</u> 504001440010
- F. <u>Legal Description</u>: See Exhibit C

G. Future Land Use Plan Designation, Current Zoning and Use of Subject Property:

Existing	<u>Use & Zoning</u>	Future Land Use Map
Subject	Property: Vacant land zoned RS-1EP (Estate District)	Estate (1 du/ac)
North:	Single Family Residential zoned RS-1EP (Estate District)	Estate (1 du/ac)
South:	NW 4 th Street, Single Family Residential zoned RS-1EP (Estate District)	Estate (1 du/ac)
East:	North Old Hiatus Road	Right-of-way
West:	Single Family Residential zoned RS-1EP (Estate District)	Estate (1 du/ac)

III. <u>BACKGROUND</u>

A. Subject Property

The subject property is zoned RS-1EP and consists of 2.19 net acres. The site was previously platted as Parcel B of the Carosella Plat (Plat book 93, page 43). The site is bound by single family residential uses to the north and west, NW 4th Street to the south, and Old Hiatus Road to the east. Refer to Exhibits A and B for the location and zoning maps.

B. Synopsis

The applicant requests site data record approval to subdivide Parcel B of the Carosella Plat into two single family home lots with Site 1 having a lot size of approximately 46,976 square feet and Site 2 having a lot size of approximately 47,372 square feet. The proposed lot sizes meet the minimum lot size requirements of the RS-1EP zoning district and are consistent with the Estate (1 du/ac) Residential land use designation on the adopted Future Land Use Map.

C. Applicable Criteria

The applicant has met the requirements of Article II Section 20-16 to Section 20-20, Site Data Records, of the City Code.

IV. PROJECT ANALYSIS, CRITERIA AND FINDINGS

A. <u>Comprehensive Plan Considerations</u>

The proposed residential use is consistent with the Estate (1 du/ac) land use designation.

B. Zoning Considerations

The applicant is fulfilling the site data record approval requirement to submit a record prepared by a licensed Florida land surveyor, approved by the City Review Committee and the legal department.

C. Citizen Comments

The Planning, Zoning, & Economic Development Department has not received any written citizen comments nor phone calls about this application.

D. Concerns, Issues and other Pertinent Information

Code Violations: There are no violations issued for the subject site at this time.

V. <u>RECOMMENDATIONS:</u>

A. Boards and Committee Recommendations:

August 23, 2016 Development Review Committee - NO OBJECTION

B. <u>Staff Recommendation</u>:

APPROVAL of the request for site data record approval.

PLANNING AND ZONING:

Planning:

1. Payment of a local Impact Fee in the amount of **\$2,667.21** (adjusted annually) is required for **each** lot prior to permitting (Sec. 19-85).

Zoning: No objection.

Landscape: Staff has no objection to the Site Data Record.

ENGINEERING DEPARTMENT: No objection.

1. Please refer to Engineering Department approval letter dated April 13, 2017. **TRAFFIC CONSULTANT:** No objection.

BUILDING DEPARTMENT: No objection.

FIRE DEPARTMENT: No objection as to this site data record request.

POLICE DEPARTMENT: No objection.

UTILITIES: No objection.

1. No structures are allowed in utility easements

O.P.W.C.D: No comment.

WASTE MANAGEMENT: No comment.

VI. <u>CONCLUSION</u>:

The applicant is requesting site data record approval to subdivide Parcel B into two single family lots which meet the minimum lot size requirements of the RS-1EP zoning district and are consistent with the land use designation on the adopted Future Land Use Map.

Staff has reviewed the proposed request and recommends APPROVAL.

VII. <u>EXHIBITS:</u>

I. <u>PROJECT SUMMARY</u>

- A. <u>Project Name:</u> Sign Special Exception First Watch Restaurant / PP17-0012
- B. <u>Sign Special Exception request</u>:
 - 1. From: Section 22-20(b) requires wall signs to have uniform sign attributes and limits the number of sign colors for centers having between ten and twenty tenants to three colors. Sign attributes include sign style, materials, returns, construction, trim caps, textures, colors, text format, font style, character size/sign area ratios, lighting methods, and fastening method;
 - To: Allow one additional color, white;
 - To: Allow First Watch branding font;
 - To: Allow a backer panel behind the channel letters.
 - 2. From: Section 22-20(f), which limits subordinate messages (describing a service or product) to 15% of the allowable wall sign area, 9 square feet;
 - To: Allow the subordinate message "Breakfast Lunch Brunch" to be 10 square feet in area.
- C. <u>Recommendation:</u> **PARTIAL APPROVAL** of Request #1 and **APPROVAL** of Request #2 subject to conditions noted in Section VI of this staff report.

II. <u>APPLICATION SUMMARY</u>

- A. <u>Owner:</u> Kimco Realty Corporation
 - B. <u>Agent:</u> Eddie Jarrard

- C. Location: 7620 Peters Road (See Exhibit B)
- D. <u>Size:</u> 4.59-acres
- E. <u>Folio Number:</u> 504116140010
- F. <u>Legal Description:</u> See Exhibit C
- G. Future Land Use Plan Designation, Current Zoning and Use of Subject Property:

Existing Use & Zoning		Future Land Use Map
Subject	Property: Commercial uses zoned SPI-3 (Plantation Midtown)	Commercial
North:	Peters Road	n/a
South:	Commercial uses zoned SP1-3 - (Plantation Midtown)	Commercial
East:	Commercial uses zoned SP1-3 - (Plantation Midtown)	Commercial
West:	SW 78 th Avenue, Office Park zoned OP-P (Office Park Plantation)	Office Park (Limited Commercial)

III. <u>BACKGROUND</u>

A. Subject Property

The subject property is zoned SPI-3 (Plantation Midtown), 4.59 acres in area, and developed with a 60,414 square foot shopping center. The shopping center includes two buildings; a three tenant outparcel building at the northeast corner of the property, and a larger multi-tenant building with a supermarket anchor (Lucky's Market) on the west side of the property.

B. Synopsis

First Watch Restaurant intends to occupy a 3,500 square foot tenant space on the north endcap of the outparcel building and currently has interior alteration permits in review.

Based on the size of the storefront, city code allows one 60 square foot wall sign on the front (north) building elevation and one 30 square foot wall sign on side (west) building elevation. The applicant is requesting approval to allow a 42.5 square foot sign on the north elevation and a 32.5 square foot sign on the west elevation.

The applicant is also requesting a sign special exception to deviate from the shopping center's uniform sign agreement to allow:

- a 32.5 square foot brown "wood grain" backer panel (behind the channel letters);
- white face channel letters in lieu of red, blue, or green; and
- a branding font in lieu of standard block lettering.

C. Applicable Criteria

Pursuant to Section 22-10(c) of the Code, if an application for a permanent sign permit is denied as a result of not being in compliance with the requirements of Chapter 22, the applicant may file a request for a sign special exception with the city governing body within thirty (30) business days of written notice of the permit denial. Section 22-11(b) provides criteria to be evaluated in the review of a special exception request. See section IV. B.

IV. PROJECT ANALYSIS, CRITERIA AND FINDINGS

A. Comprehensive Plan Considerations

Not applicable.

B. Zoning Considerations

Where applicable, the review of a Sign Special Exception request should include consideration of the criteria noted in Section 27-11(b) of the Land Development Code.

Sign Special Exception Criteria:

1. <u>That special conditions and circumstances exist such as, but not limited to, building orientation, vehicular circulation or vision obstructions (not to include landscaping)</u> that are peculiar to the land, structure, or building that create a site specific justification for the exception;

<u>Applicant response</u>: There are no exceptions being applied for related to the above statement, only exceptions to the Uniform Sign Agreement related to letter style, face color and the use of a wood backer that meets branding standards that promote national recognition.

<u>Staff response</u>: There are no special conditions or circumstances that create a site specific justification for the exception. The request is specific to allow brand identity.

2. <u>That a literal interpretation of the provisions of this Chapter would deprive the</u> <u>applicant of rights commonly enjoyed by other property of lands, structures or</u> <u>buildings of similar character with identical special circumstances (nonconforming</u> signs shall not be grounds for issuing sign special exceptions), or alternatively, that a special exception from the provisions of this Chapter is warranted and justified to protect, preserve, or enhance the City's tax base or to prevent or eradicate conditions of economic blight;

<u>Applicant response</u>: The exceptions being applied for will promote the Applicant's restaurant consistently as a national brand which will in turn support the national marketing efforts of First Watch and ultimately attract more business to the location to support the City's tax base.

<u>Staff response</u>: Application of the code does not deprive the applicant of rights commonly enjoyed by other property, land, structures or buildings of similar character as many national brands must work within the parameters of uniform sign agreements especially within multi-tenant buildings. The backer panel is a significant deviation from the uniform sign agreement as compared to the color and font change. Staff has included pictures under Section V below of First Watch locations in nearby communities that have channel letters without a backer panel.

3. <u>That the special conditions and circumstances do not result from the action of the applicant;</u>

<u>Applicant response</u>: The First Watch sign will not deface the building or bring down the value to the City's tax base. The exceptions are for the color, letter style and use of a backer panel.

<u>Staff response</u>: There are no special conditions and circumstances that do not result from the action of the applicant.

4. <u>That the sign special exception to be granted is the minimum measure needed to</u> address the special conditions and circumstances that justify the special exception;

<u>Applicant response</u>: Requested exceptions are the minimum measures to maintain the brand appearance the marketing efforts support. The signs meet code in square footage. The Uniform Sign Agreement will not allow the national branding to occur.

<u>Staff response</u>: The applicant can maintain branding appearance utilizing the logo and branding font without the application of the backer panel. The backer panel measures 156-inches by 30-inches (32.5 square feet) and visually makes the signage appear larger and unique when compared to other signs in the plaza.

5. That the sign special exception will be in harmony with the general purpose and intent of this Chapter and will not be injurious to the neighborhood, or surrounding property, and will not otherwise detrimental to safe and convenient use of nearby rights-of-way;

<u>Applicant response</u>: These are wall mounted signs and will not affect neighborhood, or surrounding property detrimentally.

<u>Staff response</u>: The signs as proposed will not be injurious to the neighborhood or surrounding property, and will not otherwise be detrimental to safe and convenient use of nearby rights-of-way.

6. <u>That all other signage on the property is in substantial compliance with this Chapter,</u> <u>as applied</u>.

<u>Applicant response</u>: This particular building has two other tenants and they comply, First Watch is seeking exception to the Uniform Sign Agreement to set itself apart from other business in the center.

<u>Staff response</u>: The signage on this property is in general compliance with the City Code and the shopping center's uniform sign agreement. Lucky's Market is in process of coming into compliance after installing signs (including a white and red backer panel) without the benefit of permits. Lucky's Market is removing the backer panels and other signage not approved by City Council.

C. <u>Citizen Comments</u>

The Planning, Zoning & Economic Development Department has not received any written citizen comments nor phone calls about this application.

D. Concerns, Issues and other Pertinent Information

Code Violations: Lucky's has been notified regarding the sign violations and is responding appropriately.

V. <u>STAFF COMMENTS:</u>

PLANNING AND ZONING:

- 1. The Jbox and the conduit to the Jbox shall either be relocated to the backside of the parapet or be painted to match the building color.
- 2. The applicant is requesting a special exception to increase the size of the subordinate message from 9 square feet in area to 10 square feet in area. The subordinate message of "Breakfast Lunch Brunch" can easily be reduced to 9 square feet in area by reducing the height of the proposed letters from 10" to 9".
- 3. The applicant is requesting a special exception to deviate from the uniform sign attributes for center. Sign attributes include sign style, materials, returns, construction, trim caps, textures, colors, text format, font style, character size/sign area ratios, lighting methods, and fastening method. Staff has no objection to the request for one additional color and use of a branding font; however, staff does not support the applicant's request for the proposed backer panel. The following First Watch locations, in nearby communities, do not have the backer panel.

Deerfield Beach

Pembroke Pines (no branding font)

Sunrise

Boca Raton

4. The corporate signage package provided by the applicant indicates a matte black steel panel is acceptable branding. The existing building has two wall colors (gold and light gold), two brick colors (red and beige mottled), two types of awnings (black and cream stripes and dark beige and cream stripes), and black/dark bronze fixtures. Should the City Council elect to approve use of a backer panel, staff recommends the panel be a matte black steel material (also an approved corporate branding material) in lieu of the proposed brown faux wood.

First Watch storefront (West elevation)

Partial Building elevation (West)

Proposed faux wood backer panel

If approved, recommended matte black steel panel

VI. <u>RECOMMENDATION:</u>

Request #1: To deviate from the uniform sign attributes.

• **PARTIAL APPROVAL** to include color and font but not to include a backer panel; OR

• APPROVAL to include color and font and a matte black steel backer panel.

Request #2: To increase the size of the subordinate message.

• APPROVAL
